Nick ziet tot zijn verbazing een app op zijn telefoon verschijnen. Een app die zijn leven, net als het computerspel Erebos, weer volledig overneemt. Vanaf ca. 13 jaar.

Zonder dat hij het doel van zijn tocht kent, maakt een jongen die altijd in een kamp heeft geleefd een lange en moeilijke reis dwars door Europa.

"The Video Games Guide is the world's most comprehensive reference book on computer and video games. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review of the game itself"--Provided by publisher.

From the pages of Electronic Musician magazine come these words of wisdom from Scott Wilkinson. He bridges the information gap between beginner and high-end user as he demystifies the decibel, explains SCSI secrets, and makes sense of MIDI. Other topics include the principles of digital audio, effects processors,

microphones and more. You'll also get two glossaries: one general and the other packed with Internet terms. This book gathers the peer-reviewed proceedings of the 14th International Symposium, PRADS 2019, held in Yokohama, Japan, in September 2019. It brings together naval architects, engineers, academic researchers and professionals who are involved in ships and other floating structures to share the latest research advances in the field. The contents cover a broad range of topics, including design synthesis for ships and floating systems, production, hydrodynamics, and structures and materials. Reflecting the latest advances, the book will be of interest to researchers and practitioners alike. A perennial bestseller and the most accessible resource on new car ownership, complete with yearly cost and performance ratings on all current models. Illustrated.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.
