The city that we now know as Istanbul has been known by many different names throughout its long history. It was founded in 667 B.C.E. as Byzantium. Then, in 330, the Roman Emperor Constantine I christened it as New Rome. Later, it would come to bear his own name and be known as Constantinople, which was then rendered into Arabic languages as Kostantiniyye, which the Ottomans also adopted. The city was destined to finally be known in our modern age as Istanbul, derived from a Greek phrase meaning, simply, to the city. So much has changed over the time those names spanned that it seems impossible they could possibly refer to only one city. Yet they do, and the city of Istanbul is still a vibrant place that treasures the artifacts of the various peoples who once lived here and knew it by such

different names. One phrase has also been used to name the city: "The City of the World's Desire." If judges could pick the most appropriate name for the city, perhaps they would choose this one, as it reflects most accurately how famous and how loved the city has been since antiquity. The face of Istanbul has changed considerably inside the modern nation. Justinian's masterpiece, the Hagia Sophia, was turned into a museum and its wonderful mosaics were revealed to the world once more in 1935. Two bridges now span the Bosphorus, and along with the historic skyline of the old city there are now also skyscrapers. Today, the city's importance in world history is indisputable, and it is difficult to believe that all of this long history concerns just one city. There is only one thing to do now – visit! Let's go! Your guide, WanderStories

Experience Travel Guides are unique in that they are designed to be read in the same way as a novel. They are a valuable resource for those planning to visit a destination, a source of information for those just interested in finding out more about a country or city and a pleasure for those armchair travelers who just enjoy a good read. Experience Istanbul highlights the more rewarding parts of the city so that those planning a visit can quickly and efficiently plan an itinerary. We locate and detail the best places to see and the top experiences to enjoy, and recommend accommodation options in all areas. All are based on the personal experience of the author. We capture the personality and the underlying cultural and historical significance of the city and the surrounding areas. We explore the wonderful mosques, churches and museums of the Old City, the shops, restaurants and nightspots of the New City, the fascinating Asian Shore where tourism is very secondary to normal life, and the Bosphorus which for some is the city's unsung highlight. Suggestions are also made for day and extended tours outside the city. In the process we meet friendly, helpful people, buy fascinating handicrafts, eat tantalizing cuisine, and enjoy charming hospitality. As more people travel to new destinations, guide books grow in importance. Hard-copy books, however, are often out of date before they are printed and users are frustrated by experiences contrary to what is described. This book has no such problem as it was updated in February 2016 and can be updated as often

as necessary to keep it right up to date. Some people believe the internet has all the answers these days but be aware that many internet sites provide out of date or inaccurate information and many are extremely biased. We have done everything possible to ensure our information is up to date and we will continue to update the book as necessary. We also accept no advertising or sponsorship so can give an honest opinion about everything we see. Please realize, however, that no guide book can substitute for common sense. Istanbul is a great place for exploring on foot so you need to pack clothing, footwear and other items appropriate for doing just that. Istanbul in summer can be very hot and humid while in winter it can get very cold at night. Don't be fooled by the outward appearance of a modern Western city. It is still very much a Middle East Muslim city so you should be aware of the customs and traditions associated with that culture and religion particularly when visiting mosques. We believe that every place in the world provides unique experiences which make a visit worthwhile. Istanbul has great experiences at every turn. We encourage you to explore, meet the locals and grab each new opportunity as it arises. Travelling is fun but always do it with care and compassion. In that way your Istanbul experience can provide lifetime memories. The highly successful Globetrotter Travel series, which includes guides, maps and atlases, presently covers more than 80 destinations worldwide. The packs are excellent value, including both a guidebook and a softcover of the fold-out Globetrotter map of the region, in a printed plastic wallet.

In this guidebook, we travel to Istanbul, Turkey and discover why it makes an excellent travel hub for discovering the treasure trove of sites in Istanbul, day trips from Istanbul and few of the major weekend getaways to visit from Istanbul. The term "Hub and Spoke" describes a system of air traffic routing in which a major airport serves as a central point for coordinating flights to and from other destinations. The concept is that we start with a travel hub and visit nearby places by air, car, train, tour bus and even subway. The spokes can be day trips, overnight trips or stopovers on the way to additional destinations. In these travel guides, we will talk about hubs such as Florence, Boston, London, Istanbul, San Francisco and Tokyo; exploring how to get there,

where to stay, what to eat, see and do...then we will bring you to spokes such as Volterra in Italy, Hakone in Japan or Pismo Beach in California. Some of the spokes will be well-traveled, must-sees; whereas others will be off-the-beaten-path recommendations. We will go into depth about attractions, culture, food, history. We will talk about routings and the necessary time to experience a destination. The travel guides are meant to be read in conjunction with listening to the Hub and Spoken Travel Show.

The city that we now know as Istanbul has been known by many different names throughout its long history. It was founded in 667 B.C.E. as Byzantium. Then, in 330, the Roman Emperor Constantine I christened it as New Rome. Later, it would come to bear his own name and be known as

Constantinople, which was then rendered into Arabic languages as Kostantiniyye, which the Ottomans also adopted. The city was destined to finally be known in our modern age as Istanbul, derived from a Greek phrase meaning, simply, to the city. So much has changed over the time those names spanned that it seems impossible they could possibly refer to only one city. Yet they do, and the city of Istanbul is still a vibrant place that treasures the artifacts of the various peoples who once lived here and knew it by such different names. One phrase has also been used to name the city: “The City of the World’s Desire.” If judges could pick the most appropriate name for the city, perhaps they would choose this one, as it reflects most accurately how famous and how loved the city has been since antiquity. The face of Istanbul has changed considerably inside the modern nation. Justinian’s masterpiece, the Hagia Sophia, was turned into a museum and its wonderful mosaics were revealed to the world once more in 1935. Two bridges now span the Bosphorus, and along with the historic skyline of the old city there are now also skyscrapers. Today, the city’s importance in world history is indisputable, and it is difficult to believe that all of this long history concerns just one city. There is only one thing to do now – visit! Let’s go! Your guide, WanderStories
