

Letter To The Mayor

Excerpt from Letter From the Mayor of Washington in Reference to the Relations of the General Government to the City of Washington: November, 1865 Upon the property reserved for the use and purposes of the nation the general government has expended in buildings and other improvements for its own exclusive use the sum of 67, partly taken from the public treasury, and partly from the sale of the lots donated from private individuals, while the reservations themselves are valued at 36, making the aggregate value of the nation's real property in this city at the time of the assessment, now some years since, to be 45, nearly equal in value to all individual property, and which, if liable to the same burden, would yield by way of taxation a revenue to this city of \$210, 912 23 annually. This Immense property of the government has at all times been free from taxation, while property of individuals has been subject to it. Holding here more property than elsewhere in the Union, assessments upon which alike to private property have from time to time been made, the government has been subject to no imposition of the kind, and taxes collected only from individuals. A "Mayors Daughter" shines a spotlight on history of ordinary people from the greatest generation. The memories of Therese Christman generates a dynamic story which is birthed in the great depression and then accelerates to the greatest overflow of prosperity the world has ever known. A daughters memories, a father of fame and a renowned internationally known priest combine to bring a trilogy of a true story of a Michigan city, of a culture and of a society that was fashioned by grace to greatness through hard work, resilience of spirit, sacrifice of self and above all, a vision with leadership. Up from a small Midwestern community, came these two men, who by divine intervention found themselves in the broader stretch of community fame, social prominence and a cultural revolution. This story becomes compelling because it captures the amazing transformation of a community by one man's leadership. And the ultimate salvation of a society by another man's influence through eloquent radio broadcasting. This translates to special people with greatness of vision, motivated by love and that inner call that brings a profound change to the societies in which great men and women live. Henceforth the book ... "the Mayors Daughter." Finally," "this book, through the memories of a daughter, rehearses history in the City of Royal Oak, Michigan that now includes one of the top medical centers in the world - and all because of one man's vision and leadership. Moreover the freedom of the American culture, in part, is derived from a Catholic priest who dared to speak out against the evils of communism and the social depression that it causes. The memories of a daughter, form a trilogy to reveal history in some of "its" greatest triumphs. This book is a must read.
