Tot een wrede koning besloot de maji, een minderheid met donkere huid en zilverwitte haren, te vervolgen. Zélie kan zich de nacht dat ze toe moest kijken hoe de handlangers van de koning

+ FREE BOOK Buy this book and get BOOK for FREE Fantasy Art Drawing for Beginners - Drawing Fantasy Creatures with Simple Instructions is the ultimate guidebook aimed at people who wish, but don't know how to draw interesting drawings of legendary creatures. The step by step guide will help you learn how to draw from scratch. You have an opportunity to learn how to draw several mythical beings, including a griffin, elf, gnome, centaur, mermaid and the eye of a dragon. Why start drawing in the first place? Like any other type of art, drawing is an amazing hobby, which helps you forget about the life's problems. Once you get in the "flow," you will forget about everything that has been pressing you and focus totally on creating art. Apart from stress fighting attributes, drawing is also great to open up your mind and broaden your thoughts. Producing art is not possible if your mind is closed. If you think about it, you will see that a huge majority of artists were extremely open minded, some even so much that people considered them strange, like Salvador Dali or Vincent Van Gogh, for example. Another good reason to start learning to draw right away is that it may turn out that you're very good at it. Who knows - you might be the next Jackson Pollock, just you still don't realize it. But even if you don't make a lot of money from drawing, you can still see how many good things this practice gives to you by just being an interesting hobby. Drawing mythical creatures to your friends and family will certainly come with their praise, making you happy in return. The final reason why you should continue reading this book is that drawing is fun. Even simple doodling, can be quite a lot of fun, but imagine how fun it is when you know how to draw your favorite

Her parents own a famous picture of her when she was two. She was lying on her stomach in the sun, already creating fantasy worlds on paper. When she got older, Katrina was no longer satisfied with copying her older sister's drawings. She began to check out How-To books from the library, especially the ones that taught her how to draw horses. After years of animal drawing, she began to take an interest in the world of faerie. The only way to bring her imagination to life was using pencil and paper. To date, Katrina has been writing and illustrating her own stories. She provided the illustrations for a novel written by a writer friend, and hopes one day to become a children's picture book illustrator.
