

# Handwriting Analysis

The fully illustrated chapters within this comprehensive guide will gradually lead the reader toward understanding and interpreting the different features of handwriting, not only where the personal qualities of the writer are clearly expressed, but also where he or she tries to mask them behind affected mannerisms. Many features of handwriting will be interpreted by the readers as symptoms of conflict in their own minds. They will be led to solve their problems through a study of their own handwriting and will find many examples of such conflicting traits in samples of handwriting collected by the author during the many years of her experience. The samples will teach the reader to apply his newly won method in similar cases, and so gradually acquire experience of his own. The author has endeavored to prove that nothing is surmise or mere intuition in graphology. On the contrary, each graphic trait will be explained in full detail in connection with the different combinations and associations. Only through those combinations can one do justice to the writer's personality in the analysis of handwriting. David DeWitt has done it once more! In his latest book, "Bullying...Applying Handwriting Analysis to Detect Potential Signs and Effects", David DeWitt puts forth a timely hypothesis that carries great import for contemporary American society. As a certified Graphoanalyst, David DeWitt has spent a lifetime studying the link between human behavior and handwriting. This field of endeavor is referred to as Graphology and is a science unto itself. I have personally witnessed this man as he applied his extensive knowledge to analyzing the handwriting of interested volunteers ...and the results of his findings were incredibly accurate! The individuals involved were, to a person, amazed by the insights that he garnered based

## Online Library Handwriting Analysis

upon their handwriting samples. Above all, David DeWitt is a humanist of the highest caliber and his altruism has inspired him to deploy his unique skill set for the betterment of mankind. On October 7, 2003, young Ryan Halligan's life ended as a result of recurrent bullying by his peers. John Halligan, Ryan's father, has since made it his mission to speak out publicly against bullying and to alert people to its many and varied warning signs. Having met Mr. Halligan personally, David DeWitt was touched by Ryan's tragedy and was compelled to marshal his graphoanalytic talents in the war against bullying. In his newest work, "Bullying...Applying Handwriting Analysis to Detect Potential Signs and Effects", David DeWitt methodically exposes the reader to the links between handwriting and possible aggressive and dishonest behavior. This book is not just for parents ...we are all involved in the battle against bullying. I endorse David DeWitt in his literary efforts and highly recommend this book to you. Simply stated, this is a must read. —John De Mado, John De Mado Language Seminars, LLC Author/Houghton Mifflin Harcourt, McGraw-Hill, Pearson

The ability to write by hand is a pinnacle of human achievement. As a form of self-expression, handwriting reflects a person's thoughts about the self and reveals aspects of a person's personality. Written in a step-by-step fashion, *The Definitive Book of Handwriting Analysis* begins with the history of the field and then teaches you how to analyze any handwriting, starting with objective criteria, including variables such as organization, speed, size, shape, slant, and symbolic features. Then you learn how to combine these variables to create a full personality profile. There are more than 100 handwriting samples, including those from Paul Newman, Bill Clinton, Marlon Brando, Donald Trump, Sigmund and Anna Freud, Thomas Edison, Osama bin Laden, Jacqueline Kennedy, Bruce Springsteen, Benito Mussolini,

Napoleon, Michael Jackson, Robert Redford, Barak Obama, and Charles Darwin. Part II discusses how handwriting is organized by the brain and includes many examples of the link between handwriting and various illnesses and brain disorders, from dyslexia and epilepsy to stroke and coma. It ends with a discussion of the link between different personality types, their brain organization, and their handwriting. Part III is an in-depth look at the field of questioned documents, including such topics as free-hand forgeries, tracing, disguised handwriting, and anonymous notes. It features an in-depth discussion of how forgeries are created and how they are detected. If you are interested in any aspect of this topic, *The Definitive Book of Handwriting Analysis* is definitely the book you need!

A step-by-step approach to learning the secrets of handwriting analysis with over 100 handwriting samples individually examined.

This all-in-one handwriting analysis kit includes a how-to-book, notepad, ruler, protractor, magnifying glass and an International Graphoanalysis Society certified Emotional Responsiveness Gauge. Handwriting analysis has been submitted as evidence in court cases, studied to understand heroes from the past and investigated by the police to track criminals. It's a fun and telling way to learn about people's strengths and weaknesses. Like clothing or body language, handwriting style is a presentation of ourselves on a subconscious level. By taking a close look at a short writing sample, from the dots on the I's, and crosses on the T's to the loops on the P's and humps on the N's, readers can decipher hidden talents and insecurities and delve into the depths of the subconscious self. It's surprisingly accurate and lots of fun. The book analyzes the handwriting of the most interesting and controversial people in history from Einstein and Madonna to Clinton and Starr.

No book has portrayed the provocative topic of handwriting analysis with as much sweep and depth. Veteran handwriting analyst Martin Povser covers all the issues that have intrigued the public and analysts themselves, including the ones about doctors writing and printed writing. Since an analysis determines the writers personality, he shows many practical uses for an analysis, from personal and family to commercial and governmental. He even delves into cutting-edge issues, such as graphotherapyreforming your personality by altering your handwriting. What about people with serious social problems? Povser discusses what we can learn from the writing of anorexics, ax murderers, embezzlers, and the sexually abused. In breaking new ground, Povser also takes you inside with professional analyst Allan K. Grim, Jr., recounting his diverse experiences, showing his analysis steps, and conveying his outspoken opinions. Some people link handwriting analysis with dubious subjects like astrology and fortune telling. Acknowledging critics attack his subjects validity, Povser airs the arguments for and against it. However, he makes his case for the public and psychology to accept it as a serious scientific subject. In a bold statement he also explains why he believes it is better than any other psychological test or technique for revealing personality. Povsers writing style is

by using the fun techniques in this unique book you'll find that sometimes you simply haven't got the time to check out everybody's handwriting! REVIEWS "I really enjoyed reading your new book and would heartily recommend it. It is a great way to learn the art without spending hours ploughing through the many books out there on the subject." - Richard Osterlind "Julian is a wonderful teacher. I've tried learning enough about graphology before to use as an adjunct to my mentalism performances but it never stuck. And I quickly became bored. With Julian's system once the info is in your head, it isn't easily leaving. And I found the whole process fun! Julian has set this up in a way that you get constant reinforcement for your efforts and just want to keep going." - Bill Cushman "I have finished Julian's book on Graphology and highly recommend it. Julian has condensed a large amount of information on graphology into an easily memorized system and provided a presentation that is short, sweet, and can be done on the back of a business card. I like to explain how I am getting my information as I am doing the reading, and Julian's system is perfectly suited for this. In fact, it is so simple to explain that your subject will likely go away believing they have learned something valuable even in the unlikely event that most of your reading doesn't hit the mark -- so you really cannot lose. Anyone that is interested in Graphology should definitely pick up this book." - John Lumber "As

a long time graphologist, I've perused Julian's manuscript, and can attest that it is exactly as described. He's taken some of the real 'meat' of the subject and found a way to explain it clearly and simply - AND to do it in a wicked clever mnemonic sort of structure that makes it quite easy to remember. (And, therefore, easy to explain to others.) He's done a lot of hard mental work so that you won't have to! Well worth the price tag for those who wish to use it." - Brane OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning: Graphology - The Art Of Handwriting Analysis Speed Learning: Cartomancy - A Playing Card Reading Primer Speed Learning: Palmistry - Palm Readings In Your Own Words Speed Learning: Numerology - Numbers Past And Present With The Lo-Shu Square Speed Learning: Star Signs Handwriting Analysis 101: Identifying Personality, Sex & Lies through Handwriting Are You Ready To Learn How To Read Into The Detail Of Handwriting? If So You've Come To The Right Place... In the 1930's, handwriting analysis finally gained visibility in the United States. A penmanship instructor noticed that despite the consistency of his method of instruction and teaching his students in groups, their handwriting always had a certain individuality - their strokes bore their "mark," as he put it. He made detailed observations, made use of existing knowledge, and eventually made significant contributions to the

This one is the best complete package for beginners to learn the science of handwriting and how to read anyone's personality without meeting or asking a single question. After reading this book if you have any query please feel free to contact us. The book tells in details about the tricks and logic of analyzing handwriting and signatures. This book can be used very usefully by everyone who wants to become successful by changing his attitude and personality by actually knowing about himself. Handwriting Analysis: Laws/Principles... And More is Mr. Cammarata's presentation of handwriting's inherent scientific base from which handwriting is analyzed. Like any other scientific study, handwriting is based upon inescapable laws/elements/principles which are exhibited each time a person writes. These form the stable rock of its foundation. Part of that rock is the only two possible movements when writing. These movements are stated with instant proof. No different than any other science, handwriting's silent but dynamic portrayal of personality is a wonderment of human analytical and historical development. Handwriting is actually brain writing. By assessing the permanent inescapable elements, a personality can be traced just like the infamous duck tracks. Besides describing the elements/principles/laws, original concepts of handwriting will be presented. A 20-year study to determine the very necessary average standard size for writing is given with statistics and insight into the power of handwriting. A presentation is made implying handwriting's reality source base. Further, the generally accepted copybook "standard" writing size is challenged with various arguments. The

## Online Library Handwriting Analysis

process of personnel selection (before hiring) is also presented and much to the employer's advantage. It's the personality that DOES the job, not experience nor education. Yes, the latter help but they do not DO the job. Only the inherent qualities matched to the job description can produce a known performance level prior to hiring. This book is an inspiration to the understanding of handwriting's foundation scientific base and why handwriting analysis is real and works. Forget about what you may have learned or heard of previously. This book gives you the truth about handwriting. You'll be surprised and totally engaged in this most fascinating true presentation. Does your handwriting actually change? The answer is in this book. Is handwriting analysis good for evaluating a mate? Absolutely... before the ring. Those and much more in this most forthright scientifically based presentation. Welcome.
