The purpose of the study was to secure an accurate record of income and expenses of operating apartment houses and to ascertain the forces which determine income and expense of operation and net return. Trend data available for New York, Washington, Chicago, San Francisco, and Los Angeles. Some data available for Kansas City, Missouri.

The case for getting back on our feet — now in paperback The humble act of putting one foot in front of the other transcends age, geography, culture, and class and is one of the most economical and environmentally responsible modes of transit. Yet with our modern fixation on speed, this healthy pedestrian activity has been largely left behind. At a personal and professional crossroads, writer, editor, and obsessive walker Dan Rubinstein traveled throughout the U.S., U.K., and Canada to walk with people who saw the act not only as a form of transportation and recreation, but also as a path to a better world. There are no magic-bullet solutions to modern epidemics like obesity, anxiety, alienation, and climate change. But what if there is a simple way to take a step in the right direction? Combining fascinating reportage, eye-opening research, and Rubinstein's own discoveries, *Born to Walk* explores how far this ancient habit can take us and how much repair is within range, and guarantees that you'll never again take walking for granted.
