A companion publication to The Part-Timer Primer book, the Instructors Guide is for teachers, counselors, coaches and mentors who teach life and career skills to young adults. This guide includes lesson plans and quizzes, complete with answer guides and discussion points. Author Darrell Doepke's perspective and experiences as a small business owner provide teens, parents, mentors and teachers with valuable guidance that is easily overlooked or, as is more often the case, simply taken for granted during this important stage in a teen's life.

Complete Guide to Federal and State Garnishment provides much-needed clarity when the federal and state laws appear to conflict. You'll find plain-English explanations of the laws and how they interact, as well as the specific steps you and your staff need to take to respond to the order properly. Numerous detailed examples and mathematical

calculations make it easy to apply the law under different scenarios. Written by Amorette Nelson Bryant, who was recently appointed by the Uniform Law Commission as an observer for the Drafting Committee on a Wage Garnishment Act and was a past chair of both the APA GATF Child Support Subcommittee and Garnishment Subcommittee, Complete Guide to Federal and State Garnishment brings the payroll professional up-to-date on the latest federal and state laws and regulations affecting this ever-changing area. It is your one-stop source for answers to critical questions, such as: Does the amount exempt from garnishment change when the minimum wage goes up? How do I determine the wages to which the garnishment applies? If an employee is subject to more than one garnishment, which has priority? Which state's rules do I use when I receive a child support order sent from another state? State or federal law - which applies for creditor garnishment and support? Are there alternatives to remitting withheld child support via EFT/EDI? How do I handle garnishments when employees are paid a draw against salary? Previous Edition: Complete Guide to Federal and State Garnishment, 2018 Edition, ISBN 9781454884255

This study guide gives MBA students around the world what they need most--examples of the kinds of assignments they will face in their MBA program. This guide covers the topics of accounting, economics and finance with an international focus. The author provides actual questions and research assignment topics he encountered in his international MBA program. More importantly, the answers to each question and the research papers he submitted are also included, along with an analysis of each writing. As the author found most MBA students are unfamiliar with academic writing and proper APA formatting, those topics are also covered in this book, with numerous, ready-to-use examples given. While other MBA guides tell you what to study, this book is a road map to completing your assignments on time, with style and with practical insider knowledge. The author is an educator with over 20 years of teaching experience and over 10 years of teacher training experience. He has worked and lived long-term in Japan and Malaysia, and has facilitated more than 150 workshops and presentations on education topics in a handful of Asian countries. He understands the field of teaching and he knows what teachers are looking for in assignments at the graduate level. This study guide was created to help all students--whether native English speakers or non-native English speakers--successfully navigate their MBA studies with confidence and satisfaction.

"As an overview, Developing Effective Assessment in Higher Education makes a very useful contribution to assessment literature, providing a publication that is relevant and accessible to practitioners whilst giving rigorous exploration of issues associated with student assessment. It should find a readership on that basis and will be welcomed as a considered and insightful contribution to the literature on student assessment." Higher Education Review What are the main issues when considering the design and management of effective assessment strategies for academic programmes? How should lecturers design and use assessment in university so that it helps students to learn, as well as judging their achievement? How can students be prepared for assessment, including peer, self and group assessment? This book provides comprehensive practical guidance on managing and improving assessment within higher education. It tackles all stages in the assessment cycle including: Assessment design Preparing students for assessment Marking and moderation Providing feedback Quality assurance It also provides a concise introduction to the research literature on assessment which will inform practice, debate, programme enhancement and practitioner research within university departments, teaching teams and courses for higher education teachers. The practical guidance in the book is substantiated with reference to relevant research and policy. In particular, it considers how the different purposes of assessment create conflicting demands for staff; often characterised by the tension between attempting to support student learning whilst meeting imperatives for quality assurance and demonstrable maintenance of standards. Issues are debated using concrete examples and workable solutions are illustrated. Consideration is also given to the management of assessment as well as to how new technologies might be used to develop assessment methods and enhance student learning. Developing Effective Assessment in Higher Education is key reading for both new and experienced lecturers, programme leaders and academic developers, and will enhance their efforts to use assessment to improve students' learning as well as to grade them fairly, reliably and efficiently.
