

## A Summer Storm

During the fifteen years Glenda Baker was the publisher and editor-in-chief of NEWN, she read and critiqued hundreds of short stories. She also wrote many of her own. This volume contains twenty-two of Glenda's stories from short (21,000 words) to short-short (about 1,000 words) to flash fiction (52 words total) in which Glenda addresses subjects such as: After doing a favor for his boss, how does a man end up in a maze he can't find his way out of? What would happen if a contemporary kid created a golem? What secrets do three generations of women learn about each other while on a weekend trip to Cape Cod? How far will a passive-aggressive woman go if pushed to the limit?

Nestled deep in the breathtaking mountains of Virginia, Camp Golden Meadows is the ideal place for summer romance. At least that's what 17-year-old Bailey Baxter thinks when she makes the trip with her childhood friend, Max Martin. A summer away is the perfect escape from her father's budding romance, and it just might be her chance to kindle a romantic fire of her own with Max. Bailey packs all of her hopes and wishes for summer love in her suitcase next to a photo from her past. But when an unexpected turn of events bring old feelings to life, jealousy and betrayal unpack their bags. At odds with one of her roommates and haunted by feelings she can't ignore, the summer isn't turning out the way Bailey had planned. In the mountains, where storms are intense and often unpredictable, Bailey learns that love often behaves the same way—with great power and the potential to cause damage. Will Bailey find happiness in the midst of this perfect storm, or will it drown out the fire between her and Max? My Summer Storm is the sequel to Leaving Nelson.

In today's world of complex business and personal relationships, there are individuals who find themselves in situations where everything seems to be working against them. In the course of his career, the author has provided the help, strength and capacity to work within a system when the system is not working for the victim. Examples of problems that plague the victims of personal abuse are threats, extortion, stalking and harassment. The author has worked directly with the authorities, with victim's attorneys, psychologists and, in some cases has dealt directly with the source of the problem, the stalker. The author has taken the approach of counseling in writing this book, as though the victim is sitting in his office discussing their problem.
