

Aqa Sociology Past Papers January 2013

Exam board: AQA Level & subject: GCSE Sociology First teaching: September 2017 First exams: June 2019

Highlighting marginalized but significant perspectives about the sociopolitical essence of English language tests and testing processes worldwide, this book explores the social considerations of testing theories and practices from a critical perspective. Investigating concerns surrounding power inequalities, *The Sociopolitics of English Language Testing* takes a socially-situated view of language assessment, bringing sociopolitical understandings of language teaching, learning, and assessment to the forefront in the field. Within the broader discussion of the politics of test use, an international team of language and education experts address the issues of ideology, diversity, power, and dominance in English language testing. Through socially-sensitive theoretical as well as empirical discussion and investigation of English language testing, this book offers valuable insights, not only to applied linguists and the language education community who have focused on positivistic and cognitively-oriented conceptions of language testing, but to anyone who wishes to venture beyond the traditional bounds of the field.

Exam Board: OCR Level: A-level Subject: Sociology First Teaching: September 2015 First Exam: June 2016 Build students' confidence to tackle the key themes of the 2015 OCR A-Level Sociology specification with this clear and accessible approach delivered by a team of leading subject authors. - Develop knowledge and understanding of key Year 1 concepts in a contemporary context, including globalisation and the digital social world - Strengthen essential sociological skills with engaging activities at every stage of the course - Reinforce learning and prepare for exams with practice and extension questions and exercises

Unraveling the complexities of the U.S. political system, Geer/Herrera/Schiller/Segal's *GATEWAYS TO DEMOCRACY*, 5th edition, highlights the gateways that facilitate -- or block -- participation. Illustrating the relevance of government to your personal life, the authors explain how the political system works as well as how individuals and groups opened gates and overcame barriers to influence public policy. Completely up to date, the 5th edition includes expansive coverage of the 2020 elections, the COVID-19 pandemic, diversity (with a focus on Black and Latino activism), the advancement of LGBTQ rights and other issues reflecting America's changing demographic infrastructure. Supreme Court cases illustrate the constitutional and legal context in which U.S. democracy has evolved, while a Political Analytics feature helps you evaluate the vast amounts of data in today's political discourse. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Exam Board: AQA Level: AS/A-level Subject: Sociology First Teaching: September 2016 First Exam: June 2017 Build students' understanding with this concept-driven

approach to the 2015 AQA A-level Sociology specification, written by a team of leading subject authors and approved by AQA. - Develop the knowledge required to master Year 2 topics with clear and accessible content coverage - Build confidence in the evaluative skills needed to assess sociological theories and research - Strengthen learning and revision with a wealth of practice and extension questions and activities

The second edition of Ken Browne's highly successful *Introducing Sociology for AS-level* provides in-depth and up-to-date coverage of the complete specification for AQA AS-level sociology. The first edition of this book was widely praised for its comprehensive coverage, and student-friendly style. In this second edition, all of the chapters have been revised to include new studies, reports and statistics. Key sociological terms are now systematically highlighted all the way through the book, and included in a comprehensive glossary, with fresh questions and activities added to develop and test students' understanding further. Fuller consideration of issues of identity has been given throughout the text. More detailed advice has been provided on coursework, including a top-mark example to show students exactly what they have to do to achieve the highest grades. What's more, two authentic exam questions are now included on every topic. Pitched at exactly the right level for AS sociology, the book provides all the tools necessary to help students achieve top grades, and a sound basis for progression to A2. A host of cartoons, photographs, graphs, tables, and spider diagrams help to enliven the text, as well as reinforcing key issues. Web sites and web-based activities are included throughout, encouraging students to engage with the most recent social changes, and developments in sociology. Although it assumes no previous knowledge of sociology, its dedicated and in-depth coverage of all the AQA's AS topics provides a useful reference tool for the synoptic elements at A2. The second edition of *Introducing Sociology for AS Level* combines sociological rigour and accessibility in a way unrivalled by any other book at this level. It will be an invaluable resource to anyone following the AQA specifications.

Exam Board: AQA Level & Subject: AS / A-level Year 1 Sociology (7191, 7192) First teaching: September 2015 First exams: June 2017

An exploration of the Dark Web—websites accessible only with special routing software—that examines the history of three anonymizing networks, Freenet, Tor, and I2P. The term “Dark Web” conjures up drug markets, unregulated gun sales, stolen credit cards. But, as Robert Gehl points out in *Weaving the Dark Web*, for each of these illegitimate uses, there are other, legitimate ones: the New York Times's anonymous whistleblowing system, for example, and the use of encryption by political dissidents. Defining the Dark Web straightforwardly as websites that can be accessed only with special routing software, and noting the frequent use of “legitimate” and its variations by users, journalists, and law enforcement to describe Dark Web practices (judging them “legit” or “sh!t”), Gehl uses the concept of legitimacy as a window into the Dark Web. He does so by examining the history of three Dark Web systems: Freenet, Tor, and I2P. Gehl presents three distinct meanings of legitimate: legitimate force, or the state's claim to a monopoly on violence; organizational propriety; and authenticity. He explores how Freenet, Tor, and I2P grappled with these different meanings, and then discusses each form of legitimacy in detail by examining Dark Web markets, search engines, and social networking sites. Finally, taking a broader view of the Dark Web, Gehl argues for the value of anonymous political speech in a time of ubiquitous surveillance. If we shut down the Dark Web, he argues, we lose a valuable channel for dissent.

Indexes the Times, Sunday times and magazine, Times literary supplement, Times educational supplement, and the Times higher education supplement.

Exam Board: AQA Level & Subject: GCSE (9-1) Sociology (7191, 7192) First teaching: September 2017 First exams: June 2019 Exam practice for the new,
