management through stories and parables set in Ancient Babylon and recounted by Arkad, a formerly poor scribe who became the richest man in Babylon. The original pamphlets were read by millions of people and the "The Richest Man in Babylon" endures as a recommended modern literature classic on economics, financial management and self-development.

“By far the best book on investing ever written.” — Warren Buffett The classic text of Benjamin Graham’s seminal *The Intelligent Investor* has now been revised and annotated to update the timeless wisdom for today’s market conditions. The greatest investment advisor of the twentieth century, Benjamin Graham, taught and inspired people worldwide. Graham's philosophy of "value investing"—which shields investors from substantial error and teaches them to develop long-term strategies—has made *The Intelligent Investor* the stock market bible ever since its original publication in 1949. Over the years, market developments have proven the wisdom of Graham's strategies. While preserving the integrity of Graham's original text, this revised edition includes updated commentary by noted financial journalist Jason Zweig, whose perspective incorporates the realities of today's market, draws parallels between Graham's examples and today's financial headlines, and gives readers a more thorough understanding of how to apply Graham's principles. Vital and indispensable, this revised edition of *The Intelligent Investor* is the most important book you will ever read on how to reach your financial goals.

Volgens Warren Buffet verreweg het beste boek over beleggen dat ooit is geschreven. De klassieker 'De intelligente belegger' uit 1949 wordt zelfs na ruim 70 jaar nog steeds geprezen als de bijbel die iedere belegger gelezen moet hebben. De filosofie van Benjamin Graham heeft zich door de jaren heen keer op keer bewezen – hij behoedt beleggers voor kostbare fouten en leert ze een succesvolle langetermijnstrategie te ontwikkelen. Omdat Graham niet vertelt wélke aandelen je zou moeten kopen, maar juist een effectieve manier van denken en handelen aanleert, is het boek nog steeds verbazingwekkend actueel. 'De intelligente belegger' is in de loop der jaren in talloze talen vertaald en sinds verschijnen zijn er wereldwijd meer dan 1 miljoen exemplaren verkocht. Niet voor niets door Warren Buffet uitgeroepen tot verreweg het beste boek over beleggen dat ooit is geschreven. Met een uitgebreide inleiding van superbelegger John C. Bogle, oprichter van The Vanguard Group. *Your Survival Guide to the Hades of Wall Street The Devil's Financial Dictionary* skewers the plutocrats and bureaucrats who gave us exploding mortgages, freakish risks, and banks too big to fail. And it distills the complexities, absurdities, and pomposities of Wall Street into plain truths and aphorisms anyone can understand. "Graham's ideas inspired the investment community for nearly a century."--Smart Money "Graham's method of investing is as relevant today as it was when he first espoused it during the Roaring Twenties."--Investor's Business Daily Benjamin Graham's revolutionary theories have influenced and inspired investors for nearly 70 years. First published in 1934, his Security Analysis is still considered to be the value investing bible for investors of every ilk. Yet, it is the second edition of that book, published in 1940 and long since out of print, that many experts--including Graham protégé Warren Buffet--consider to be the definitive edition. This facsimile reproduction of that seminal work makes available to investors, once again, the original thinking of "this century's (and perhaps history's) most important thinker on applied portfolio investment."

you hold in your hands is Graham's timeless guide to interpreting and understanding financial statements. It has long been out of print, but now joins Graham's other masterpieces, *The Intelligent Investor* and *Security Analysis*, as the three priceless keys to understanding Graham and value investing. The advice he offers in this book is as useful and prescient today as it was sixty years ago. As he writes in the preface, "if you have precise information as to a company's present financial position and its past earnings record, you are better equipped to gauge its future possibilities. And this is the essential function and value of security analysis." Written just three years after his landmark *Security Analysis*, *The Interpretation of Financial Statements* gets to the heart of the master's ideas on value investing in astonishingly few pages. Readers will learn to analyze a company's balance sheets and income statements and arrive at a true understanding of its financial position and earnings record. Graham provides simple tests any reader can apply to determine the financial health and well-being of any company. This volume is an exact text replica of the first edition of *The Interpretation of Financial Statements*, published by Harper & Brothers in 1937. Graham's original language has been restored, and readers can be assured that every idea and technique presented here appears exactly as Graham intended. Highly practical and accessible, it is an essential guide for all

'Beleggen is voor iedereen. Het is een ambacht. Je kunt de technieken leren en de rest komt neer op oefening, ervaring en emotionele controle', aldus Sam Hollanders. Na vijf jaar onverstandig en nadien vijftien jaar verstandig beleggen verdubbelde hij ongeveer driemaal zijn inleg. In dit boek deelt hij beproefde principes, bruikbare tips en een beetje psychologie. Na het lezen ervan zal de belegger het pad zien om zelf op lange termijn een fors vermogen op te bouwen. Hij zal een eigen persoonlijke en logische beleggingsstrategie kunnen vormen, beleggingsdiscipline aankweken, en weten hoe de juiste aandelen te identificeren. Dit boek is onontbeerlijk voor elke belegger, jong en oud, ervaren en onervaren.

mistakes and become more successful. What happens inside our brains when we think about money? Quite a lot, actually, and some of it isn't good for our financial health. In *Your Money and Your Brain*, Jason Zweig explains why smart people make stupid financial decisions—and what they can do to avoid these mistakes. Zweig, a veteran financial journalist, draws on the latest research in neuroeconomics, a fascinating new discipline that combines psychology, neuroscience, and economics to better understand financial decision making. He shows why we often misunderstand risk and why we tend to be overconfident about our investment decisions. *Your Money and Your Brain* offers some radical new insights into investing and shows investors how to take control of the battlefield between reason and emotion. *Your Money and Your Brain* is as entertaining as it is enlightening. In the course of his research, Zweig visited leading neuroscience laboratories and subjected himself to numerous experiments. He blends anecdotes from these experiences with stories about investing mistakes, including confessions of stupidity from some highly successful people. Then he draws lessons and offers original practical steps that investors can take to make wiser decisions. Anyone who has ever looked back on a financial decision and said, "How could I have been so stupid?" will benefit from reading this book.

As originally conceived by the legendary Benjamin Graham, traditional value investing involves purchasing relatively stable stocks and companies at a percentage below their intrinsic value. But this approach contains many hidden, U.S.-centric assumptions that simply don't work well in today's high-growth emerging markets. In this book, leading global value investor Jeffrey Towson extends and modernizes value investing, helping you apply its core principles while you access tremendous opportunities available in today's fastest-growing markets. Towson

introduces the powerful Value Point system that grows out of his experience on the elite investing team selected by Prince Alwaleed, the "Arabian Warren Buffett." While retaining Graham's relentless focus on price and quality, he shows how to integrate three crucial additional forms of value into your stock assessments: the value of political access in a government-infused investment world, the value of reputation in a world of colliding markets, actors and biases, and the value of capabilities in a multi-local world. Building on these techniques, Towson presents a complete investment playbook for the next five years. Next, he shows how to invest for the next twenty years—successfully navigating the titanic market collisions that will batter investors who aren't prepared for them.

‘Wat wil jij later worden?’ Zonder te aarzelen antwoordde de zevenjarige Elizabeth Holmes: ‘Miljardair.’ ‘Waarom geen president?’ ‘De president zal mij ten huwelijk vragen omdat ik straks miljarden verdien.’ Op haar negentiende richtte Elizabeth de meest veelbelovende start-up van Silicon Valley op: Theranos. Haar revolutionaire idee was een nieuwe, snelle manier van bloedtesten, die de medische wereld op zijn kop zou zetten. Al in het eerste jaar haalde Holmes het ongekende bedrag van 45 miljoen dollar op en haar portret prijkte op alle businesskranten en -bladen. Extraordinary, werd het genoemd. Maar haar bedrijf bleek gebaseerd op leugens en vervalste testresultaten, en Holmes voerde een schrikbewind om haar moedwillige fraude te verhullen. De meermaals bekroonde Wall Street Journal-journalist John Carreyrou ontmaskerde Holmes en zijn onthullingen brachten haar ten val. Zijn diepgravende journalistieke onderzoek is de basis voor dit adembenemende en shockerende boek over een evil woman en de waanzin van het snelle geld.

Did you know Warren Buffett, the world's wealthiest stock investor, is quoted as saying three books have shaped his investment philosophy? For more than half a century, he used the information provided in these three books to go from nothing - to a massive \$39 billion net worth. The three books that gave him this wisdom are: *The Wealth of Nations* (pub. 1776) by Adam Smith, *Security Analysis* (pub. 1934) by Benjamin Graham, and *The Intelligent Investor* (pub. 1949), also by Benjamin Graham. In fact, Benjamin Graham was Buffett's professor at Columbia and the most influential financial advisor he ever had. So, have you ever tried reading Graham's books? Many might agree the books are as exciting as listening to Ben Stein read the 30th page of *The Wall Street Journal*. It is time we fixed that. Instead of keeping these billion-dollar secrets hidden
