Love is sacred. It needs no memory. But when memory is lost in a sickening tragedy, how can that love possibly survive? Irreparable damage was done to David in the tombs when his wife was killed. Since then, he's struggled to lead a human life and maintain the will to live for the sake of their son. So when he's called to a mission at request of his new king, he accepts willingly, happy for the distraction. He could never have imagined the mission would involve a blue-eyed girl from his past. But after well-meaning friends and family decide it's best for Ara start fresh, having no memory of her past life, David is forced to play a role and pretend he doesn't know her, driving him into a desperate state of madness. Ara's memory extends only as far as the beginning of summer. Waking from a coma after a terrible accident, she's taken to live in another country to get away from the sadness. She knows nothing of her old life. Nothing of this world she lives in. The only person she has is Brett, an ex-Queen's Guard posing as her big brother and guardian. On meeting David at her new school, Ara finds him overbearing and a bit creepy, falling instead for a sweet guy named Cal, who's ancestral connections would be of great interest to someone she once knew. But David's grip on his emotions starts to slip as he's obligated to stand by and watch his beloved wife date other guys, and it triggers something in him that no one would ever have expected. Can Ara fall in love with the human David again after what he does to her, or was their love ever only a result of her attraction to his vampirism? If you thought you knew Dark David, you're still to meet the cold, human version in this gut-wrenching epilogue about fighting for love when you've got nothing left to fight with.

Over the last few decades, public opinion has been traumatised by revelations of child abuse on a mass scale. It has become the major human rights story of the 21st century in Western society. This ground-breaking book explores the relationship between the media, child abuse and shifting adult-child power relations which, in Western countries, has spawned an ever-expanding range of laws, policies and procedures introduced to address the 'explosion' of interest in the issue of child abuse. Allegations of child sexual abuse by Roman Catholic clergy in Ireland – and its 'cover-up' by Church authorities – have given rise to one of the greatest institutional scandals of modern history. Through in-depth analysis of 20 years of media representation of the issue, the book draws significant insights on the media's influence and its impact on civil society. Highly topical and of interest and relevance to lecturers and researchers in the areas of childhood studies, sociology of childhood, child protection and social work, social and public policy and human rights, as well as policymakers, this book provides an important contribution to the international debate about child abuse as reflected to the public through the power of the media.

Now you can get the first three books of the 'Her ~ Romantic Suspense' series in one box set. Features two full-length novels and one 80-page novella. Her Sanctuary: Running for her life, ex-FBI agent Elizabeth Ward escapes to Montana with a new identity. She craves peace and solitude, but instead finds handsome rancher, Nat Sullivan. Nat is trying to hold his ailing family together, while struggling to keep the ranch from bankruptcy. The last thing the cowboy needs is a beautiful stranger reminding him there is more to life than work. But Elizabeth isn't what she seems. And when a murderer and rapist track her down to the remote ranch, they all find out about the power of revenge. Revenge or Redemption. Which would you choose? Her Last Chance: Marsh & Josie first appear in HER SANCTUARY. This is their story. Eighteen years ago the Blade Hunter found his first victim on the streets of New York City. As a child Josephine Maxwell was attacked and left for dead. She learned the hard way that life is a constant struggle for survival. She can't waste time pining over a man she can't have. Now the killer has returned, and the only person who can save her is the FBI agent she deceived and betrayed six months ago. Now he's back to finish the job. Special Agent-in-Charge Marshall Hayes has made it his life's work to fight on the side of law and order, even though it cost him the only woman he ever loved. The return of a serial killer gives him the excuse he needs to force his way back into her life. But in order to catch the killer and safeguard Josie's life, he has to break all the rules and risk losing his heart again. Her Risk To Take (80-page novella): If only ER doc Sarah Sullivan could get the ornery cowboy she's loved since she was a girl to cooperate, she could move on with her life, and maybe even think about starting a family. But he's pulling away, and she doesn't know why. What she does know is that she can't imagine life without him. Ex-con Cal Landon lives in fear of the day his ugly past catches up with him and takes away the best thing he's ever known—Sarah Sullivan. Cal would die to protect her, but she deserves better than a world-weary ranch hand. Even though it's way past time for him to leave her family's Montana spread, he can't bring himself to let go. When Sarah proposes at Christmastime, Cal has no choice but to walk away. Then a hostage crisis hurls Sarah into a life-and-death situation, and the love that made Cal leave sends him racing back to her side, straight into danger. He will get her out alive—or die trying.
