Josh gets wounded after two years and is discharged. Now, he, Connie, and Jess, have to figure out their long term plans. Josh is a few years older than the girls, but they are both Seniors in high school, so these decisions take place very close together. Despite the stodgy stereotypes, libraries and librarians themselves can be quite funny. The spectrum of library humor from sources inside and outside the profession ranges from the subtle wit of the New Yorker to the satire of Mad. This examination of American library humor over the past 200 years covers a wide range of topics and spans the continuum between light and dark, from parodies to portrayals of libraries and their staffs as objects of fear. It illuminates different types of librarians--the collector, the organization person, the keeper, the change agent--and explores stereotypes like the shushing little old lady with a bun, the male scholar-librarian, the library superhero, and the anti-stereotype of the sexy librarian. Profiles of the most prominent library humorists round out this lively study.

The move from the City to the Suburbs was a huge change, even though I was young when it happened. People in the suburbs were a lot different than the city and we as kids thought it was paradise. Boy were we wrong. Most people in this town are fake, corrupted, selfish, and overall ASSHOLES, in my opinion. A lot of politics I wont get into but you might see some of it. From the time I turned seventeen, to about twenty two, Ive gone threw some pretty interesting experiences. My life entailed robbing, stealing, fighting, drugs & drug dealing, alcohol, women, kidnapping, sports, and of course fighting. Ive had my ups and downs, arrested eleven times but never locked up, so I guess Im pretty lucky, or have a very good lawyer; just had a few over nighters in a holding cell. My family is very close and we chill together all the time. Id do anything for them, some not for me, but thats just the way they are. I guess they call me the crazy one, but honestly, every family needs someone like me. From my tales to tell, overall I wouldnt take any of it back. I love my life and how I lived it. I feel my past was lived to the fullest and my crew thugged it out for years. I know that most of the trouble I got into was because of the choices I made, and even then I knew that it was the wrong path to take, but I just didnt care. While these adventures where happening, I knew my life

would be change for the better once I finished school and landed a good set job. Though it seemed like it took forever, I finally did finish school and became full time at the position Id been working at for a few years. That is when my life started. I enjoyed being young and dumb, as they say, but now its time to grow up and become a man. Ive gone through plenty of friends over the years, some lost due to changes schools or choosing different cliques in school, others lost on bad terms; sometimes I knew why and others I didnt understand. I lost a couple very close best friends and also gained new ones. Life is a struggle, I struggled through it but was able to surpass. I got through the tough times, enjoyed the memorable times, and here are my stories to tell. This book will deliver my resume of an uncontrolled substance that almost ruined my life. The rage and power I absorbed through fisting a persons face brought happiness to me. Every true street fighter will tell you theyve gotten their ass kicked at least once in their life, and probably didnt like it. I on the other hand loved it. The more I got hit the more aggressive I became, trying to destroy anything in my path. It became so much of an addiction that I looked for it all the time and even threw down with my own brother. I loved to fight and was pretty good at it but it almost got me killed a few times. My stories here are all true, but some names may have been altered for confidentiality purposes. In no way am I trying to disrespect anyone, past or present, because its a story about my life but a lot of others are involved as well. Overall, I have been in over fifty legit street fights, mostly in a five year range and these are the main tales. Other than fighting and the mischief Im actually a really nice person and a great athlete. My whole life has been based around sports and my entire family is athletes, including the girls. Though I pursued a sports career I still found myself living the Hip Hop lifestyle, which made me the person I am today. I speak mostly of the bad experiences rather than the good because everyone has their good moments and the awful times are the juiciest. I give a lot of credit to my parents for putting up with me all these years and I know what theyve done for me and I really do appreciate it. They are the best parents any kid can ever ask for, and to put them through what I did was a horrible thing to do, so Im truly sorry. Like the saying goes, what doesnt kill you only makes you stronger, I guess Im

In Rivera Beach, Florida, drugs, thugs and their violence run the city. Tyrena falls for one of the largest kingpins in the "Gunshine State." When the relationship sours, Ty breaks away from Tilik's clutches and into the arms of another man.

A hardened ex-cop, Tony Valentine now nabs hustlers who rob casinos, and the Micanopy Indian Reservation Casino in South Florida desperately needs his expertise. A blackjack dealer has rigged a game, dealt a player eighty-four winning hands in a row, and then disappeared. But the missing dealer is part of an even bigger, far deadlier scheme. Valentine's trail leads him to Rico Blanco, a ruthless gangster who once worked for John Gotti; his shady, elusive partner-in-crime, Victor Marks; and a bombshell named Candy Hart, a hooker with dreams of love—a combination tailor-made to double-cross. It appears they have a con going down involving a cocky, filthy-rich Brit and his millions of dollars.

Valentine's challenge: to figure out how all the pieces of the seamy puzzle fit together . . . before his luck runs out and his life goes bust.

Tony Valentine made his living and his name as a cop in Atlantic City—and is now known worldwide for his ability to spot the kinds of scams, grifts, and rip-offs that cost casinos billions every year. A man with a biting wit who drives a '92 Honda, Tony is low-profile, old-school, and has seen it all—until he meets the luckiest man on earth. Ricky Smith was once a small-town loser. Then he went to Las Vegas, jumped out the window of a burning hotel, lived to tell the tale, and tore up the Strip on an incredible winning streak. Ricky didn't just win at one slot machine or table game. He won at blackjack, roulette, and craps, and then beat the pants off the world's greatest poker player. Tony knows that goofy, loudmouthed Ricky Smith—or anyone else, for that matter—couldn't possibly be that fortunate. But when “Mr. Lucky” returns home to the little town of Slippery Rock, North Carolina, he keeps on winning everything from a horse race to a \$50,000 lottery. Hired by a desperate casino, Tony starts to pry into Ricky's past, his friends, and the strange little town that is benefiting from Ricky's fame and fortune.

Unfortunately for Tony, his cover is blown when he is forced to reveal a trick he has up his own sleeve: a pocket Glock he can shoot with laser-like precision. Suddenly, two men are dead, the cops are on Tony's tail, and the investigation explodes in violence—putting the lives of Tony's son and his young family in danger. For years, Tony's son Gerry has dueled with his own criminal impulses. Now, the Ricky Smith case has lured Gerry through the gates of temptation and into a murderous confrontation with the Dixie Mafia. With Tony stuck on the slippery slope of Slippery Rock and Gerry fighting for his life, the Valentines are finding out just how bad good luck can get. Against a neon-tinted backdrop of adrenaline rushes, hard crashes, big money, and high-wire tension, the inimitable James Swain has set his best Tony Valentine novel yet: a funny, furious ride with an astounding array of crooks, marks, and one killer scam.

Winner of the New Jersey Notable Book Award! It's a beautiful day on the New Jersey shore. The residents of Long Beach Island—a narrow strip of land connected to the mainland by a single bridge—are going about their daily routines, enjoying the lovely weather. They have no idea that far out to sea, a plane carrying a nuclear device has crashed. The resultant explosion triggers a

massive underwater landslide . . . and a massive tsunami forms, heading straight for Long Beach Island. By the time anyone realizes the water is coming, it's almost too late. The National Guard is deployed—on the mainland, since the fast-approaching thirty-foot-high wall of water will flatten everything on the island. Terrified residents stream toward the slender lifeline of the bridge, causing the island's first—and last—major traffic jam. In the frantic struggle to reach safety, strangers offer help to people they've never seen before and neighbors turn against neighbors. Some cannot decide which precious possessions must be saved, and so take nothing—or refuse to leave. Others attempt to profit from the panic, looting abandoned homes and businesses. Time is running out. The first wave will hit in less than three hours. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Bad Medicine is another collection of short stories by writer Keith G. Laufenberg that brings the reality of life in America—that of a nation where virtually everything, including health care, is available for profit only and must be bought & paid for—before delivery. Every working and non-working American—disabled, either by sickness or poverty—has lived through this and, to this very day, in 2014, continue to live through it. These stories graphically illustrate why it is the Capitalist System itself that harbors institutions that lie, rob, cheat and steal and all in the name of the very God that they all worship—profit! It shows why they—the doctors, lawyers, politicians and insurance companies—have a strangle hold on America which can only end in the country experiencing a depression a bankruptcy—or both—or a revolution. These stories will keep you reading long into the day or night as you root for the underdog, even though you know he may not "win," this time around.

For ex-cop Tony Valentine, life in balmy Florida provides little R&R. In fact, he's in demand now more than ever. Armed with a special grift sense, Valentine can spot card cheats and even bigger game whose sole purpose on earth is to relieve a casino of its cash. But when his son, who was going to card-counting school, goes missing, Valentine jets to Las Vegas. Once in town, he is pressed into service—and lands inside a treacherous game with higher stakes than he has ever encountered before. There's a new casino in town, aptly named Sin, the largest on The Strip: three thousand guest rooms and a gambling floor as big as an airport terminal. The owners of Sin want Valentine to show them how the scams are done. But these powerful men harbor ulterior motives: They want to use their newfound skills to put a rival casino out of business. Sin's competition is the Acropolis, run by Valentine's longtime pal. Nick taps Tony to figure out how an amateur won \$50,000 at his blackjack tables. But the small job is full of landmines. For starters, the suspect bears a strong resemblance to his late wife. What's more, Valentine's son is still M.I.A. Upping the ante, a dead stripper is found with Valentine's calling card—and her grief-stricken boyfriend is vowing revenge. Yet in a city where barracudas wear pinstripes, time seems motionless even while it flies, and reality and illusion shift depending on the neon light, a

greater threat maneuvers through the streets: an all-new breed of criminal with an agenda propelled by fury that will shake not just Valentine, but the city of Las Vegas.

Prose and poetry centering around the loss and remembrance of adolescence.

Aphorisms and prose poetry owe an obvious debt to Kafka and Lydia Davis. Features a couple of darker tales that play more like the fever-dreams of an aberrant soul than merely a writer's attempt to inhabit a fictive voice. Quite a startling read.

This book revisits the long contested negotiation between the Thatcher administration and Nissan for the latter's first green-field plant in Europe. From the very beginning, the plant took Britain's EC/EU membership and tariff-free access to the single market as a token. A considerable amount of aid including component supplies was provided to attract Japanese investment and to prevent its transfer to the continent. The successful launch of Sunderland highlighted improved Anglo-Japanese relations and put an end to the Japan-EC/EU trade conflict. But the price was paid by Nissan's slump and fall, and by trade unions in both countries failing to keep counterchecks on management. Brexit and the fall of Carlos Ghosn were a double blow to Anglo-Japanese relations which are in a state of drift and need redefinition.
