Hymns and the music the church sings in worship are tangible means of expressing worship. And while worship is one of, if not the central functions of the church along with mission, service, education, justice, and compassion, and occupies a prime focus of our churches, a renewed sense of awareness to our theological presuppositions and cultural cues must be maintained to ensure a proper focus in worship. Hymns and Hymnody: Historical and Theological Introductions is a sixty-chapter, three-volume introductory textbook describing the most influential hymnists, liturgists, and musical movements of the church. This academically grounded resource evaluates both the historical and theological perspectives of the major hymnists and composers who have impacted the church over the course of twenty centuries. Volume 1 explores the early church and concludes with the Renaissance era hymnists. Volume 2 begins with the Reformation and extends to the eighteenth-century hymnists and liturgists. Volume 3 engages nineteenth century hymnists to the contemporary movements of the twenty-first century. Each chapter contains these five elements: historical background, theological perspectives communicated in their hymns/compositions, contribution to liturgy and worship, notable hymns, and bibliography. The mission of Hymns and Hymnody is (1) to provide biographical data on influential hymn writers for students and interested laypeople, and (2) to provide a theological analysis of what these composers

the church musician as a worship 3enlivener,<sup>4</sup> and making a case for 3polyrhythmic worship<sup>4</sup> in our churches. A unique resource, *Gather into One* demonstrates the spiritual riches to be gained through multicultural worship and makes a *Resist!* This exhortation animates a remarkable range of theological reflection on consumer culture in the United States. And for many theologians, the source and summit of Christian cultural resistance is the Eucharist. In *Commodified Communion*, Antonio Eduardo Alonso calls into question this dominant mode of theological reflection on contemporary consumerism. Reducing the work of theology to resistance and centering Christian hope in a Eucharist that might better support it, he argues, undermines our ability to talk about the activity of God within a consumer culture. By reframing the question in terms of God's activity in and in spite of consumer culture, this book offers a lived theological account of consumer culture that recognizes not only its deceptions but also traces of truth in its broken promises and fallen hopes.

The Lent-Easter seasons cover one-fourth of the year, or 25 percent of the liturgical year. One of the many things we do as Roman Catholics is sing Lenten and Easter hymns. During Lent, we express our sorrow for sin as we pray, fast, and give alms. During Easter, we shout Alleluias at the end of many hymns to express our praise of God for having raised Christ from the dead. Thus, those who observe Lent and Easter sing religious hymns written for each season. The sounds of Lenten hymns in minor keys give way to Easter hymns in major ones. This book presents an exercise for every day of Lent and Easter that combines the daily Scripture texts from the Lectionary for Mass with religious hymns sung during Lent and Easter. It is designed to be used by individuals for private prayer or by families for public prayer. A six-part exercise is offered for every one of the 135 entries: (1) the liturgical day, (2) the daily Scripture texts, (3) a verse from a traditional hymn, (4) a reflection, (5) a question for personal meditation, and (6) a concluding prayer.
