Il Your Nights, Book Four Kade Taylor likes living on the edge. As an undercover agent for the DEA and a former Special Ops team member, his current assignment seems tame—keep tabs on a bookish Ph.D. candidate the agency believes is connected to a ruthless drug cartel. Brooke Sinclair is weeks away from obtaining her goal of a doctoral degree. She spends time finalizing her presentation and relaxing with another student who seems to want nothing more than her friendship. That's fine with Brooke. Her last serious relationship ended in a broken engagement. Her future is set, safe and secure, just as she's always planned—until Agent Taylor informs her she's under suspicion for illegal drug activities. Kade and his DEA team obtain evidence exonerating Brooke while placing her in danger from those who sought to use her. As Kade races to take down the drug cartel while protecting Brooke, he must also find common ground with the former suspect—a woman he desires with increasing intensity. At odds with her better judgment, Brooke finds the more time she spends with Kade, the more she's attracted to the complex, multi-faceted agent. But Kade holds secrets he knows Brooke will never understand or accept. Can Kade keep Brooke safe while coming to terms with his past, or will he stay silent, ruining any future with the woman his heart can't let go? Always Love You, Book Five Eric Sinclair loves his bachelor status. His work at MacLaren Enterprises leaves him with plenty of time to ride his horse as well as his Harley...and date beautiful women without a thought to commitment. Amber Anderson is

the new person at MacLaren Enterprises. Her passion for marketing landed her what she believes to be the perfect job—until she steps into her first meeting to find the man she left, but still loves, sitting at the management table—his disdain for her clear. Eric won't allow the past to taint his professional behavior, nor will he repeat his mistakes with Amber, even though love for her pulses through him as strong as ever. As they strive to mold a working relationship, unexpected danger confronts those close to them, pitting the MacLarens and Sinclairs against an evil who stalks one member but threatens them all. Eric can't get the memories of their passionate past out of his mind, while Amber wrestles with feelings she thought long buried. Will they be able to put the past behind them to reclaim the love lost years before? Hearts Don't Lie, Book Six

Mitch MacLaren has reasons for avoiding relationships, and in his opinion, they're pretty darn good. As the new president of RTC Bucking Bulls, difficult challenges occur daily. He certainly doesn't need another one in the form of a fiery, blue-eyed, redhead. Dana Ballard's new job forces her to work with the one MacLaren who can't seem to get over himself and lighten up. Their verbal sparring is second nature and entertaining until the night of Mitch's departure when he surprises her with a dare she doesn't refuse. With his assignment in Fire Mountain over, Mitch is free to return to Montana and run the business his father helped start. The glitch in his enthusiasm has to do with one irreversible mistake—the dare Dana didn't ignore. Now, for reasons that confound him, he just can't let it go. Working together is a circumstance neither wants, but both must accept. As their attraction grows, so do the accidents and strange illnesses of the animals RTC depends on to stay in business. Mitch's total focus should be on finding the reasons and people behind the incidents. Instead, he finds himself torn between his unwanted desire for Dana and the business which is his life. In his mind, a simple proposition can solve one problem. Will Dana make the smart move and walk away? Or take the gamble and expose her heart?

Wat moet iedereen in de moderne wereld weten? Om antwoord te geven op deze moeilijkste vraag der vragen combineert de gerenommeerde psycholoog Jordan B. Peterson de zwaarbevochten waarheden van oude tradities met verbluffende ontdekkingen van grensverleggend wetenschappelijk onderzoek. Op humoristische, verrassende en informatieve wijze vertelt Jordan Peterson ons waarom kinderen die aan het skateboarden zijn met rust gelaten moeten worden, welk verschrikkelijk noodlot mensen die te snel oordelen te wachten staat, en waarom je altijd een kat moet aaien als je er een tegenkomt. Peterson legt grote verbanden en distilleert daarbij uit alle

kennis van de wereld 12 praktische en fundamentele leefregels. In 12 regels voor het leven maakt Jordan Peterson korte metten met de moderne clichés van wetenschap, geloof en de menselijke natuur, en tegelijkertijd transformeert en verrijkt hij de denkwijze van zijn lezers. 'Peterson is vandaag de dag de invloedrijkste intellectueel van de westerse wereld. Voor miljoenen jonge mannen blijkt de methode-Peterson het perfecte tegengif voor de mengeling van knuffelen en beschuldigen waarin ze zijn grootgebracht.' - DAVID BROOKS, THE NEW YORK TIMES 'Hoewel ik in veel opzichten met Peterson van mening verschil, ben ik het hartgrondig eens met zijn nadruk op het zorgvuldig, zonder vooroordelen bekijken van grote maatschappelijke en persoonlijke kwesties om daar rationele, weloverwogen oplossingen voor te vinden. Dit boek staat er vol mee.' - LOUISE O. FRESCO 'Peterson stapt als een magiër door de ideeëngeschiedenis van het Westen, en hij maakt alles urgent, en stralend. Ja, er zijn regels voor het leven, met moeite gedistilleerd in de wildernis van het bestaan, gevoed met klassieke waarden en inzichten die de tand des tijds doorstaan, als wij volharden. Peterson is momenteel de belangrijkste "praktische" intellectueel.' - LEON DE WINTER 'Peterson is een genie op vele vlakken. 12 regels voor het leven is een groot, controversieel, ontzuenderend boek.' - THE TIMES 'Peterson is geen gebrek aan empathie te verwijten. In deze laatste, briljante thriller van de grootmeester van het genre stelt John Le Carré de vraag wat je je land nog verschuldigd bent als het geheel van je is vervreemd. *Silverview* is de laatste, intrigerende thriller van de hand van grootmeester John le Carré. Het boek verschijnt postuum in de week dat Carré negentig zou zijn geworden. Julian Lawndsley heeft zijn goedbetaalde baan in de City van Londen de rug toegekeerd en is een boekhandel begonnen in een stadje aan de Engelse kust. Een paar maanden na de opening krijgt hij 's avonds bezoek van Edward, een Poolse immigrant die in 'Silverview' woont, een groot huis aan de rand van het stadje. Edward blijkt heel wat te weten over Julians achtergrond en heeft zelfs zijn vader nog gekend, beweert hij. Hij vraagt Julian de oren van het hoofd en komt al snel met grote toekomstplannen voor de bescheiden boekhandel. Als een kopstuk van de Geheime Dienst in Londen een brief over een gevaarlijk lek ontvangt, is het gedaan met de rust in Julians toevluchtsoord. *Silverview* is het fascinerende verhaal over een onwaarschijnlijke vriendschap en de confrontatie tussen onschuld en levenservaring, en tussen burgerplicht en persoonlijke waarden. 'Le Carré heeft het vermogen op meer fronten tegelijk te opereren: de uitwerking van de super ingenieuze plot, van zijn zeer levensechte dialogen en van het karakter van zijn personages.' *Volkskrant* magazine

"In gathering the information needed to write this book, the authors came to appreciate several themes. First, the Colorado Constitution and case law offer a novel and refreshing perspectives on the history of the state. Most major social movements, crises, embarrassments and celebrations ended up in state courts, with a constitutional argument by at least one major participant. The courts' role was often decisive and occasionally miscast in traditional histories. Second, over long stretches of time the Colorado Supreme Court's performance was less than exemplary. The original three-judge court in the 1880s launched the judicial branch very well, and the modern court is professional and conscientious. During many other periods, the court was blatantly partisan and at times, well, just zany. The court's relationship to the legislature vacillated from too little deference, such as the court's pro-business and anti-labor stance during the 1890-1920 period or the court's strange interference with relief for the poor during the Depression, to too much deference, such as the court's blessing after 1905 of numerous taxing and debt schemes pushed by the legislature to subsidize a variety of private industries. The framers' rules for the structure and processes of government, however, have held up and continue to serve. Since the 1850s this beautiful spot

of geography has been witness to a turbulent, tumultuous, occasionally violent boom-and-bust style of human society that continues. For residents it has been and is life in high, unpredictable winds"--

Een razendspannende politieke thriller vol actie en internationale intrige en doorspekt met het soort informatie waarover alleen een insider als Hillary Clinton kan beschikken. De nieuwe minister van Buitenlandse Zaken, Ellen Adams, wordt geconfronteerd met terroristische dreigingen en een verzwakte natie, na vier jaar leiderschap van een president die de positie van Amerika op het politieke wereldtoneel ernstige schade toebracht. >br> De aanslagen zorgen voor wereldwijde chaos en verwarring, en de minister en haar team moeten erachter komen wie er achter de dodelijke samenzwering zit, die zorgvuldig lijkt ontworpen om te profiteren van een Amerikaanse regering die er internationaal zwakker voor staat dan ooit. From Cecile Richards, the former president of Planned Parenthood for more than a decade, daughter of the late Ann Richards, featured speaker at the Women's March on Washington, and "the heroine of the resistance" (Vogue), comes "an enthralling memoir" (Booklist, starred review) filled with "practical advice and inspiration for aspiring leaders everywhere" (Hillary Rodham Clinton). Cecile Richards has been an activist since she was taken to the principal's office in seventh grade for wearing an armband in protest of the Vietnam War. Richards had an extraordinary childhood in ultra-conservative Texas, where her civil rights attorney father and activist mother taught their kids to be troublemakers. She had a front-row seat to observe the rise of women in American politics and watched her mother, Ann, transform from a housewife to an electrifying force in the Democratic party. As a young woman, Richards worked as a labor organizer alongside women earning minimum wage, and learned that those in power don't give it up without a fight. She experienced first-hand the misogyny, sexism, fake news, and the ever-looming threat of violence that constantly confront women who challenge authority. Now, after years of advocacy, resistance, and progressive leadership, she shares her "truly inspiring" (Redbook) story for the first time—from the joy and heartbreak of activism to the challenges of raising kids, having a life, and making change, all the while garnering a reputation as "the most badass feminist EVER" (Teen Vogue). In the "powerful and infinitely readable" (Gloria Steinem) *Make Trouble*, Richards reflects on the people and lessons that have gotten her through good times and bad, and encourages the rest of us to take risks, make mistakes, and make trouble along the way.

De vader van de vijftienjarige Cat heeft haar en haar moeder van de ene op de andere dag verlaten voor een veel jongere vrouw en zijn familie verslagen achtergelaten. Cat is er in haar radeloosheid van overtuigd geraakt dat haar leven tot nu toe één grote leugen was. Maar dan ontmoet ze Marlana: wild, prachtig en verleidelijk. Zij trekt Cat mee in haar opwindende wereld vol foute beslissingen. Hun vriendschap wordt het nieuwe middelpunt van Cats bestaan. Samen stevenen ze af op complete zelfvernietiging, in de jeugdige overtuiging dat ze nog een eindeloze, ongetwijfeld prachtige toekomst voor zich hebben. Schokkend genoeg blijkt dit voor Marlana niet weggelegd: binnen een jaar zal ze overlijden. Somber, boos, sexy, scherp, diepzinnig, nostalgisch: Julie Buntin beeldt al deze gevoelens in haar debuutroman Marlana met een filmische helderheid uit. Nog nooit werd een vriendschap tussen twee tieners in hun overgang naar volwassenheid zo scherp en schrijnend uitgebeeld. Julie Buntin (1987) studeerde literatuur in New York. Marlana is haar debuutroman en is gebaseerd op haar eigen ervaring met het verlies van haar beste vriendin aan de gevolgen van drank- en drugsmisbruik. Hierover schreef zij voor The Atlantic een van de meest gelezen en gedeelde artikelen in de geschiedenis van de website. 'Met emotionele eerlijkheid en inzicht weet Julie Buntin dat unieke moment op de grens van de volwassenheid te vangen. Haar zinnen zijn indringend en onthullend en zorgen ervoor dat je ze wilt voorlezen aan iedereen die toevallig in de buurt is. Het zijn zinnen die je je jaren later nog weet te herinneren.' Jonathan Safran Foer 'Marlana overdonderde me. Schitterend geschreven, met een uitmuntend gevoel voor beschrijvingen. Ik hoefde mijn ogen niet eens te sluiten om me voor te stellen dat ik er was. Ik koesterde elk woord.' Anton Disclafani 'De ware magie van Julie Buntin is dat haar verhalen voelen alsof ze van jezelf zijn. Dit schitterende, zelfverzekerde debuut weet de romantiek van jonge vriendschap vast te leggen. Messcherp, met een zacht randje.' Julia Pierpont

Vera groeit op in een welgesteld Joods gezin, maar valt voor Miloš, een arme Servische dorpeling. Samen beleven ze een grootse liefde, versterkt door een misschien nog wel grotere toewijding aan hun geloof in het communisme en een rechtvaardige wereld. Ze nemen deel aan de partizanenstrijd tegen de nazi's en aan het eind van de oorlog wordt hun dochter Nina geboren. Na conflicten tussen Tito en Stalin wordt Miloš onverwacht gearresteerd als verrader.

Gedesillusioniseerd pleegt hij zelfmoord in zijn cel. Vera wordt opgepakt en voor een onmogelijke keuze gesteld: Miloš als verrader erkennen en vrijuit gaan, of zelf in een kamp belanden. Vera's liefde voor Miloš gaat boven alles en zij kiest voor hem. Op Goli Otok, een kaal eiland voor de kust, wordt zij drie jaar lang vastgehouden en gemarteld. Haar zesjarige dochtertje blijft alleen achter. Vera's keuze zou nog generaties lang doorwerken. Op haar negentigste verjaardag stellen haar dochter en kleindochter voor met Vera naar Goli Otok af te reizen om erachter te komen onder welke omstandigheden zij haar dochter destijds in de steek liet. De reis legt de meest tegenstrijdige emoties bloot – angst, liefde en barmhartigheid – die het weefsel van een familie voor altijd kunnen veranderen. Het leven speelt met mij laat zien hoe en waarom wij soms tot de meest onmogelijke beslissingen worden gedreven. Grossman beschrijft als geen ander hoe trouw en politieke ideologie de kern van een gezin kunnen raken en de grens tussen standvastigheid en verraad vervaagt.

In 2016, scientist Rosaly Lopes and artist Michael Carroll teamed up as fellows of the National Science Foundation to travel to Mount Erebus, the world's southernmost active volcano in Antarctica. The logistics of getting there and complex operations of Antarctica's McMurdo Station echo the kinds of strategies that future explorers will undertake as they set up settlements on Mars and beyond. This exciting popular-level book explores the arduous environment of Antarctica and how it is similar to other icy worlds in the Solar System. The bulk

of this story delves into Antarctica's infrastructure, exploration, and remote camps, culminating on the summit of Erebus. There, the authors explored the caves and ice towers on the volcano's flanks, taking photographs and generating original art depicting scenes in Antarctica and terrestrial analogs on other planets and moons. Readers will see an intimate side of Mount Erebus and Antarctica while surveying the region's history, exploration, geology, and volcanology, which includes research funded by the National Science Foundation's United States Antarctic Programs. Richly illustrated with photographs and stunning paintings showcasing the beauty of the harsh continent, the book captures the spirit and splendor of the authors' journey to Erebus.

Chase's Calendar of Events 2018 The Ultimate Go-to Guide for Special Days, Weeks and Months Bernan Press

The United States has a long and unfortunate history of exposing employees, the public, and the environment to dangerous work. But in April 2009, the spotlight was on Las Vegas when the Pulitzer committee awarded its public service prize to the Las Vegas Sun for its coverage of the high fatalities on Las Vegas Strip construction sites. The newspaper attributed failures in safety policy to the recent "exponential growth in the Las Vegas market." In fact, since Las Vegas' founding in 1905, rapid development has always strained occupational health and safety standards. *A History of Occupational Health and Safety* examines the work, hazards, and health and safety programs from the early building of the railroad through the construction of the Hoover Dam, chemical manufacturing during World War II, nuclear testing, and dense megaresort construction on the Las Vegas Strip. In doing so, this comprehensive chronicle reveals the long and unfortunate history of exposing workers, residents, tourists, and the environment to dangerous work—all while exposing the present and future to crises in the region. Complex interactions and beliefs among the actors involved are emphasized, as well as how the medical community interpreted and responded

to the risks posed. Few places in the United States contain this mixture of industrial and postindustrial sites, the Las Vegas area offers unique opportunities to evaluate American occupational health during the twentieth century, and reminds us all about the relevancy of protecting our workers.

This book explores speeches by American presidents. Domestic public presidential speechmaking helps us understand the pressures, priorities, and targeted audiences of different presidencies. Many administrations generally work to reinforce already existing support though some may try to reach out to new areas. Census areas help us better understand where presidents prioritize speeches in certain areas of the country. Designated Market Areas, or media markets, allow us to look at presidential speechmaking without geographical constraints and focus on areas of population concentrations. Electoral College results show that most administrations prefer to give speeches in places where they have the most electoral support to reinforce their bases. The chapter on vacation locations explores how some presidents use Camp David or their homes as places to actively speak, while some administrations just use them as retreats. Foreign speeches allow us to see that most presidents prefer to speak in openly free countries more than other places.

Constructions of Time and History in the Pre-Columbian Andes explores archaeological approaches to temporalities, social memory, and constructions of history in the pre-Columbian Andes. The authors examine a range of indigenous temporal experiences and ideologies, including astronomical, cyclical, generational, eschatological, and mythical time. This nuanced, interdisciplinary volume challenges outmoded anthropological theories while building on an emic perspective to gain greater

understanding of pre-Columbian Andean cultures. Contributors to the volume rethink the dichotomy of past and present by understanding history as indigenous Andeans perceived it—recognizing the past as a palpable and living presence. We live in history, not apart from it. Within this framework time can be understood as a current rather than as distinct points, moments, periods, or horizons. The Andes offer a rich context by which to evaluate recent philosophical explorations of space and time. Using the varied materializations and ritual emplacements of time in a diverse sampling of landscapes, *Constructions of Time and History in the Pre-Columbian Andes* serves as a critique of archaeology's continued and exclusive dependence on linear chronologies that obscure historically specific temporal practices and beliefs.
