Can laughter really be used to undermine the appeal of terrorist groups? And should it be? Is there any truth in the stereotypical notions of fanaticism as humorless, and of humor as the antithesis of fanaticism? What is the deeper significance of the jihadi's status as an object of mockery in Arabic popular culture? *Joking About Jihad* explores this thicket of problems sprouting from one of the most basic--and supposedly most innocent--of human behaviors, and looks at how it has been applied to one of the least obviously laughable phenomena in the world today. Ramsay and Alkheder draw on original interviews and hitherto unexamined texts, combining insights from fields as diverse as politics, psychology, cultural studies, Islamic studies and humor research. Examining apparently spontaneous joking, professional comedy and even the jokes told by jihadis themselves, they show how Salafi jihad has been made laughable in the modern Arab world, and why it matters.

She's funny, sweet, and she has a smile that lights up every room. I'm a tall, ripped ex-soldier... and I'm supposed to be her best friend. My new hobby? I like to imagine how it

could be more but I know that the relationship is all in my head. I can't risk what we have for something intangible... I fantasize about her day and night. She's a walking, talking fantasy... and she's only a hair's breadth away. But one wrong move could take what I value most. And once she looks my way for just a second, I don't know how I could possibly let her go...

The Oxford Handbook of American Sports Law takes the reader through the most important controversies and critical developments in law and U.S. sports. Over the course of 30 chapters, leading scholars explore this expanding and captivating area of law. The Handbook is the first book to gather dozens of perspectives on sports law controversies in the United States, and will be of interest to those who study and practice sports law, as well as journalists, broadcasters, and legally minded sports fans. The Oxford Handbook of American Sports Law incorporates analysis of key historical events in sports law-such as the rise of free agency in professional sports and the concept of "amateurism" for college athletes-and their broader context. Contemporary legal controversies in U.S. sports and their accompanying questions are also of central importance: In a sensible legal system, how would long-term neurological injuries from contact sports be addressed? How would the use of racially insensitive team names be resolved? How would a seemingly trivial dispute over air pressure in footballs be studied from the competing perspectives of players, teams, and leagues? The Oxford Handbook of American Sports Law weighs not just the facts, but how courts and lawmakers ought to consider the most important questions at stake. The essays in this volume also canvass the types of legal controversies in sports likely to surface in the future. This is particularly true of law and technology matters, including those related to broadcasting and streaming. Legal doctrine has been and will continue to be forced to adapt to these developments, and the Handbook both forecasts coming debates and outlines where the law may be headed.

Mia Khalifa, also known as Mia Callista, is a Lebanese American social media personality and webcam model, best known for her successful, albeit brief, career as a pornographic actress from 2014 to 2015. Born in Beirut, Khalifa moved to the United States in 2000. She began acting in pornography in October 2014, and by December was ranked the number 1 performer on the website Pornhub. Her career choice was met with controversy in the Middle East, especially for a video in which she performed sexual acts while wearing the Islamic hijab. She was nevertheless disillusioned with the pornographic industry and left it after three months. De terugkeerling is het verhaal van de tot de islam bekeerde Bilal van Wijk. Geboren als Pjotr in Nieuwegein, is Bilal bezeten door één gedachte: 10 jaar na de moord op Theo van Gogh in de voetsporen treden van diens moordenaar Mohammed B. Dit is ook het verhaal van Mohammed el Amrani, die opgroeit in Kanaleneiland. Enkele weken voor 9/11 weet hij het betonnen getto dat hij zo haat te ontvluchten om in Manchester literatuur te gaan studeren. Na de moord op Van Gogh keert hij terug naar Nederland om voor de AIVD moslims te schaduwen. Dat voert hem - bitter en teleurgesteld - terug naar de wijk waar hij opgroeide. Daar wordt hij geconfronteerd met een onverwerkt verleden. De terugkeerling is een rauwe, explosieve roman over identiteit. 'Als de mensen om je heen je beschouwen als moslim, dan is het heel lastig. Ze blijven je erop aanspreken, snap je?'

At nine years old, Amani Al-Khatahtbeh watched from her home in New Jersey as two planes crashed into the World Trade Center on September 11, 2001. That same year, she heard her first racial slur. Muslim Girl: A Coming of Age is the extraordinary account of Amani's coming of age in a country that too often seeks to marginalize women like her. Her spirited voice and unflinching honesty offer a fresh, deeply necessary counterpoint to current rhetoric about the place of Muslims in American life. In the process of evolution, human beings have overcome a multitude of challenges and trials. One such recent encounter was with the pandemic COVID-19. The onslaught of a pandemic is not new in history, not so frequent and will also not be the last. However, during this pandemic, while some people perished, many evolved fighting against it and that's what makes the journey of human species fascinating. This book is a perception of the journey of a variety of demographics through the pandemic and the series of lockdowns initiated to contain it. If on one hand, there was a closure of economic, religious, education and governmental institutions, on the other, there were attempts made to go digital and cope with new realities. While the women and LGBTQ+ community became vulnerable in their homes, the migrant labourers and sailors longed to return to their homes. If addiction to adult films was worrying, the actors in this industry struggled to survive. The small shopkeepers and domestic helpers were left in a lurch. The journey was tough yet extraordinary. As we move towards a new normal, how well prepared are we? Do we have any lessons learnt?

A dream to accomplish, a family to feed and between all this, a flirtatious blend of thrilling events encountered by one and only Dilpreet Singh AKA Preet, a smart, well-composed hunk - preferably a casanova who travels to Thailand with high hopes. His story revolves around his predominant talent of cooking and his seemingly questionable fetish of women. Throughout the story, he finds that his overpowering feeling of worshipping women influences his way of thinking and also of his bond with them. Thanks to a middle-aged Pakistani woman he found online who changes his entire perspective and ends up marrying her daughter. Mystical relationships can be described something within the purview of love, but way beyond what human emotions can reciprocate: friendship, sexual attraction, intellectual compatibility, and, of course, love. Love is the glue that keeps a relationship strong and solid. However, what does love mean can be summarized as an intense feeling of euphoria and deep affection that makes us cling to someone and how women could be far more abstract and profound than just winsome bodies, and how young men ought to nurture the relationships with women in their lives whom they are controversially attracted to. This book allows readers to contemplate their emotional bonding with their loved ones with an open mind, and a hearty soul.

If you can dream it, you can kill it. Mac Sexton is a good-looking teenager and up-and-coming force of nature who harbors a secret ambition: to become the Number One Serial Killer in America, if not the world. Born into a wealthy, robustly dysfunctional family in the Northeast, and choosing (It/It/Its) as preferred pronouns, Mac chronicles its grisly journey from abused child to apex predator in humor darker than a lump of anthracite. Mac's family is a veritable smorgasbord of warped souls. Its father, referred to by Mac sarcastically as "Dear Old Dad," is a powerful and well-thought-of figure in the community, a Yale alumnus whose achievements and privilege camouflage a secret life of gut-wrenching perversity. Mac's mother is a gin-swilling socialite and all-around enabler who routinely turns a blind eye to her husband's cruelty. Mac's younger adoptive sister Morgan is a conniving 10-year-old, a pint-sized problem child from China with more issues than Hustler. Mac's older brother Wally is an awkward loner bullied by their father and on a path of self-destruction, especially when he decides to follow in his father's footsteps and use Mac for his personal enjoyment, not realizing that his younger sibling is morphing everyday into one of the most vicious creatures the Devil on a bad day has ever created—a twisted child with a high IQ, a streak of mean wider than the Mississippi and Styx combined, and an insatiable appetite for violence—a psychopath who considers Charles Manson and John Wayne Gacy as heroes and stellar role models. From its days in an elite prep school wreaking havoc on wayward teachers, to its time spent in a hardcore "troubled teen" therapy program in the Utah desert where it finds itself eventually captured by a cult group of renegade Mormons, to its embittering enrollment as a student at Vassar and Amherst, Mac proves unflinching in its desire to rack up the body count of victims to stratospheric levels. Dropping out of college, Mac heads to Maryland where it witnesses the murder of a bearded cross-dressing Good Samaritan before travelling to Richmond, Virginia, where an 85-year-old billionaire, smitten by lust and with a taste for wives and catamites, proposes marriage, much to the horror of the doddering old sugar daddy's family. It is while travelling to Tennessee, under the guise of visiting Graceland to pay respects to Elvis instead of searching for fresh victims, that Mac's BMW hits a deer, and a kindly old couple stops to render aid—an event that

will prove pivotal for Mac, and definitely not for the better, thrusting the teen into a nightmarish world that will demand the utmost in survival skills and resolve, forcing it to use its unique skill set and bloodlust and can-do attitude to prove once and for all that it, and it only, deserves the title of Number One Serial Killer in America. A title for which no consolation prize is given for second place.

American Muslim religious liberty lawyer Asma Uddin has long considered her work defending people of all faiths to be a calling more than a job. Yet even as she seeks equal protection for Evangelicals, Sikhs, Muslims, Native Americans, Jews, and Catholics alike, she has seen an ominous increase in attempts to criminalize Islam and exclude Muslim Americans from those protections. Somehow, the view that Muslims aren't human enough for human rights or constitutional protections is moving from the fringe to the mainstream—along with the claim “Islam is not a religion.” This conceit is not just a threat to the First Amendment rights of American Muslims. It is a threat to the freedom of all Americans. Her new book reveals a significant but overlooked danger to our religious liberty. Woven throughout this national saga is Uddin's own story and the stories of American Muslims and other people of faith who have faced tremendous indignities as they attempt to live and worship freely. Combining her experience of Islam as a religious truth and her legal and philosophical appreciation that all individuals have a right to religious liberty, Uddin examines the shifting tides of American culture and outlines a way forward for individuals and communities navigating today's culture wars.

Winner of the 2019 Etel Adnan Poetry Prize *Inside the dodo bird is a forest, Inside the forest a peach analog, Inside the peach analog a woman, Inside the woman a lake of funerals* This layering of bird, woman, place, technology, and ceremony, which begins this first full-length collection by Zaina Alsous, mirrors the layering of insights that marks the collection as a whole. The poems in *A Theory of Birds* draw on inherited memory, historical record, critical theory, alternative geographies, and sharp observation. In them, birds--particularly extinct species--become metaphor for the violences perpetrated on othered bodies under the colonial gaze. Putting ecological preservation in conversation with Arab racial formation, state vernacular with the chatter of birds, Alsous explores how categorization can be a tool for detachment, domination, and erasure. Stretching their wings toward de-erasure, these poems--their subjects and their logics--refuse to stay put within a single category. This is poetry in support of a decolonized mind.

Poetry Book Society Wild Card Winner of the Walt Whitman Award of the Academy of American Poets 'It's thrilling to discover such a staggeringly self-assured debut, to feel in the unmistakable presence of *The Real Thing*' Kaveh Akbar The Yemeni American poet Threa Almontaser's incendiary debut asks how mistranslation can be a form of self-knowledge and survival. A love letter to the country and people of Yemen, a portrait of young Muslim womanhood in New York after 9/11, and an extraordinarily composed examination of what it means to carry in the body the echoes of what came before, Almontaser sneaks artifacts to and from worlds, repurposing language and adapting to the space between cultures. Speakers move with the force of what cannot be contained by the limits of the American imagination; instead, they invest in troublemaking and trickery, navigate imperial violence across multiple accents and anthems, and apply gang signs in henna, utilizing any means necessary to form a semblance of home. Fearlessly riding the tension between carnality and tenderness in the unruly human spirit, *The Wild Fox of Yemen* is one of the most original and bold debuts in recent years.
