looking to get a grade 7-9 in your exam? This book aims to help you nail it by giving you: \* Expert advice to help you get to grips with the tougher exam questions \* Worked examples and fully worked answers to show you what the best answers will look like \* Plenty of opportunity to practise the more challenging exam-style questions \* Hints and advice to develop your exam technique to help you access the higher marks.

Covering all GCSE specifications, this tried and tested series has been fully updated to match the (9-1) GCSE Physics specifications for first examination in 2018, as well as international specifications. With a focus on science, concepts develop naturally, engaging students and enabling them to get a thorough understanding of Physics.

This book examines Robert Grosseteste's often underrepresented ideas on education. It uniquely brings together academics from the fields of medieval history, modern science and contemporary education to shed new light on a fascinating medieval figure whose work has an enormous amount to offer anyone with an interest in our educational processes. The book locates Grosseteste as a key figure in the intellectual history of medieval Europe and positions him as an important thinker who concerned himself with the science of education and set out to elucidate the processes and purposes of learning. This book offers an important practical contribution to the discussion of the contemporary nature and purpose of many aspects of our education processes. This book will be of interest to students, researchers and academics in the disciplines of educational philosophy, medieval history, philosophy and theology.

Target success in Edexcel International GCSE Physics with this proven formula for effective, structured revision; key content coverage is combined with exam-

style tasks and practical tips to create a revision guide that students can rely on to review, strengthen and test their knowledge. - Plan and manage a successful revision programme using the topic-by-topic planner - Consolidate subject knowledge by working through clear and focused content coverage - Test understanding and identify areas for improvement with regular 'Now Test Yourself' tasks and answers - Improve exam technique through practice questions, expert tips and examples of typical mistakes to avoid - Get exam ready with extra quick quizzes and answers to the practice questions available online

The guide is an essential resource for trainee teachers working towards the Teachers' Standards for qualified teacher status (QTS). It also helps newly qualified teachers (NQTs) and more experienced teachers have an 'understanding of, and always act within, the statutory frameworks which set out their professional duties and responsibilities' Teachers' Standards. Higher Level Teaching Assistants (HLTAs) and Teaching Assistants (TAs) working towards HLTA status will find the guide invaluable in developing knowledge of how 'other frameworks that support the development and well-being of children and young people impact upon their practice' HTLA Professional Standards.

addresses an area of difficulty in each unit with a unique approach, to develop and extend students' skills.

Exam board: Pearson Edexcel Level: International GCSE (9-1) Subject: History First teaching: September 2017 First exams: Summer 2019 Endorsed for Pearson Edexcel qualifications Follow the tried-and-tested methods of bestselling author Ben Walsh. This book builds the skills required for exam success, helps students to remember all the content and makes History really interesting. The authors have listened to feedback from teachers and students about the challenging aspects of the specification, to ensure that they deliver the support you need. You can rely on this textbook to:

- Straightforward language, manageable chunks of text and plenty of bullet points guide you through the content, which is covered in the amount of depth that students need
- Ben Walsh is known for selecting memorable sources and extracts that work alongside the narrative to draw out the big concepts within each topic
- The features in the book are designed to consolidate students' knowledge of the key points - from 'Focus' boxes and regular 'Knowledge check' questions to end-of-chapter summaries
- Activities throughout the chapters and larger 'Focus tasks' teach students how to select, organise and use their knowledge to explain, analyse, evaluate and make judgements
- Clear explanations of the exam requirements, analysis of what a good answer might look like and handy tips help students to feel confident and prepared

This book covers the following units:

Depth studies
