Betovernde moderne klassieker over een meisje dat opgroeit bij een heks. 'Er zit magie in sterrenlicht. Dat is algemeen bekend. Maanlicht is een heel ander verhaal. Maanlicht IS magie.' Elk jaar laten de dorpingen een baby achter als offer voor de heks in het woud. Niemand weet dat Xan, de gevreesde heks, de achtergelaten kinderen juist liefdevol naar families aan de andere kant van het woud brengt. Dit keer voedt ze het achtergelaten kind per ongeluk met maanlicht, waardoor het meisje vervuld raakt van magie. Xan besluit Luna op te voeden als haar eigen dochter. Met de jaren worden Luna's magische krachten sterker. Wanneer haar dertiende verjaardag nadert, besluiten de dorpingen eindelijk jacht te maken op de heks die hun leven al jaren overschaduwde. Zij weten niet dat Xan en Luna hun magie goed gebruiken en dat het echte kwaad veel dichterbij is... 'Onmogelijk om weg te leggen... Het meisje dat de maan dronk is net zo spannend en gelaagd als klassiekers zoals Peter Pan en The Wizard of Oz.' – The New York Times Book Review Bekroond met de Newbery Medal voor het mooiste kinderboek.

moontime rhythms and how they connect to the phases of Sister Moon. When you do, you flow in harmony not only with your self, but with the Divine Feminine and Goddess within, the heart and gift of the blood mysteries. "About the author: " DONNA WOLPER is blessed to be the mother of two grown children, a potter, traveler, spiritual seeker, art teacher and craftswoman. She grew up in the suburbs of New York, moved, married and raised her two children in a small ski resort town in Quebec. One cold, snowy winter she took her children traveling to Mexico. After 4 months of traveling they discovered a rural, coastal, fishing village in the jungles of Jalisco. This village, without electricity or cars, wrapped its wings around her and she returned for over 18 winters living side by side with the local community and ex-pat transplants. It was there that the lunar cycles illuminated her awareness of the blood mysteries, and the Goddess within inspired her to write this book. Attuning to the phases of the moon aligned her moontime cycle with the awareness of the rhythms of the natural world and the wisdom of the Divine Feminine. This opened the gateway to the garden of the Goddess whose message is found inside this book. Donna now lives on the central coast of California, and still visits this quaint village and flows with its oceanic tides while walking across the beach under the light of the full moon. It is there that she hears the inspiration of the Divine that Sister Moon whispers.

... The reader may imagine it best if he will lie on the ground some warm summer's night and look between his upraised feet at the moon, but for some reason, probably because the absence of air made it so much more luminous, the moon seemed already considerably larger than it does from earth. The minutest details of it's surface were acutely clear. And since we did not see it through air, its outline was bright and sharp, there was no glow or halo about it,

and the star-dust that covered the sky came right to its very margin, and marked the outline of its unilluminated part. And as I stood and stared at the moon between my feet, that perception of the impossible that had been with me off and on ever since our start, returned again with tenfold conviction. ...
