John Walkenbach comments on the new Excel: "I've been using Excel for over 15 years, and Excel 2007 is by far the most significant upgrade ever. For starters, we've got a new user interface, new open file formats, a larger worksheet grid, better use of memory and CPUs, new functions, and more templates. Dig a bit deeper and you'll find worksheet tables, 100 levels of undo, easier formula construction, better-looking charts, unlimited color choices, SmartArt, a handy page layout view, new conditional formatting options, new collaboration features, a very useful compatibility checker, workbook themes—and even 'skins' so you can change the look of the entire program." John Walkenbach's Favorite Excel 2007 Tips & Tricks consists of a series of non-trivial tips and tricks that cover all aspects of Excel. Tips are improved ways of maximizing the power of Excel to

Secrets of Texting 150 + Useful Texting Tricks & Tips That Can Help You To Get A Man You Are Dreaming Of Are you new to the scene of texting a potential love interest? Would you like to know a little more about sexting etiquette, and how not to scare him away? Then you'll want to read this book about how to get and keep a guy through texting! It used to be boy met girl and they talked and went on a few dates before they were exclusive. The phone was their main form of communication. Then the internet was invented and e-mails were a new way of communicating when we weren't around one another. Quickly after e-mail, chatting online was invented using chat rooms and instant messaging. And then texting came along. Texting is unique in that we expect someone to always have their phone and always be ready for an answer. It wasn't like you were always available to answer an e-mail or an instant message if you were away from the computer. Now, it's so easy to get awkward in a conversation because you don't know how to end it or you don't know when the line of going too far has been approached. This book is going to teach you the texting and sexting etiquette that should be

Coronary angioplasty is a procedure used to widen blocked or narrowed coronary arteries, the main blood vessels supplying the heart. The term 'angioplasty' means using a balloon to stretch open a narrowed or blocked artery. However, most modern angioplasty procedures also involve inserting a short wire-mesh tube, called a stent, into the artery during the procedure. The stent is left in place permanently to allow blood to flow more freely (NHS Choices).

This book is a complete guide to the practice of coronary angioplasty for practising cardiologists and trainees. Beginning with an introduction to the evolution of the technique and the fundamentals of stent design, each of the following chapters provides in depth detail on angioplasty procedures for

Writers, I am going to solve a problem for you. You may not even realise it is a problem. I didn't see it for a long time. But the more I wrote, the bigger the problem became. It was wasting my writing time and frustrating. It took away my motivation to write. And it's probably doing the same to you. Two problems actually

1. Writing takes up too much time, especially formatting and finding content.
2. Finding your essential information and tools, when you need them.

How Writers Write If I write, I start, and soon get into the 'flow'. Then I need a bit of information or a tool. Next thing you know, I lose an hour, trying to find it. By which time my motivation for writing had gone and I'm clicking on news stories and viral videos. I got a grip, though. I started with a spreadsheet of all the apps I used. As the list grew I understood why I couldn't find things. I had loads of places to look, email accounts, storage, my PC, etc. In fact, it was a wonder I ever wrote at all. Some Facts Did you know that Android users can choose between 1.6 million apps? Or Apple's App Store has 1.5 million apps? Or that in June 2015, Apple

announced there have been over 100 billion apps downloaded from its store? Why This Book is For Writers and Bloggers? This book is the result of hours of trying out different apps and tools. It holds all the best free writing apps and hacks that I use as a writer, and I've researched over the last five years. It's a web writer's almanac. A productivity toolbox. This book will save you time, money, and keep you in the writing flow. This book has over one hundred and fifty free apps, all for authors. Some are tools; some are videos, a few lists and other information that has helped me. All are relevant to writing your E-book or blog. And just so you know - I have no affiliation with any of the recommendations. Try Some Apps Out and See the Difference it Makes Just trying a few could make you insanely productive, or add glitter to a bland piece of writing. Besides, you might find it fun, which means you will be motivated to write more too. Some of the apps you may use already, but most will be new to you. Some of the apps are quirky, like the Grimace project. What's that about? But all have the potential to help you write better, quicker and easier. You'll also save time and make money too. Use the free resources to cut down on the amount of work you have to do yourself. If you haven't already, try Grammarly and Hemingway to get you started. These help with self-editing and identifying passive voice in your writing. This small book could save you
