The Association of Chartered Certified Accountants (ACCA) is the global body for professional accountants. With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. BPP Learning Media is an ACCA Official Publisher. The P1 Professional Accountant exam is based on the themes of professionalism, responsibility and accountability. The syllabus emphasises what is important for a well-run organisation and illustrates the factors underpinning professional behaviour by accountants:

- * Corporate governance arrangements should ensure that the organisation functions smoothly and directors and managers are accountable
- * Corporate governance requires sound systems of internal control and risk management
- * Accountants should think carefully about what their ethical positions are and what views of society their professional opinions support
- * Accountants and businesses should be aware of the social and environmental impacts their activities have.

The examiner-reviewed Study Text provides everything you need to know for P1. It explains the theories behind the key areas of corporate governance and ethics, and demonstrates how the theories translate into practice. The Text gives lots of examples of the risks organisations face. It also shows how businesses are coping with their wider social responsibilities, which the examiner has highlighted as very important. BPP Learning Media is the publisher of choice for many ACCA students and tuition providers worldwide. Join them and plug into a world of expertise in ACCA exams.
