protections that have significantly enhanced the quality of life and safety for all Americans, showing how these protections were won through the skillful and determined work of leading activists and activist organizations. Many of the stories told here are related by the activists themselves, often for the first time. More than 140 entries offer a comprehensive treatment of the consumer activism of specific organizations, their leaders, and strategies. The book also includes more than 40 entries about consumer movements in Europe, Asia, Africa, and Latin America. A timeline of key events and a listing of the most important books on the subject of consumer activism help provide context for the individual entries as do two introductory essays. Cross references in each entry establish linkages among topics.

- Provides the single most comprehensive source available of information about consumer activism and advocacy
- Shows how activism has influenced laws and regulations affecting more than 40 consumer issues
- Shares personal accounts from activists about their work on these issues
- Details information on U.S. national consumer organizations and many state and local consumer groups, including their goals, strategies, leaders, finances, and impact
- Offers insights into the ways consumer activist groups have interacted with other nonprofits, policymakers, regulators, and business groups

The go-to legal resource for principals, fully updated! How often does a potential legal issue arise at your school? Now in an expanded third edition, this trusted resource provides clear and helpful guidance from a team of respected school-law experts.

Substantive new information shows principals how to: Address student use and misuse of technology, on and off campus Avoid the pitfalls of zero-tolerance discipline policies Lead school safety and violence prevention, including collaboration with school resource officers and other personnel Prevent and respond to bullying incidents Stay current with special education requirements Ensure that employment and evaluation practices reflect the law How the world's most powerful media mogul really thinks The third book in Portfolio's new series looks at Rupert Murdoch, the controversial chairman and CEO of News Corp. He is the subject of endless gossip, speculation, and criticism, but what really drives his bold (and usually successful) gambles? Based on comments from News Corp. executives and competitors, and interviews with Wall Street analysts, investors, and other media experts, Paul La Monica's book explores some of the most fascinating questions about Murdoch. For instance: How did he grow a small Australian newspaper company into a global media empire? Why did he challenge the TV establishment with the Fox Network and Fox News Channel—for profits or for

deeper reasons? Did his obsession with The Wall Street Journal lead him to overpay for Dow Jones? How has he dealt with detractors and enemies, including Ted Turner and John Malone? Was he smart to acquire MySpace to launch his Internet strategy? Why does he still work so hard at age 77 with a net worth of \$8.8 billion and nothing to prove? This book focuses on future markets for broadband products and services, as well as the infrastructure under development that is intended to make those markets more readily attainable and manageable. But it also takes on a more ambitious agenda. Its analysis shows how advanced technologies are facilitating the transition to a new world information and economic order in which much larger percentages of end users have a greater chance of getting what they want.

Audio and video content is all around us. And these days much of it comes not from TV cables, satellite dishes, and radio antennas, but from our digital devices around the house, streaming over the Internet and local networks. And that's why we created the Digital Entertainment Superguide, a primer with everything you need to know to get started. This book walks you through how to set up your home network and choose the right hardware—set-top boxes, smart TVs, media center computers, streaming speakers, remote controls, and more—for your needs. Like to watch TV shows and movies but not sure where to find what? We've got you covered with a guide to streaming video sources for your TV or mobile devices. We don't leave music lovers out either, as we help you choose the best streaming audio service. Do you want Mog, Rdio, Rhapsody, Slacker, or Spotify? How much does each service cost? Which sounds best? We answer all those questions and more in the pages that follow. Finally, if you're wondering how to move audio and video around the house—stream music wirelessly from an iPhone to an AirPlay speaker in the living room or send video from a computer to your beautiful wall-mounted HDTV—you've come to the right place. We'll even show you how to use your smartphone or tablet to control it all. So read on, and let the fun begin!
