Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Laptops are a convenient choice for senior users: their mobility means they can be used anywhere. Become an active member of the mobile computing lifestyle, from online shopping and social media to keeping up with the grandkids.

American tourists are being chased across Australia by terrorists because their laptop contains files the terrorists need for a bomb plot in Sydney. Of course the Americans think the laptop contains only photos and personal documents. The terrorists try stalking, burglary, seduction, blackmail, ambush and a high speed car chase without success. Are the Americans very lucky, or are they under divine protection?

Case brought by entertainment industry companies seeks injunctive relief and money damages and related relief against defendants, individuals responsible for proliferating a software device that unlawfully defeats the DVD copy protection and access control system, or the Contents Scramble System ("CSS"). This enables individuals to make, distribute, and/or otherwise electronically transmit or perform unauthorized copies of copyrighted motion pictures and other audiovisual work. These acts violate the provisions of the United States Copyright Act governing circumvention of

copyright protection systems.
