Perfect for use at home or in school, and a favorite of parents, homeschoolers, and teachers worldwide, Spectrum is the learning partner students need for complete achievement.

Math Phonics (tm) is a specially designed program for teaching the mastery of basic math concepts and facts. The name, Math Phonics (tm), is used because the rules, patterns and memory techniques developed for this program are similar to those used in language arts. Most of the rules are short and easy to learn. Children are taught to look for patterns and use them. Repetition and drill are the keys. In just minutes a day, your students can master the multiplication facts 0 through 12.

Why would Digital Age kids benefit from using flash cards? Because they offer a fun, fast, easy, time-tested way to memorise new information and apply important concepts. School Zone flash cards, in several unique formats, offer big learning power packed with near-endless possibilities.

Designed by experts in education, this comprehensive best-selling workbook features vivid and full-color illustrations to guide fourth grade children step-by-step through a variety of engaging and

developmentally appropriate activities. Topics and activit
