'Hotel Evergreen Falls' is een heerlijke roman voor fans van Kate Morton en Santa Montefiore. In 1926 is Violet een kamermeisje in Hotel Evergreen Falls. Dan wordt ze verliefd op Sam, een van de gasten, en hij op haar. Violet zet alles op het spel om bij Sam te zijn. Daar betaalt ze een hoge prijs voor... 2014. Lauren is naar de andere kant van Australië verhuisd om te ontsnappen aan haar bazige moeder. Ze huurt een appartementje vlak bij een vervallen hotel in het dorp. Lauren kan het niet nalaten om op onderzoek uit te gaan. Wat ze ontdekt verandert meerdere levens, waaronder dat van haarzelf. 'Hotel Evergreen Falls' is de derde roman van Kimberley Freeman, na 'Wilde bloemen' en 'Walviseiland'.

Interactive resources, including online testing and assessment materials, learning management system, and eLearning student resources, allow you the flexibility to build the course that works best for you and your students. The Tenth Edition is the only way to prepare EMT students for the challenges they will face in the field.

Public safety professionals and emergency responders today face greater threats than ever before in our history. The traditional role of law enforcement has vastly expanded to require extraordinarily broad-based emergency response capabilities. *Law Enforcement Responder: Principles of Emergency Medicine, Rescue, and Force Protection* prepares homeland security leaders, law enforcement officers, security professionals, and public safety officials for the wide range of emergency responses they must perform on a daily basis. The textbook addresses all of the competency statements in the National EMS Education Standards at the Emergency Medical Responder level, as well as additional lifesaving content specific to law enforcement that far exceeds the core curriculum. Important Notice: The digital edition of this book is missing some of the images or content found in the physical edition.

Contains the latest CPR guidelines! This program provides individuals who have a job-related duty to respond to emergencies with the knowledge and skills to recognize and provide care in respiratory and cardiac emergencies. These skills include performing two-rescuer CPR and techniques for special rescue situations, using resuscitation masks and bag-valve masks for ventilating victims, and minimizing the risk of disease transmission in emergency situations. This program also covers special situations professional rescuers are likely to encounter and the use of specialized equipment, most notably automated external defibrillators (AEDs).
