Gertrude Stein and the Reinvention of Rhetoric posits that Stein was not only an influential literary modernist, but also one of the twentieth century's preeminent rhetoricians.

This study takes as its point of departure an essential premise: that the widespread phenomenon of expatriation in American modernism is less a flight from the homeland than a dialectical return to it, but one which renders uncanny all tropes of familiarity and immediacy which 'fatherlands' and 'mother tongues' are traditionally seen as providing. In this framework, similarly totalising notions of cultural authenticity are seen to govern both exoticist mystification and 'nativist' obsessions with the purity of the 'mother tongue.' At the same time, cosmopolitanism, translation, and multilingualism become often eroticised tropes of violation of this model, and in consequence, simultaneously courted and abhorred, in a movement which, if crystallised in expatriate modernism, continued to make its presence felt beyond. Beginning with the late work of Henry James, this book goes on to examine at length Ezra Pound and Gertrude Stein, to conclude with the uncanny regionalism of mid-century San Francisco Renaissance poet Jack Spicer, and the deterritorialised aesthetic of Spicer's peer, John Ashbery. Through an emphasis on modernism as a space of generalized interference, the practice and trope of translation emerges as central to all of the writers concerned, while the book remains in constant dialogue with key recent works on

transnationalism, transatlanticism, and modernism. A trailblazing modernist, Gertrude Stein studied psychology at Radcliffe with William James and went on to train as a medical doctor before coming out as a lesbian and moving to Paris, where she collected contemporary art and wrote poetry, novels, and libretti. Known as a writer's writer, she has influenced every generation of American writers since her death in 1946 and remains avant-garde. Part 1 of this volume, "Materials," provides information and resources that will help teachers and students begin and pursue their study of Stein. The essays of part 2, "Approaches," introduce major topics to be covered in the classroom--race, gender, feminism, sexuality, narrative form, identity, and Stein's experimentation with genre--in a wide range of contexts, including literary analysis, art history, first-year composition, and cultural studies.

"Véridique recueil d'apocryphes conversations" (Raymond Schwab) qui parle des G.I. et de leurs problèmes. Selon R. Bridgman l'ouvrage décrit avec une incroyable précision la légende des G.I. (cf. la préface, p. 7-13).

Eind augustus 1944 werd Parijs bevrijd. De bevrijding werd groots gevierd, maar ook gemarkeerd door de verschrikkingen van de oorlog en het trauma van de zuiveringen. In de jaren na de oorlog werd Parijs het diplomatieke strijdtoneel voor de beginfase van de Koude Oorlog. Tegen deze explosieve politieke achtergrond tonen Antony Beevor en Artemis Cooper de vele aspecten van het naoorlogse Parijse leven: de velen die berecht werden zonder eerlijk proces, de handelaren

op de zwarte markt die rijk werden ten koste van de bevolking die honger leed, en de intellectuelen en kunstenaars - onder wie Hemingway, Beckett, Camus, Sartre, De Beauvoir, Cocteau en Picasso - die met nieuwe ideeën en enorme vitaliteit een bijdrage leverden aan deze uitzonderlijke tijd. Parijs na de bevrijding is een briljante mix van sociale, politieke en culturele geschiedenis en schetst een levendig en fascinerend portret van de lichtstad in de onzekere jaren na de Tweede Wereldoorlog.,

Remaking the Conquering Heroes shows that American policymakers and Army officers had to confront and take control over a lawless US military in the aftermath of World War II. Money laundering, theft, racial antagonism between black and white GIs, unregulated sex, and high rates of venereal disease threatened to undermine American authority in occupied Germany as much as Soviet-American conflict. Willoughby argues that it was the creative, if disorganized, reaction of American officials in Germany that helped create both a foreign policy framework and more inclusive, familial military establishment capable of consolidating and extending US power during the Cold War.

Toklas—the true power behind the throne.

In this minutely detailed, comprehensive chronology, authors Kiuchi and Hakutani document the life in letters of the greatest African American writer of the twentieth century. The author of *Black Boy* and

Native Son, among other works, Wright wrote unflinchingly about the black experience in the United States, where his books still influence discussions of race and social justice. Entries are documented by Wright's journals, articles, and other works published and unpublished, as well as his letters to and from friends, associates, writers and public figures. Part One covers Wright's life through the year 1946, the period in which he published his best-known work. Part Two covers the final fifteen years of his life in exile, a prolific period in which he wrote two novels, four works of nonfiction, and four thousand haiku. Each part begins with a historical and critical introduction.

Definitions of modernism have been debated throughout the twentieth century. But both during the height of the modernist era and since, little to no consideration has been given to the work of minority writers as part of this movement. Considering works by writers ranging from B.A. Botkin, T.S. Eliot, Waldo Frank, and Jean Toomer to Pedro Pietri and Allen Ginsberg, these essays examine the disputed relationships between modernity, modernism, and American cultural diversity. In so doing, the collection as a whole adds an important new dimension to our understanding of twentieth-century literature.

From 1941 to 1943, the Jewish American writer and avant-garde icon Gertrude Stein translated for an

American audience thirty-two speeches in which Marshal Philippe Petain, head of state for the collaborationist Vichy government, outlined the Vichy policy barring Jews and other "foreign elements" from the public sphere while calling for France to reconcile with its Nazi occupiers. Why and under what circumstances would Stein undertake such a project? The answers lie in Stein's link to the man at the core of this controversy: Bernard Faÿ, her apparent Vichy protector. Barbara Will outlines the formative powers of this relationship, treating their interaction as a case study of intellectual life during wartime France and an indication of America's place in the Vichy imagination.

"Examines how surrealism enriches our understanding of Stein's writing through its poetics of oppositions"--

After the Second World War Gertrude Stein asked a friend's support in securing a visa for Richard Wright to visit Paris.

"I've got to help him, she said. You see, we are both members of a minority group." The brief, little-noted friendship of Stein and Wright began in 1945 with a letter. Over the next fifteen months, the two kept up a lively correspondence which culminated in Wright's visit to Paris in May 1946 and ended with Stein's death a few months later. Gertrude Stein and Richard Wright began their careers as marginals within marginalized groups, and their desire to live peacefully in unorthodox marriages led them away from America and into permanent exile in France. Still the obvious differences between them-in class, ethnic and racial origins, and in artistic expression-beg the question: What was there to talk about? This question opens a window onto each writer's

meditations on the influence of racial, ethnic, national origins on the formation of identity in a modern and post-modern world. The intuitive and intellectual affinities between Stein and Wright are illuminated in several works of non-fiction. Stein's *Paris France* and Wright's *Pagan Spain* are meditations on expatriation and creativity. Their so-called homecoming narratives—Stein's *Everybody's Autobiography* and Wright's *Black Power*—examine concepts of racial and national identity in a post-modernist world. Respectively in *Lectures in America* and *White Man, Listen!* Stein and Wright outline the ways in which the poetics and politics of modernism are inextricably bound. At the close of the twentieth century the meditations of Stein and Wright on the protean quality of individual identity and its artistic, social, and political expression explore the most prescient and pressing issues of our time and beyond. M. Lynn Weiss is an assistant professor of English and African-American literature at Washington University.

The avant-garde American writer, Gertrude Stein hosted a Paris salon for the leading artists and writers of the interwar period. Stein's experimental works are noted for applying the theories of Cubism, specifically in her concentration on the illumination of the present moment and her use of varied repetitions and extreme simplification and fragmentation. This monumental collection of correspondence between Gertrude Stein and critic, novelist, and photographer Carl Van Vechten provides crucial insight into Stein's life, art, and

artistic milieu as well as Van Vechten's support of major cultural projects, such as the Harlem Renaissance. From their first meeting in 1913, Stein and Van Vechten formed a unique and powerful relationship, and Van Vechten worked vigorously to publish and promote Stein's work. Existing biographies of Stein—including her own autobiographical writings—omit a great deal about her experiences and thought. They lack the ordinary detail of what Stein called "daily everyday living": the immediate concerns, objects, people, and places that were the grist for her writing. These letters not only vividly represent those details but also showcase Stein and Van Vechten's private selves as writers. Edward Burns's extensive annotations include detailed cross-referencing of source materials.

A new work of scholarship that considers several of the most prominent poets writing from the outbreak of the Spanish Civil War to the end of World War II.

Van D-Day tot Berlijn begint op 7 juni 1944 op de stranden van Normandië en eindigt op 7 mei 1945, de dag dat Duitsland capituleert en er een einde komt aan de Tweede Wereldoorlog. Stephen E. Ambrose vertelt de geschiedenis van de geallieerde legers tijdens hun moeizame tocht van de Normandische stranden naar Duitsland en maakt daarbij gebruik van honderden interviews en nagelaten verhalen, van de generale staf (Eisenhower, Bradley en Patton) tot de gewone soldaten en de Duitsers die tegen hen vochten. Ambrose brengt hun ervaringen op unieke wijze weer tot leven.

Looking at the relationship between sexuality and representation in lesbian novels *Are Girls Necessary?* is a provocative study of twentieth century writing. Writers discussed include Virginia Woolf, Gertrude Stein and Mary Renault.

Most human bodies have two arms, two legs, hands, feet, a head. Yet the body, as we perceive it, is ultimately a cultural construct defined by the values and meanings each individual, and each culture, ascribes to it. Beyond its corporeal realities, the implications of the body-how we adorn, alter, heal, and please it-are potentially endless, limited only by the manner in which we frame it. Revealing how the human body has served as a metaphor for social process, the anthology unveils the body as intrinsically configured by politics, gender, racial categories, fears of pollution, and commercial forces which exploit and regulate it. Historical snapshots of American bodies over the past two and a half centuries, the essays in this volume cover such diverse subjects as sailor tattoos, maritime cannibalism in the early 1800's, birth control, rest cures for neurasthenia, and, more recently, anorexia, boxing, cyberpunk, and plastic surgery. Drawing from history, literary and cultural studies, and film studies, *American Bodies* is an eclectic, stimulating collection that will challenge many fundamental beliefs about our physical form.

Watson traces Gertrude Stein's (1874-1946) growing fascination with the cognitive and political ramifications of conversation and how that interest influenced her writing over the course of her career.

Following Gertrude Stein's efforts throughout her life to shift the focus from her personality to her writing, these essays focus on her primary texts, including novels, plays, lectures, and poetry. Contributors to this collection draw on interdisciplinary backdrops to enrich and complicate how we

might read, understand, and teach Stein's writing.

Throughout his career, William Gass relentlessly pushed at the boundaries of language, celebrating the music of the sentence and the aesthetics of the written word. Now, the best and most important of his work is collected in one volume. There are essays on Plato, Hobbes, James, Joyce, Beckett, Stein, Gaddis, Sterne, Ford Madox Ford, Thomas Mann. There are pieces that examine the inner workings of writing. There is his masterful short fiction, from the perfectly crafted novella "In Camera" to the mythical "In the Heart of the Heart of the Country." And there are excerpts from his novels, including his magnum opus, *The Tunnel*. Taken together, this collection is a peerless, essential celebration of literature—and an invaluable guide for anyone who wants to understand how great writing works.

Now in one volume: the three-part autobiography from the National Book Award-winning author of *The Rise and Fall of the Third Reich*. The former CBS foreign correspondent and historian provides an invaluable look back at his life—and the events that forged the twentieth century.

The Start (1904-1930): In the first of a three-volume series, Shirer tells the story of his early life, growing up in Cedar Rapids, and later serving as a new reporter in Paris.

The Nightmare Years (1930-1940): In the second of a three-volume series, Shirer chronicles his time in Europe as Hitler dominated Germany and began one of the most dangerous conflicts in world history.

A Native's Return (1945-1988): The most personal of the three volumes, this edition offers an honest look at the many personal and professional setbacks Shirer experienced after World War II ended—and delivers a fascinating take on the aftermath of the war.

Series praise "Mr. Shirer stirs the ashes of memory in a personal way that results in both a strong view of world events and of the need for outspoken journalism. Had Mr. Shirer been merely a bland 'objective'

reporter without passion while covering Hitler's Third Reich, this book and his other histories could never have been written." —The New York Times "Included in Shirer's well-wrought narrative are such little-known events as the trials of American broadcasters who propagandized for the Third Reich during WWII, as well as such more familiar matters as the McCarthyism of the 1950s. The author's comments are refreshingly unfettered by self-consciousness . . . A fine, fitting conclusion to an important work of autobiography."

Gertrude Stein and Alice B. Tokas were the talk of pre-war Paris. Photographed by Cecil Beaton and Man Ray, painted by Picasso and written about by Hemingway, they were at the heart of Parisian cultural and literary life. Alice, convinced that Gertrude was a genius, cooked for her, typed her manuscripts and fought to obtain the fame she was convinced Gertrude was due. Alice said Gertrude was the happiest person she had ever known, and was besotted with her for the many years they were together. They were indomitable, charismatic, and wildly eccentric, driving around in 'Auntie', their Ford, with Basket, their cherished poodle. In *Gertrude and Alice*, award-winning writer Diana Souhami brings these two extraordinary women, and the fascinating world in which they moved, to vivid life.
