

Accounting By Meigs And Meigs 9th Edition Book

Now available in a single-volume, the ninth edition of this market-leading text continues an evolution toward a "user" orientation. Following market demand, a corporate approach, more conceptual framework and many new pedagogical elements have been implemented to better develop the student's abilities to understand and use accounting information in the role of decision maker. All aspects of this textbook and its supporting ancillaries have been carefully evaluated and revised to create a more user-friendly, dynamic text, while retaining the foundation that has made it so successful throughout the years.

Financial Accounting McGraw-Hill Companies

Includes index & glossary.

Lists and describes the various types of general business reference sources and sources having to do with specific management functions and fields

This 12th edition updates and revises concepts and issues in accounting to include a new managerial chapter on business performance measurement and expanded coverage of the accounting cycle. There is also a look at contemporary Business Week cases.
