The scientific disciplines considered range from nineteenth-century phrenology and ethnography to twentieth-century chemistry, quantum mechanics, cybernetics, and chaos theory. In so doing, Brown critically engages the work of Foucault and other social and philosophical theorists as he examines the ways in which scientific prestige is manufactured and appropriated on the literary stage."--Jacket.

Figura central de las fundaciones David Lynch y Maharishi, neurocientífico graduado en Harvard, reconocido erudito védico y referente mundial de la Meditación

Trascendental(TM), el Dr. Tony Nader formula en este libro una serie de preguntas existenciales fundamentales (¿cuál es nuestro propósito en la vida?, ¿tenemos verdadero control sobre nuestros destinos?) y, a través del estudio de la Conciencia, nos acerca respuestas con beneficios prácticos que aspiran a darnos esclarecimiento, paz y plenitud. «En este libro histórico, el Dr. Tony Nader presenta ideas que pueden cambiar el mundo. Propone soluciones profundas a preguntas que han fascinado e intrigado durante mucho tiempo a filósofos y científicos. ¿Qué es la Conciencia, tenemos libertad? ¿Cómo sacar lo mejor de la vida, cumplir los deseos y crear paz y armonía entre los pueblos y las naciones? Ofrece estas soluciones, basadas en un paradigma subyacente simple, que unifica la mente, el cuerpo y el medio ambiente en un océano de Ser puro, Conciencia Pura. Una lectura obligada para cualquier buscador de respuestas a los misterios de la vida, a la verdad absoluta y última.» -David Lynch «Quiero que todos sepan qué es la Conciencia y cómo desarrollarla para disfrutar de todo el potencial de la vida individual y social.» -DR. Tony Nader ¿Hay algún propósito oculto en la vida, un diseño secreto, una lógica significativa, un objetivo que alcanzar? ¿De dónde venimos y adónde vamos después de irnos? ¿Por qué deberíamos estar luchando? ¿Podemos elegir? ¿Somos libres o esclavos del destino, de las leyes de la naturaleza o de Dios? Como seres conscientes que desean tomar el control de sus vidas, estas preguntas son fundamentales; y

todos terminan haciendo suposiciones o suscribiéndose firmemente a las creencias sobre muchas de ellas. Esas convicciones se convierten en nuestra subyacente visión del mundo que influye en todo lo que hacemos. Me volqué al estudio de la medicina, la psiquiatría y la neurología para comprender por qué, si bien somos tan similares, podemos ser tan diferentes en nuestras opiniones, mentalidad y puntos de vista. Pero las respuestas a mis preguntas fundamentales eran demasiado complejas y abstractas para la investigación científica. Fue la Meditación Trascendental(TM) lo que me permitió explorarlas a través de la experiencia directa, en lugar del análisis y la deducción. Este libro está dedicado a todos los buscadores de conocimiento, científicos, filósofos, maestros, líderes sabios y guías que investigan los secretos del funcionamiento de la naturaleza y el esfuerzo por mejorar la vida en la Tierra.

ENGLISH DESCRIPTION World renowned leader at the core of the Maharishi Foundations, a Harvard graduate neuroscientist, renowned Vedic scholar and world reference in Transcendental Meditation, Dr. Tony Nader formulates in this book a series of fundamental existential questions (what is our purpose in life, do we have true control over our destinies?) and, through the study of Consciousness, brings us answers with practical benefits that aim to give us enlightenment, peace and fulfillment. «In this landmark book, Dr. Tony Nader presents ideas that can change the world. He proposes profound solutions to questions that have long fascinated and intrigued philosophers and scientists. What is Consciousness, do we have freedom? How to get the best out of life, fulfill wishes and create peace and harmony among peoples and nations? He offers these solutions, based on a simple underlying paradigm, that unifies mind, body, and environment into an ocean of pure Being, Pure Consciousness. A must read for any seeker of answers to the mysteries of life, the absolute

and ultimate truth». -David Lynch «I want everyone to know what Consciousness is and how to develop it to enjoy the full potential of individual and social life». -Dr. Tony Nader Is there some hidden purpose in life, a secret design, a meaningful logic, a goal to be achieved? Where do we come from and where do we go after we leave? Why should we be fighting? Can we choose? Are we free or slaves of destiny, of the laws of nature or of God? As sentient beings who wish to take control of their lives, these questions are fundamental, and everyone ends up making assumptions or strongly subscribing to beliefs about many of them. Those convictions become our underlying cosmivision that influences everything we do. I turned to the study of medicine, psychiatry, and neurology to understand why, although we are so similar, we can be so different in our opinions, mentality, and points of view. But the answers to my fundamental questions were too complex and abstract for scientific investigation. It was Transcendental Meditation TM that allowed me to explore them through direct experience, rather than analysis and deduction. This book is dedicated to all seekers of knowledge, scientists, philosophers, teachers, wise leaders, and guides who investigate the secrets of how nature works and the effort to improve life on Earth. DESTINOS is an innovative beginning Spanish program based on a 26-week television series premiering on PBS in the fall of 1992. The 52 half-hour shows of the series use the powerful appeal of a uniquely Hispanic genre -- the telenovela (soap opera) -- to make language and culture come alive. The situation and context of each episode introduce students to the basic structures, language functions and vocabulary groups of Spanish that are then presented in the print materials. (Most grammar explanations and exercises are in the workbook/study guides.) This complete one-year course is designed to help students develop communicative proficiency -- listening, speaking, reading, and writing -- as well as cultural awareness in Spanish. The plot of DESTINOS is designed to engage student viewers from the very beginning. A wealthy Mexican patriarch, nearing the end of his life, reveals a secret he has kept from his family for many years. His revelation leads to some important questions that must be answered before he dies. Raquel Rodríguez, a Mexican-American lawyer, embarks on a search for those answers, a search that takes her to Spain, Argentina, Puerto Rico, and back to

Mexico. Students and viewers can join in the search -- learning Spanish and about the rich and diversified cultural context in which it is spoken throughout the world.
