happiness, laughter and tears. It is filled with struggles as well as sweet triumphs. It is filled with every experience in your life, both good and bad. As you move through your life, the pieces of your puzzle are set one at a time. Each one is essential and relevant. When completed, your puzzle will finally make sense. You will be able to recognize how each piece has brought you to where you are today. Each piece fits, in some way, to help bring you to a place where God wants you to be. When something happens that is unbearable and you cannot find a reason for it, sometimes it is Gods own steadying hand that helps set the piece into place. Build your puzzle with confidence, one piece at a time, and know your masterpiece was created by the Master Himself, piece by important piece.

This e-book details the most interesting and important characteristics of the automobiles, car maintenance, styling features, car body style, the standard classification of the cars, an history of the automobiles, introduction in the automotive industry, and the traffic code, rules and signs. An automobile, usually called a car (an old word for carriage) or a truck, is a wheeled vehicle that carries its own engine. Older terms include horseless carriage and motor car, with “motor” referring to what is now usually called the engine. It has seats for the driver and, almost without exception, for at least one passenger. The automobile was hailed as an environmental improvement over horses when it was first introduced. Before its introduction, in New York City, over 10,000 tons of manure had to be removed from the streets daily. However, in 2006 the automobile is one of the primary sources of worldwide air pollution and cause of substantial noise and health effects.
