Shows you how to get started in magical practice. How does magic work? What distinguishes one form of magic from another? What system of magic should you pursue High or Low, elemental or natural? Mickaharic answers all of these questions, and outlines how to prepare oneself to practice magic, how the primary instruments of the magician are developed and cared for, and learning a chosen system of magic. Includes some basic techniques for each magical practice. Bibliography, index.

The Magician's Companion by Bill Whitcomb is the most complete collection of practical information on magical systems from around the world you can add to your magical techniques. It begins with a complete introduction to magic, from definitions to a program of study so you can use the many systems described in the book. There are 91 systems described, including: ·The four worlds of the Hopi ·The Hindu Tattwas ·The Chinese Five Elements ·The Chakras ·The eight Chinese trigrams ·The Qabalistic Tree of Life ·Astrology ·The meridians of acupuncture ·Geomantic symbols ·The druid tree alphabet ·The Enochian system ·The Runes ·The color scales ·The hexagrams of the I Ching ·The 72 names of God There is so much more in this book. You'll also learn the techniques of working with: ·Alchemy ·Magical Alphabets ·Deities from numerous pantheons ·Telesmatic images ·Magic squares and sigils ·Attributions for gems and minerals This just scratches the surface of what has been acclaimed as one of the greatest research tools ever for magicians of all type. The magical knowledge of our ancestors comprises an intricate and elegant technology of the mind and imagination. The Magician's Companion makes the ancient systems accessible, understandable, and useful to modern magicians by categorizing and cross-referencing the major magical symbol systems. In fact, as a cross-reference, it is simply beyond compare. The Magician's Companion is the single source with the most complete information on Eastern and Western magical systems ever published. Students of mysticism, mythology, symbolic art, literature, and even cryptography will find The Magician's Companion of infinite value. This book is a must.

A concise and professionally-researched summary of Martin W. Ball's book: "Being Human". From Alden Marshall's Condensed Esoterica series, this complete summary provides a fast and straightforward way to understand and study the main ideas and concepts of the original source text. About the Original Book: Being Human by Martin W. Ball delves into being human and exploring being human from an entheological perspective which offers the insight and experience that God energy is expressed in fractal forms and we too are expressions of God. The text is divided into 3 parts. The first part deals with the nature of reality; exploring what it means to be human, God and evolution. The second part explores how we can understand and live in reality. The final part explores the use of entheogens for awakening; including the different types of entheogens and their effectiveness in expanding consciousness. A sorceror-scientist's grimoire (Roundworld edition) Every universe potentially has its own Supreme Grimoire containing the spells which define its reality and the magic which you can perform within that reality. In this Octavo we have assembled scattered secrets for a Supreme Grimoire for Roundworld, the universe in which you're standing. To this end we have taken some inspiration from Pratchett's Discworld, and a lot from Theoretical Physics and Practical Chaos Magic. "The most original, and probably the most important, writer on Magick since Aleister Crowley." -Robert Anton Wilson, author of the Cosmic Trigger trilogy. Peter J. Carroll is one of the founders of the Magical Pact of the Illuminates of Thanateros (IOT) which he led for a decade. He has spent thirty-seven years in research and experiment and is the author of three other books Liber Null & Psychonaut, Liber Kaos: the Psychonomicon, and Psybermagic, and The Apophenion.

A concise and professionally-researched summary of Jacques Vallee's book: "Passport to Magonia". From Alden Marshall's Condensed Esoterica series, this complete summary provides a fast and straightforward way to understand and study the main ideas and concepts of the original source text. About the Original Book: Passport to Magonia by Jacques Vallee deals with the UFOs sightings. However, the surprising fact about this book is the fact that the author takes a whole new stance on the topic. Instead of dealing with the sightings traditionally, he tries to connect them to historical events, folklore, legends and point out the similarities and differences between our modern experiences and those of the past. This wide-ranging book explores the diversity of esoteric and occult beliefs. Neo-Paganism is one of the fastest-growing new religions in the western world where witchcraft or Wicca, Druidry, and Urban Shamanism are thriving. Alongside this there has been an upsurge in New Age ideas of an even wider variety, including astrology, Tarot, numerology, and many others. And then there are members of various schools of occult science, practising High Magic. Why this new interest in old beliefs? Why are millions of educated people today abandoning both the established religion of their parents and 21st century scientific rationalism and turning to magic and esoteric teachings? In their search for spirituality those who follow these paths claim to be applying ancient wisdom to the modern world. The Brief History of Secret Religions, a companion book to The Brief History of Secret Societies, looks at the history and variety of these esoteric movements, where they came from and what they tell us about the world today. Praise for The New Believers: 'an excellent guide to fringe religions that juxtaposes "respectable" movements and those conventionally dismissed as cults.' The Telegraph. 'no-nonsense, comprehensive survey packed with non-judgmental information about the beliefs, aims and activities of such movements. Daily Mail.

Everyone knows the Norse god Loki, or at least they think they do: He is the god of mischief, the trickster, the troublemaker of Asgard. To some, he is a destructive force to be defeated or restrained. To others, he is an amusing prankster, a friend, and an

ally. Love him or hate him, he's impossible to ignore. But is there more to Loki, or have we only scratched the surface? *Playing With Fire* is part historical exploration, part heartfelt devotional, written from the perspective of a devotee who has walked with this often misunderstood deity for over two decades. Go deeper with Loki and be surprised. Go all the way, and be transformed.

A comprehensive look at the life and continuing influence of 16th-century scientific genius and occultist Dr. John Dee • Presents an overview of Dee's scientific achievements, intelligence and spy work, imperial strategizing, and his work developing methods to communicate with angels • Pieces together Dee's fragmentary Spirit Diaries and examines Enochian in precise detail and the angels' plan to establish a New World Order • Explores Dee's influence on Sir Francis Bacon, modern science, Rosicrucianism, and 20th-century occultists such as Jack Parsons, Aleister Crowley, and Anton LaVey

Dr. John Dee (1527-1608), Queen Elizabeth I's court advisor and astrologer, was the foremost scientific genius of the 16th century. Laying the foundation for modern science, he actively promoted mathematics and astronomy as well as made advances in navigation and optics that helped elevate England to the foremost imperial power in the world. Centuries ahead of his time, his theoretical work included the concept of light speed and prototypes for telescopes and solar panels. Dee, the original "007" (his crown-given moniker), even invented the idea of a "British Empire," envisioning fledgling America as the new Atlantis, himself as Merlin, and Elizabeth as Arthur. But, as Jason Louv explains, Dee was suppressed from mainstream history because he spent the second half of his career developing a method for contacting angels. After a brilliant ascent from star student at Cambridge to scientific advisor to the Queen, Dee, with the help of a disreputable, criminal psychic named Edward Kelley, devoted ten years to communing with the angels and archangels of God. These spirit communications gave him the keys to Enochian, the language that mankind spoke before the fall from Eden. Piecing together Dee's fragmentary Spirit Diaries and scrying sessions, the author examines Enochian in precise detail and explains how the angels used Dee and Kelley as agents to establish a New World Order that they hoped would unify all monotheistic religions and eventually dominate the entire globe. Presenting a comprehensive overview of Dee's life and work, Louv examines his scientific achievements, intelligence and spy work, imperial strategizing, and Enochian magick, establishing a psychohistory of John Dee as a singular force and fundamental driver of Western history. Exploring Dee's influence on Sir Francis Bacon, the development of modern science, 17th-century Rosicrucianism, the 19th-century occult revival, and 20th-century occultists such as Jack Parsons, Aleister Crowley, and Anton LaVey, Louv shows how John Dee continues to impact science and the occult to this day.

The years since the financial crash have seen the realization dawn that the great promise of modern civilization will go unfulfilled. Study hard, work hard, buy a house, retire happy. It's all a lie, spun for the benefit of a tiny elite. The richest eighty-five people on earth have as much wealth as the poorest 3.5 billion. Each month, the numbers change but they never improve. Magical and spiritual discourse has failed to keep up with this new reality. *The Chaos Protocols* aims to fix that. Join Gordon White as he shows you how to use chaos magic not only to navigate these trying times, but to

triumph as well. Discover how to become invincible through initiation, and wage the mind war that will keep you moving toward what you really want. From sigil magic to working with spiritual allies, *The Chaos Protocols* helps you act on the unwavering belief that your life should matter and you're not going to let something as trifling as the apocalypse get in the way of it. Praise: "Gordon White gives a master class on the hard economic realities and the kind of low down and dirty magic for which he has become famous. Pragmatic, sharp, and funny, *The Chaos Protocols* is a treasure of a book."—Peter Grey, author of *Apocalyptic Witchcraft* "Take two parts *Magick Without Tears*, a measure of *The Wealth of Nations*, a pinch of Ian Fleming and a dash of Noel Coward and you have this almost promiscuously readable text. Whoever said books on magick can't be fabulously entertaining as well as eminently practical has obviously not read up on their Gordon White. Remedy that situation."—Chris Knowles, author of *The Secret History of Rock n' Roll* and *Our Gods Wear Spandex*

Death welcomes everyone. This is the foundation for the veneration of Santa Muerte, or "Holy Death." Considered to be the female personification of death, she is associated with protection and safe passage to the afterlife. She is also the patron saint of people who live on the fringes of society and often face violence and death. In recent years her constituency has expanded to include the LGBT community and people who are marginalized or whose jobs put them at significant risk of death such as military and police personnel. Santa Muerte is hailed as their potent and powerful protector, capable of delivering them from harm and even granting miracles. *Santa Muerte* is a complete ritual guide to working with this famous?and infamous!?!Mexican folk saint. It takes us beyond the sensational headlines to reveal the truth about why Santa Muerte is so beloved by so many. Author Tracey Rollin presents simple, straightforward methods for working with Holy Death that may be used alone or easily incorporated into your own magical practice.

Tying on case studies from late antiquity to the 21st century, this is the first volume that systematically explores the inter-relationship between fictional narratives about magic and the real-world ritual art of practicing magicians.

A concise and professionally-researched summary of Peter J. Carroll's book: "*Liber Kaos*". From Alden Marshall's *Condensed Esoterica* series, this complete summary provides a fast and straightforward way to understand and study the main ideas and concepts of the original source text. About the Original Book: *Liber Kaos* by Peter J. Carroll is a short yet comprehensive book regarding magic. It addresses contemporary magicians and not only it aims to provide a good understanding of what the magical paradigm is, how magic works in general, how chaos can be employed to one's gain, but also offers practical magic in the forms of sleights and the eight magics. The Appendix of this book is very rich as it offers precise rituals which can be copied and used in the works of the magician. It must be noted that their wording shouldn't be changed. The Appendix offers a variety of material for different situations. Added-value of this summary: *

A complete, advanced magical training course for the individual or for groups, with details of the author's magical order, an outline for setting up a temple, and instructions for carrying out the essential rituals of Chaos Magic. Includes a fresh look at aeonics, cosmogenesis, auric magic, and shadow time, as well as discloses the technical aspects of spells and equations. Peter J. Carroll is a leading figure within the Chaos Magic movement. Along with 'The New Equinox' publisher and writer Ray Sherwin, Carroll is widely considered to be the originator of Chaos Magic as an independent field of occult exploration. Carroll and Sherwin created a loosely organized group called the Illuminates of Thanateros.

This irreverent guide to chaos magic emphasizes experimentation and finding out what works best for you. Andrieh Vitimus presents a revolutionary hands-on course of study for the average Jane or Joe. Vitimus banishes the severe tone of other esoteric orders, offering an accessible and practical approach that makes it easier to perform successful chaos magic that is uniquely your own. Praise: "Andrieh Vitimus is the real deal...honest-to-gods, in-your-face magic. Hands-On Chaos Magic is just what it says, and the next best thing to working with the master himself." --Lon Milo DuQuette, author of The Magick of Aleister Crowley, Homemade Magick, and Low Magick "A must-have for any magician." -- Taylor Ellwood, author of Multi-Media Magic "Written with intelligence, experience, and a genuine desire to empower readers." --Raven Digitalis, author of Shadow Magick Compendium "A usable introduction to the concepts and practical techniques of chaos magic."--Donald Michael Kraig, author of Modern Magick "A well-considered and thorough contribution to the chaos magic current."--Dave Lee, author of Chaotopia

Despite the dramatic expansion of modern technology, which defines and dominates many aspects of contemporary life and thought, the Western magical traditions are currently undergoing an international resurgence. In this overview of the modern occult revival, Drury traces the rise of various forms of magical belief and practice.

The three parts of the book are separated fields and deal with different facets of the runes. Part 1 gives, among other things, a fair summarizing historical overview, whereby corresponding finds and their possible interpretations are not left out. Part 2 offers many passages in related mythology and the Norse sagas where runes occur, the corresponding quotes are included. These two parts form an important foundation for the third part, which deals with the use of runes in modern magical-practical usage. After decades of study of various western streams and schools of magic and a thorough study of the runes, the author has managed to combine both. The result is a unique modern rune magic, which is

presented in the third part of the book.

Two complete volumes in one. Liber Null contains a selection of extremely powerful rituals and exercises for committed occultists. Psychonaut is a manual comprising the theory and practice of magic aimed at those seeking to perform group magic, or who work as shamanic priests to the community.

Het universum leeft en het heeft een geheugen. Dit energetisch archief staat bekend als de Akasha kronieken en bevat informatie over jouw ziel en levensreis – en die van alle andere levende wezens op aarde. Ooit waren de kronieken alleen toegankelijk voor spirituele meesters, maar nu zijn ze open voor iedereen om grote en kleine vragen beantwoord te krijgen: Hoe kan ik het verleden eindelijk naast me neerleggen? Wat is mijn levensdoel? Linda Howe heeft een betrouwbare methode ontwikkeld waarmee je toegang kunt krijgen tot deze bron van wijsheid: het pad van het gebed (Pathway Prayer Process). Je krijgt: Antwoord op de vraag hoe het Pathway Prayer Process als een 'wachtwoord' werkt om toegang te krijgen tot de Akasha kronieken; Inzicht in hoe je om hulp kunt vragen aan je meesters, leraren en mensen van wie je houdt als je de Akasha kronieken leest; Tips over hoe je de meest waardevolle informatie uit de kronieken verzamelt. Door je bewustzijnsniveau te verhogen open je de deuren van het archief, waar de blauwdruk van je ziel op je wacht. Dit boek helpt je om vol vertrouwen je eigen kronieken te lezen, die van iemand anders of zelfs van je huisdier. De tijd is rijp om je eigen spirituele autoriteit te worden en jezelf toegang te verschaffen tot deze waardevolle bron.

A concise and professionally-researched summary of Richard Louis Miller's book: "Psychedelic Medicine". From Alden Marshall's Condensed Esoterica series, this complete summary provides a fast and straightforward way to understand and study the main ideas and concepts of the original source text. About the Original Book: Psychedelic Medicine by Richard Louis Miller is a collection of interviews conducted by the author with various leaders in efforts to research and legalize psychedelics for the purposes of psychiatric treatment. Each interview covers the history behind a substance, detailing the story of its creation or discovery by the medical community, its uses for medical treatment and clinical research history, and the context behind its recreational uses, stigmatization, and criminalization, then concludes with prospects for future research and liberalization. Evil not only does not exist, yet rather it cannot exist! Are our concepts of Satan and God inaccurate? Have we mistakenly allowed an improper role of Satan and God into our lives? If Evil cannot exist, what role does God play? Some of you may call this blasphemous. Some of you may consider it thought provoking. Others may agree while others may disagree. In a first of its kind, Evil - a Concept in Crisis, should increase your understanding of the world and Universe we live in, by changing our perception towards Evil and the Almighty.

Esta obra do "Estudo de Liber Kaos de Peter J. Carroll" explora a expressao franca e objetiva de um dos fundadores do Pacto Magicko I.O.T. que aponta atividades a tirem o melhor de voce, sem obscurecer materiais desfocados que normalmente acompanham textos magickos. Esta obra e um curso de formacao magicka avancada para individuos ou grupos, com detalhes da ordem I.O.T., um esboco a criacao de um templo e instrucoes para a realizacao dos rituais essenciais da Magia Caotica, a guiar atraves do Truque da Mente em tecnicas necessarias "para alta Magia e Resultados." Ainda que a intencao da Magia Caotica seja o pragmatismo, estas atividades propostas nesta obra sao tambem os conceitos, os dogmas que fundamentaram a criacao da respectiva Ordem. As mudancas sao mais do que incentivadas, mas obrigatorias conforme cada grupo ou pessoa assim queira, para que o perfil dogmatico seja abdicado em prol de resultados. Ainda que vulneravel a esta analise dogmatica, o carater das pessoas que praticam a magia caotica cedo ou tarde mostra que sao bases, nao obrigacoes a catedraticos preocupados com os detalhes mais do que suas aplicacoes. Como a sabedoria nos ensinou, mas vale corrigir do que remediar. Esta obra esta dividida em tres secoes: Parte 1 com o nome "Liber Kaos," apresenta "uma exegese da teoria magica," que Carroll admite abertamente na introducao ser excessivamente dificil (mas nem tanto, tao cientificamente ingenua a ponto de ter fronteira com o pueril) que alguns magos puristas podem encontrar ofensas profundas. Parte 2 e chamado de "Psychonomicon," uma longa meditacao sobre as artes magicas. Parte 3 e uma colecao de apendices sobre varios aspectos da magia e do Pacto, que propoe ao mesmo tempo, beneficiar e confundir."

If you had the power within your reach to insure your own immortality, would you risk all to grasp it? Think about it. No longer would you plead for the mercy of others. No longer would you bow to invisible masters. No longer would you struggle for table scraps. You could become master of your own destiny. You could become as God. Drawing on the findings of science, religion, sociology, psychology, philosophy, mythology, history, ancient texts, and metaphysics, *The Dark Arts of Immortality* explains how to harness and augment the energy of our innate drives. Through personal combat, sexual fantasy, and mystic rituals the death drive (mortido), sex drive (libido), and growth drive (physis) can provide doorways to supra-consciousness. These core altered states of being (fury, ecstasy, and exaltation) grant preternatural physical, mental, and spiritual abilities. The synthesis of these attributes will elevate personal power in this world and allow one to manifest a divine Being in the afterlife.

Using the butterfly theory, Cooper explains how you can effect small changes in the universe to eventually bring macrocosmic ones. He discusses the use of the Cosmic Sphere--an interfare between you and your subconscious mind that can create a link for communicating your wishes.

A concise and professionally-researched summary of Ioan P. Couliano's book: "Eros and Magic in the Renaissance". From Alden Marshall's Condensed Esoterica series, this complete summary provides a fast and straightforward way to understand and study the main ideas and concepts of the original source text. About the Original Book: *Eros and Magic in the Renaissance* by Ioan P. Couliano proposes a theological and philosophical study where the author addresses modern society's hypocrisy when it comes to magic and its abilities. He analyzes the investigation methods utilized through the ages, focusing on relevant and dramatic

historical events, the development of magic, and the contextualization of the theories and beliefs he presents. Couliano also explores Renaissance magic and its main principle, the attempt to manipulate both individuals and groups with erotic motivation. To Couliano, magic was the precursor of modern science and psychology as we know it today. He explores the Renaissance culture, medicine, classical Greek mythology, the rise of mystical societies, the Church position, and how it changed with new philosophical alignments and social aspects, allowing the reader to have multiple accounts from different perspectives of periods. The Psychic Vampire Codex is the first book to examine the phenomenon and experience of modern vampirism completely from the vampire's perspective. Father Sebastiaan, a fellow vampire writes in the foreword that Michelle Belanger's system "introduced a breath of fresh air into the vampire subculture. It freed us to look at ourselves in a new light, and it also helped those outside our community to view us differently. No longer were we parasites or predators . . . we could use our inborn abilities to help people heal." Psychic vampires are people who prey on the vital, human life energies of others. They are not believed to be undead. They are mortal people whose need for energy metaphorically connects them to the life-stealing predators of vampire myth. In The Psychic Vampire Codex, Michelle Belanger, author and psychic vampire, introduces readers to the fascinating system of energy work used by vampires themselves and provides the actual codex text widely used by the vampire community for instruction in feeding and other techniques. Belanger also examines the ethics of vampirism and offers readers methods of protection from vampires. The Psychic Vampire Codex explodes all preconceptions and myths about who and what psychic vampires really are and reveals a vital and profound spiritual tradition based on balance, rebirth, and an integral relationship with the spirit world.

Make More Immersive and Engaging Magic Systems in Games Game Magic: A Designer's Guide to Magic Systems in Theory and Practice explains how to construct magic systems and presents a compendium of arcane lore, encompassing the theory, history, and structure of magic systems in games and human belief. The author combines rigorous scholarly analysis with practical game design advice in the form of a magical recipe book (grimoire). The book gives you an in-depth understanding of the history and structure of magic to make your games richer and deeper. It shows how to set up tables of correspondences and spell components as well as how to write programming code integrating these components as part of game mechanics. It also illustrates how to divide a simulated world into domains of influence (such as alteration, conjuration, and necromancy) and how to use specific rule systems to simulate powers within these realms. Showing you how to weave compelling magic into your games, the book is interspersed with examples that illustrate how to design and program magic systems. Working examples are available for download on a supporting website.

Rise, Witch, Rise It's time to claim your magical power and build a practice that is wholly yours—one that spiritually fulfills you and reveals your purpose. More than a how-to guide, Rise of the Witch is a deep exploration of the inner workings of witchcraft and your integral role in creating magick. Whiskey Stevens provides a comprehensive look at both the basics and more advanced topics, taking you from the history of the Craft to shadow work and everywhere in between. Rise of the Witch teaches a wide variety of magickal skills, such as creating and

casting spells, harnessing powerful energies, and making sacred space. Whiskey also empowers those who are hesitant to come out as witches or need to keep their practice secret. Packed with guidance on the elements, tarot, intuition, and more, this book helps you fully embrace your unique brand of magick. Includes a foreword by Panda Bennett, creator of Stardust Soul Oracle and host of the YouTube series "Witch Hunt"

Introduces magick through twelve lessons that describe rituals and concepts such as the Lesser Banishing Ritual of the Pentagram, Kabbalah, astral planes, talismans, and grey magick.

Sexuality and the occult arts have long been associated in the western imagination, but it was not until the nineteenth century that a large and sophisticated body of literature on sexual magic—the use of sex as a source of magical power—emerged. This book, the first history of western sexual magic as a modern spiritual tradition, places these practices in the context of the larger discourse surrounding sexuality in American and European society over the last 150 years to discover how sexual magic was transformed from a terrifying medieval nightmare of heresy and social subversion into a modern ideal of personal empowerment and social liberation. Focusing on a series of key figures including American spiritualist Paschal Beverly Randolph, Aleister Crowley, Julius Evola, Gerald Gardner, and Anton LaVey, Hugh Urban traces the emergence of sexual magic out of older western esoteric traditions including Gnosticism and Kabbalah, which were progressively fused with recently-discovered eastern traditions such as Hindu and Buddhist Tantra. His study gives remarkable new insight into sexuality in the modern era, specifically on issues such as the politics of birth control, the classification of sexual "deviance," debates over homosexuality and feminism, and the role of sexuality in our own new world of post-modern spirituality, consumer capitalism, and the Internet.

All forms of magic are linked to language. As a magic practitioner and a linguist, Patrick Dunn illuminates this fascinating relationship and offers breakthrough theories on how and why magic works. Drawing on linguistics and semiotics (the study of symbols), Dunn illuminates the magical use of language, both theoretically and practically. He poses new theories on the mechanics of magic by analyzing the structure of ritual, written signs and sigils, primal language, incantations across cultures, Qabalah and gematria (Hebrew numerology), and the Enochian vocabulary. This revolutionary paradigm can help magicians understand how sigils and talismans work, compose Enochian spells, speak in tongues for magic, create mantras, work with gematria, use postmodern "defixios," and refine their practice in countless other ways. "Magic, Power, Language, Symbol" is a unique tour de force that reinterprets the very nature of magic—placing it within the modern sciences of symbolism (semiotics) and language (linguistics). Within this paradigm, Dunn explains something that most other books miss: a logical and scientific understanding of how and why real magic actually works." —Donald Michael Kraig, author of "Modern Magick"

A concise and professionally-researched summary of Peter Grey's book: "Apocalyptic Witchcraft". From Alden Marshall's Condensed Esoterica series, this complete summary provides a fast and straightforward way to understand and study the main ideas and concepts of the original source text. About the Original Book: Apocalyptic Witchcraft by Peter Grey is an inspirational book about unapologetic witchcraft that embraces the darker aspects of magic cast away by apologetic practitioners to fit in with what the author calls the enemy, society, and the Church. The author is highly critical of modern values and western society. He proposes the complete disconnection from the modern web to evolve as a practitioner. He explores at length the Sabbats and tales of important Sabbats, as well as the erotism in witchcraft. The author explores Babalon and Inanna's role through the lens of today's culture, rationalizing that to rise and fight, magic must become stronger and more savage than what was reported by the Church. The savagery can come through contact with the wolf, a bestial aspect of magic, and the

transition to a hunter mindset.
