Al sinds hun kindertijd zijn Rosie en Alex onafscheidelijk. Rosie is dan ook ontroostbaar als Alex met zijn familie van Dublin naar Boston verhuist. Ze besluit om naar de hotelschool in Boston te gaan als ze van school af is, zo hoeven ze elkaar maar een jaar te missen. Maar het loopt anders. Rosie raakt zwanger en blijft bij haar ouders wonen om voor haar dochtertje te kunnen zorgen, terwijl Alex met een Amerikaanse trouwt. Hun magische band houdt hen op de been tijdens alle ups en downs in hun bestaan, maar geen van beiden weet of hun vriendschap de jaren en kilometers - en nieuwe relaties - zal overleven. In Rosies achterhoofd speelt altijd de vraag of ze misschien ooit meer hadden kunnen worden dan goede vrienden. Misverstanden, omstandigheden en pure pech hebben hen uit elkaar gehouden, maar als de ultieme kans zich aandient, zullen ze dan alles op het spel zetten voor echte liefde? Cecelia Ahern (1981) debuteerde met de bestseller P.S. Ik hou van je, dat succesvol werd verfilmd met Hilary Swank in de hoofdrol. Daarna publiceerde ze onder meer Het boek van morgen, De tijd van mijn leven, Honderd namen en Zo word je verliefd. `De sleutel tot Aherns succes is haar vermogen om niet alleen een goed verhaal te vertellen, maar het ook te bespreken met genoeg humor, tranen en een beetje magie. I was given an opportunity to return to Earth to complete my unfinished business from God. While I was visiting heaven, I had re-signed a contract with God, promising that I would write a book about my experience. I always fulfill what I promise; I believe it is a beautiful thing to do. I have written about my experience in this book, Retrospective—From the Void of Emptiness to Planet Earth. I have explored what it is like living as a spirit in nothingness before we set foot on Earth. In my opinion, our true nature is an infinite being temporarily accommodated in a physical body that we animate on Earth. This is part of the spiritual journey we must take. I have explained how a person should take care of himself, because no one else can provide such personal responsibility for another individual. Therefore, you should love yourself and believe you are significant. Celebrate your life at every moment. In addition, in discussing an issue regarding my health, I realized that the most valuable thing in life is to have superb health. That is how I ended up in heaven but was given a second chance to return to Earth to finish what I wanted to complete.

Each of us has a story and each story has a start, middle, and end. We know how we arrive in this world and how we are to leave it, but it is the middle segment which varies for each one of us and truly defines our lives. But in our busy routine-driven days, it has become impossible to pay attention to ourselves and our mind. We tend to simply absorb everyone else's thoughts and beliefs and make them our own. This often leads to a state of utter discontentment and we

I thank God (Allah) for giving me well-being and the courage to complete this seven-chapter book. And it has also fulfilled my long-time desire, which is always to share my opinion with different people in different communities. However, human beings are not complete creatures, neither perfect, I am not an exception. You might disagree with some of my opinions, which is very much understandable, because no two people will always agree on the same thing all the time. However, I recommend you and every single reader of this and other books to carefully read every single subject, topic very well, before making any conclusion to agree or disagree. Majority of topics and subjects in this book are based on own personal experience and research. And no part of this book is a copy from any other text. However, I get some of my evidence and reference from the holy Quran and the tradition of Prophet Muhammad. You might read a book with an open mind, but the real-life events that took place and I highlighted

some of them are always better to act on something you learn before it could happen to you or you might experience it before and you don't want it to happen to you again. I recommend for every reader to follow the best examples which I highlighted, majority of which will surely help you. Finally, if I said something that offended you, that is not my intention; my real and true intention is to help people in different level of society in regards to issues facing them. And sometimes it is almost impossible to make your point without using a reference and example that might sound offensive to someone; however, that is not the intention of most authors to offend the readers. I wish may God (Allah) make it easy for us to accept the truth and follow the right part to him. May Allah keep peace and his blessing hand on the soul of my mother and father who passed away, with the rest of Islamic community who passed away too. May Allah increase his peace and tranquillity on the legacy of Prophet Muhammad, his followers, and the rest of Islamic community and individuals. I end with the name of Allah, the most gracious, the most merciful.

Please Enjoy Your Happiness is a beautifully written coming-of-age memoir based on the English author's summer-long love affair with a remarkable older Japanese woman. Whilst serving as a seaman at the age of nineteen, Paul Brinkley-Rogers met Kaji Yukiko, a sophisticated, highly intellectual Japanese woman, who was on the run from her vicious gangster boyfriend, a member of Japan's brutal crime syndicate the yakuza. Trying to create a perfect experience of purity, she took him under her wing, sharing their love of poetry, cinema and music and many an afternoon at the Mozart Café. Brinkley-Rogers, now in his seventies, re-reads Yukiko's letters and finally recognizes her as the love of his life, receiving at last the gifts she tried to bestow on him. Reaching across time and continents, Brinkley-Rogers shows

What are the true determinants of a happy and fulfilling life? Widely admired psychological researcher Rag Raghunathan sets out to find the answer, undertaking extensive research into the happiness of students, business people, stay-at-home-parents, lawyers, and artists, among others. From his research he reveals a crucial discovery: many of the psychological traits that lead to success ironically get in the way of happiness. Forging a new way forward, Raghunathan shows how we can transform these key traits of success, namely the need to be loved, the need for importance and the need for control, and replace them with other behaviours, goals and values to improve our life-long levels of happiness.

Get into the habit of being happy! We may all have different abilities, interests, beliefs and lifestyles, beliefs but there is one thing that we all have in common: We want to be happy! Happiness shows you how to be happy by adopting lifelong "happiness habits" that bring and fulfillment and pleasure to your days. These habits will help you manage life's inevitable ups and downs; consistent practice will develop your happiness abilities and help you live the happy life you want. Aristotle believed that happiness was comprised of pleasure and a sense of life well-lived. Today's research agrees, suggesting that "happiness" is defined by your overall satisfaction with your life as well as how you feel from day to day. This book shows you that happiness is a skill made up of a particular set of habits that you can bring in your life starting today. Identify your own, personal definition of "happiness" Learn why we need to be happy and what often gets in the way Develop habits that help you create and maintain happiness long-term Learn how to be happy when you're stuck in an unhappy situation Discover the often-overlooked happiness that surrounds you every day While happiness is not feeling good all the time you do have the ability to control how you feel Happiness gives you the skills and perspective to recognise happiness and pursue a happy life—whatever that may mean for you.

Madeline Miller heeft op bewonderingswaardige wijze de klassieker Ilias opnieuw vormgegeven in een eigentijdse, spannende roman waarvoor ze de Orange Prize 2012 heeft gekregen. Patroclus is een jonge prins, verbannen naar het koninkrijk van Phthia om daar op te groeien met godenzoon Achilles. Achilles is sterk, mooi, een gouden kind: alles wat Patroclus niet is. Maar ondanks hun verschillen raken de jongens innig bevriend, en hun band wordt sterker naarmate ze ouder worden. Dit tot verdriet en woede van Achilles' moeder Thetis, een wrede zeegodin die een hekel heeft aan stervelingen. Als duidelijk wordt dat Helena van Sparta is ontvoerd en alle Griekse mannen verplicht zijn om haar eer te wreken en Troje te belegeren, sluit Achilles zich aan bij het leger, verblind door de belofte van roem. Patroclus, verscheurd door liefde voor en angst om zijn vriend, gaat met hem mee. Zij weten niet dat het lot hen tot het uiterste zal testen en hun zal vragen om een verschrikkelijk offer.

Set more than four thousand years in the future, *The End of This Day's Business* depicts a truly utopian way of life, a global society in which distinct national cultures are preserved but coexist without competitive nationalism, violence, or war. Women, characterised as the reasonable sex in this society, care for the earth and all its creatures. Only one price must be paid for this harmony. It is the subjection of men, who, stripped of their history and deprived of any knowledge of women's sacred rights, complacently accept their 'natural' inferiority. The plot

turns on the desire of one woman, Grania, an artist and leader, to teach her son what is forbidden for men to know. Risking both their lives, she tells the story of when men dominated, especially of the twentieth-century rise of fascism, and the subsequent world transformation as life-loving women took over from death-loving men.

Every day, people make life choices that, ideally, increase their evolutionary fitness the chances of survival and successful reproduction and lead to positive feelings of fulfillment, accomplishment, and happiness. Sometimes, however, individuals experience quite the opposite: feelings of sadness caused by fitness-decreasing choices. Fortunately, many advancements in evolutionary theory and evolutionary psychology have increased humans' capacity as a species to address the question of how to live a life characterized by more positive than negative feelings. *Feeling Good* reveals anyone can learn how to trigger mechanisms that generate positive feelings and increase positive fitness levels. The key is to employ an evolutionary perspective on how mental mechanisms generate feelings in relation to our life choices. From an insightfully evolutionary perspective, *Feeling Good* examines how to find and keep a mate, make good career decisions, build a solid social network, deal with death and negative influences, and make life choices in general that can lead to better and more

Ondanks hun ontberingen - of zoals ze zelf zeggen dankzij hun ontberingen - behoren ze tot de vrolijkste mensen ter wereld. Ter gelegenheid van de 80e verjaardag van de Dalai Lama reisde Desmond Tutu naar Dharamsala om samen HET BOEK VAN VREUGDE te maken als cadeau voor iedereen. Tijdens deze bijzondere week toonden ze met hun eigen uitbundigheid, compassie en humor hoe vreugde kan groeien van een voorbijgaande emotie tot een blijvende, solide levenshouding. Douglas Abrams was bij de gesprekken aanwezig en verwerkte ze tot dit boek. Een boek waar je blij van wordt, alleen al vanwege de liefdevolle manier waarop deze oude wijze mannen met elkaar omgaan, de levensvreugde en speelsheid die ze delen en de respectvolle manier waarop ze hun verschil van inzicht bespreken, want de boeddhistische en de christelijke traditie hebben naast veel overeenkomsten ook duidelijke verschillen. Het is mooi om te lezen hoe onbelangrijk die verschillen worden, want hun kernboodschap is dezelfde: vreugdevol leven bereik je door anderen vreugde te brengen.

mensen die de weg kwijtraken? Het antwoord is emotional agility: emotionele flexibiliteit. Emotionele flexibiliteit is een vierstappenplan dat je leert omgaan met onverwachte wendingen in het leven. Op basis van twintig jaar onderzoek constateert Susan David dat het niet uitmaakt hoe intelligent, veerkrachtig of creatief je bent; als je je niet bewust bent van hoe je je voelt in situaties en gesprekken, dan mis je de kans om inzichten te krijgen en kom je vast te zitten in gedachten, emoties en gewoonten die je ervan weerhouden je volledige potentieel te bereiken. Emotioneel flexibele mensen ervaren evenveel stress en tegenslag als anderen, alleen weten zij ermee om te gaan en hun reacties op dezelfde lijn te krijgen als hun waarden. Met kleine veranderingen bereiken ze een leven vol groei. Op basis van uitvoerig onderzoek en persoonlijke ervaring laat Susan David zien hoe je emotioneel flexibel wordt en kunt gedijen in een onzekere wereld. Emotionele flexibiliteit laat je het beste uit je leven halen, wie je ook bent en wat je ook tegenkomt. De pers over Emotionele flexibiliteit 'Baanbrekend idee van het jaar.' Het leidde tot de hypothese dat werkelijk succes vooral ontstaat door een speciale mix van volledige overgave en de vastberadenheid om te werken aan je langetermijndoelen: grit. In dit boek doet Duckworth, winnaar van de prestigieuze MacArthur Genius Award, haar theorie uit de doeken en helpt ze iedereen om aan de hand van zes kernwaarden hun eigen grit-factor te bepalen: hoop, inspanning, precisie, passie, rituelen en prioriteiten. Happiness is rooted in our culture, religion, and language, and even in our national constitution. It is a defined right to some, and freedom to pursue it guides our charter of rights. Despite its foundational roots, it can be elusive, scarce, and even the source of conflict and war. “If You’re Happy and You Know It” examines the research on happiness against the back-drop of existential and real life crises of the protagonist as he reflects on key relations in his life as they change over time. While psychology has taught us about cognition, behaviour, and emotion, biology has patiently evolved to propel the human organism forward in the pursuit of happiness. When we distill the key factors common in life, we soon learn that happiness is an essential driving force. Happiness propagates the human species, and our interaction with life provides the meaning. With happiness fleeing from those who once had it and becoming an elusive dream for many, it is important to provide an answer to the question, How do I find happiness? Even though happiness is as abstract as the air we breathe, both provide evidence that they exist. The proof of the lack of air is death and the proof of the lack of happiness is unhappiness, misery and discontentment, lack of joy and gratefulness, and being disgruntled and dissatisfied. Happiness is obtainable when we are willing to do whatever it takes to get it. In finding happiness, we must remember that walking

through this life is not all about us. It's about who we are through the creator, finding our purpose and destiny so we can live happy, fulfilled lives, and live life in accordance to the plan that was designed for us, individually. It is important to find happiness not only so you can live a better life, but also because the mental status of parents and role models affect the mental stability of the children. Unhappy situations happen every day, and anyone can recall a situation of unpleasantness—death, divorce, loss of a job, demotion, etc. Even so, the question is not whether we have been unhappy, but rather whether our level of happiness over time is strong enough to bring us back to the momentum on the continuum of happiness. If you are uncertain about your happiness, *A Quick Fix: Seven Steps to Happiness* offers a guide to help you find your happiness!
