This is the first full-scale history of one of the largest farm tractor manufacturers of all time, peppered with pictures of Massey-Harris, Ferguson, and Massey Ferguson's historic models, collectibles, sales memorabilia, and advertisements from old farm magazines. The Big Book of Massey Tractors tells the story of the mergers and machines that formed Massey Ferguson over several decades, and—because these machines dominated Canadian farms for almost a century—in many ways it also tells the story of Canadian agriculture. Robert Pripps, a longtime tractor aficionado, describes Massey Ferguson's battle with Ford over dominance of the farm tractor industry—a battle the company eventually won, remarkably enough, in view of its initial abject market failure with tractors. From the company's beginnings in 1891, to its 1953 merger with the Ferguson tractor company, to its current ownership by Allis-Gleaner Company (AGCO), Masseys have played a large role in our agricultural history. The Big Book of Massey Tractors celebrates that role and showcases the machines that have helped turn the earth for over a hundred years.

Want het kan geen toeval zijn dat ze nog geen week later stapelverliefd werd op huisarts Noah. En dan was ze nu ook niet zwanger geweest. Ze kan maar beter haar plannen om de wereld te verbeteren gedag zeggen. Want in plaats van arme kindjes in ontwikkelingslanden heeft ze nu immers haar eigen kind om zich druk over te maken! Noah McIlroy is dolblij met Caitlyns zwangerschap; het liefst zou hij samen met haar kiezen voor huisje-boompje-beestje. En Caitlyns familie wil hem daar maar al te graag een handje bij helpen. Maar doet hij er wel verstandig aan om de bemoeizuchtige O'Briens erin te betrekken?
