Girls are more than just sugar and spice. We've all figured that out. What we haven't figured out completely is how they're wired, why they do the things they do, how the world around them affects their choices and opinions, and what that means for youth ministry—until now. In *Teenage Girls*, you'll find advice from counselors and veteran youth workers, along with helpful suggestions on how to minister to teenage girls. Each chapter includes discussion questions to help you and other youth workers process the issues your own students face and learn how you can help them and mentor them through this tumultuous time. In addition to the traditional issues people commonly associate with girls, such as eating disorders, self-image issues, and depression, author Ginny Olson will guide you through some of the new issues on the rise in girls' lives. You'll understand more about issues related to: Family • Addiction • Emotional well-being • Mental health • Physical welfare • Sexuality • Spirituality • Relationships

From the creators of the popular online dating site HowAboutWe.com comes the definitive guide for navigating the modern dating world. The single woman is having a moment. In the worlds of work, personal finances, and education, women are more successful than ever before. When it comes to dating, they're happy to take their time exploring lots of different relationships before deciding if they want to settle down. Women today, like the generations of women before them, want to fall in love. But they want it to happen organically, at its own pace, and with the right person. Rather than listing a set of "rules," Modern Dating offers advice on modern challenges, like how to send a relatively unembarrassing sext, how to create a failproof first date idea, and how to make sure you're getting into a relationship for the right reasons. Instead of telling you How to Win a Husband in Just 3 Easy Steps!, it will gently guide you through all the triumphs and pitfalls of what dating is actually like, from one-night stands, to confusing texts and emails, to your first online date. Frank, funny, and totally relatable, this is a book that really gets at how women are dating today—the ideal travel companion for your dating life. The only rule is that there are no rules, but this book will be there for guidance, or just for laughs, every

Do you want to know how to flirt with women and achieving successful relationships? If yes, then keep reading... You may not know it, but the reason why you may not be alluring to the opposite sex may be because you haven't really thought about what type of male you are. Within the pages of this book, you will find out what it takes to attract women in all kinds of social environments. What's more, the information is up to date and takes account of modern approach, rather than the staid and traditional approach - which you may find isn't that effective anymore. Let's face it, we didn't have all of the potential contact venues several years ago, and older folk don't really understand all of this side swiping and voting on how beautiful you think a woman is. It's a new age now, and thus the rules of combat have to be redefined. As you read through the chapters, you will find that you will learn how to change your approach to suit the new lady of the twenty-first century and believe me, it will be well worth it. The book covers a whole heap of information about what women expect from men, what turns them on, but most importantly, what doesn't. Once you are aware of their needs, you are more likely to fulfill their fantasies as well as your own. Think being smart is enough? Think having a good job should be enough? Well, pal, I have news for you. Women are becoming less timid, and since the book "50 Shades of Grey" was written are taking

a much more proactive part in the dating process. You will find out through the pages of this book exactly what you need to change about your approach, in order to be a winner. Whether you are in the dating game looking for permanence or simply someone to spend your time with, it doesn't matter because the rules of the game are very much the same, and although you may think of yourself as a stud, believe me - if you were that good at the dating game, you wouldn't be reading this introduction. Much of this comes from the approach you use. There's a lot more to the dating game than simply approaching someone of the opposite sex. Believe me; you need to understand the mentality of a woman and how it differs from her male counterpart. You also need to be aware of your approach and the way in which you present yourself. It does make a huge difference to your level of success. Are you an alpha or a beta? You probably don't know, but you will by the time that you have read this book. I promise you that. I also promise that you will be more confident and able to please a woman because the book will make you much more aware of what women are looking for. It goes beyond good looks and great manners. This book gives a comprehensive guide on the following:

- Understanding women's biggest fear
- The secret to getting the first kiss
- Approach smoothly
- How To Get Any Woman To Tell You Anything You Want to

BE PART OF THE SOLUTION Engage female bosses and colleagues in a way that builds cohesion instead of division. Movements such as Time's Up and #MeToo have done an incredible job of bringing to light the issues women face in the workplace.

Now, it's time to give men the tools they need to be part of the solution. Studies have shown that 60% of male managers feel uncomfortable working one-on-one with their female colleagues. This means over half of American male managers lack the confidence in their ability to create an inclusive environment for all of their team members. That's where *The Man's Guide to Corporate Culture* comes in. Heather Zumarraga, a business journalist who has spent much of her career in testosterone-filled work environments, wants to make sure that any male leader who wants to be part of the solution knows how to do it the right way. *The Man's Guide to Corporate Culture* teaches readers: Which behaviors to adopt (and which to avoid) to create and maintain a comfortable work environment for their female co-

workers. How to create an environment that is not only welcoming to both women and men but also encourages healthy and respectful collaboration. Strategies to ensure that female employees are being treated fairly by all team members. And much, much more real-world tested advice and approaches to help ensure every employee (and the company as a whole) is best situated for success. There are numerous books that coach women to deal with bias and harassment in a male-dominated workplace. However, *The Man's Guide to Corporate Culture* is one of the only books that coaches men on how to be a part of the solution so they can engage female bosses, subordinates, and peers in a way that builds cohesion instead of division. The only way for male managers to feel confident in their ability to create an inclusive environment is to give them the tools they need for success. *The Man's Guide to Corporate Culture* does exactly that.

WomenMysterium Books

Here is the ultimate guide for today's women,
created by their own expert peers. Women can learn
how to prepare seven edible facials; behave at a

Modern Ninjutsu: A Definitive Guide to the Tactics,
Concepts & Spirit of Unconventional Combat Arts is
a path guide to realistic training and mind-set
development for combat situations wherever they
may occur. J. Alaric Justice is a military combat
veteran and former anti-terrorist, as well as a former
law enforcement defensive tactics instructor and
crisis negotiator. Perhaps most important to this
work, he has survived many violent street
encounters, fights, and attempted crimes in gang-
infested areas. Speaking as someone who has been
exposed to violence and opponent force in myriad
forms, he offers a unique view to practitioners of any
system of how to handle crisis situations and
maintain realism in their training for generations to
come.

All the Clinton-era single ladies agree, this classic tome will demystify the brave new world of romance on the information superhighway as it was meant to be (before Friendster and MySpace came along and ruined it). For anyone seeking an (ironic) trip down memory lane, you will learn the answers to such timeless questions as: * How do I find a newsgroup that's right for me? * What's the best way to make a chat-room entrance? * Are you a cyberaddict? Take this quiz and find out! Complete with a list of obsolete websites, usenets and cyber cafes, your entire romantic life will flash before your eyes as you read the (unintentionally) hilarious advice on virtual beaus, cybersex and other dating secrets for women in the "modern era". And if you ever wondered how your parents hooked up before Tinder, *Men Are from Cyberspace: The Single Woman's Guide to Flirting, Dating, & Finding Love* may provide some much needed insight about your mother's love life.
