

## Cambridge O Level Maths Revision Guide

Find all the Core and Extended content you need to revise for your IGCSE Maths exam in one place. Revise and practice key skills and difficult topics to make sure you achieve top grades. •Supports the 2009 Cambridge IGCSE specification. •Cover both Core and Extended levels in one book. Levels are clearly labelled on the page. •Revise in a way that suits you best with revision guide pages (maths content) and corresponding workbook pages (practice exam questions) with detachable answers for flexible practice. •Find key revision points for each topic, supported by worked examples and levelled quick practice questions. •Know exactly how to get top marks in your exam with worked exam questions that have special emphasis on difficult topics. •Discover plenty of practice questions, particularly aimed at Extended level, in the write-in workbook section at the back of the book. •Practise skills to revise effectively and perform on the exam day, with practical guidance, exam technique tips, and clear advice on how to move answers up a grade (grade boosters and progression maps)

Equip your top achievers to excel in their Cambridge exams with the rigorous, practice-based approach of Complete Additional Mathematics for Cambridge IGCSE & O Level. In addition to a wealth of practice, it includes clear explanations and worked examples, to fully prepare students for top exam achievement and the step up to further study.

CAMBRIDGE IGCSE MATHEMATICS [0580] FULLY SOLVED PAST PAPER 2 - EXTENDED [VARIANT 2]. VERY USEFUL FOR O LEVEL STUDENTS OF ALL VARIANTS. DETAILED AND STEP BY STEP SOLUTIONS. VERY HELPFUL TOOL FOR REVISION. CONTAINS PAPERS FROM 2011 TO 2017 [ THE LATEST PAPER NOVEMBER 2017 ADDED].

Fully endorsed by OCR and revised to match the 2005 specification, this series has been carefully revised by experienced teachers and provides easy to use texts. Cambridge Advanced Mathematics for OCR encourages achievement by supporting revision and consolidation through review exercises and mock exam papers written by experienced examiners. The books also explore ideas through practical and computer activities.

A learning book for attainment level 3 in English at Key Stage 2. It focuses on core areas of learning and contains accessible revision content and clear practice material on a double-page spread appropriate to that ability level. It encourages pupils to progress to the next level using self- and peer- assessment with the self-mark scheme.

These 4 new titles complement the best-selling Success Guide range and broaden the list into new subject areas. Success Guides are powerful learning/revision tools designed to help students remember key information easier and better.

This title offers integrated revision and practice. Revision content is concisely presented and followed by three SATs-style levelled questions to provide immediate practice. The book comes with a CD-ROM containing over 250 levelled SATs-style questions. Pupils can work at their own pace and progress to the next level with confidence.

This topical revision kit is specially created for students pursuing the Cambridge IGCSE International Mathematics certificate. It is written in accordance to the latest syllabus issued by Cambridge Assessment International Education. To

enhance a student's learning, this book addresses the common hurdles that students encounter by incorporating - Pictorial illustration to improve understanding - Concise explanation for quick revision - Common concepts that students often forget Besides Maths formulae, this book also includes commonly asked questions by examiners; and work examples with full solutions for the more challenging questions to help students quickly recall them when required. Each topic is broken down into main topic and sub topics, with clear description.

Get your best grades with this Cambridge International A and AS Level Psychology Revision Guide. Manage your own revision with step-by-step support from experienced examiner David Clarke Use research summaries and evaluation notes to improve your knowledge of key theories and studies, including coverage of the five specialist choice options Get the top marks by demonstrating your understanding of the research methods psychologists use Use the Revision Guide to prepare for the big day: Plan and pace your revision with the revision planner Use the expert tips to clarify key points Avoid making typical mistakes with expert advice Test yourself with end-of-topic questions and answers and tick off each topic as you complete it Practise your exam skills with exam-style questions and answers This title has not been through the Cambridge endorsement process.
