Het lichaam van een vermiste privédetective wordt gevonden in een auto, diep verscholen in een dicht bos. Een plek, gek genoeg, waar al eerder naar hem gezocht werd. Hoofdrechercheur Siobhan Clarke maakt deel uit van een nieuw team, dat onderzoekt waar het in de oorspronkelijke zaak is misgegaan; er zijn altijd twijfels geweest over hoe de zaak is afgehandeld. Iedereen die erbij betrokken was wordt ondervraagd, het lijkt erop dat die stuk voor stuk wat te verbergen hebben. Eén man in het bijzonder lijkt te weten waar het spoor naartoe leidt, wat voor hem ook het einde kan betekenen: John Rebus.

This book was written for high school and college students interested in studying at a university or other educational institution in Great Britain or Ireland. The book seeks to guide students through the entire study abroad experience. It begins with the university selection process, and covers such concerns as application procedures, transfer of course credit, transportation, what to pack, required documents, insurance, housing, and banking. The book also addresses academics and university life, social and cultural issues, communication, sports, and entertainment and the media. Five appendices include a complete listing of study abroad resources; addresses for Irish and British universities; a large glossary covering English, Cockney, Welsh, Scots, Irish, Irish Gaelic vocabulary and slang; a calendar of major British and Irish holidays and events; and the tube, rapid transit, and motorway maps. A Study Guide for Nella Larsen's "Passing" Gale, Cengage Learning

Standish en Hector wonen in Zone Zeven, een getto van het Moederland. Standish wordt vaak gepest omdat hij anders is. Hij heeft een blauw en een bruin oog en is dyslectisch. Sinds zijn ouders zijn afgevoerd woont hij bij zijn opa. Zijn buurjongen Hector is zijn enige vriend. Wanneer op een dag hun voetbal achter de grote muur vlak bij hun huis belandt, ontdekken ze dat het Moederland een geheim verbergt. Een bizar en duister geheim. Kort daarna verdwijnt Hector, en Standish moet een moedige keuze maken...

Back home in Chicago, Paul Hiroshima had it all. Popularity, charming looks and a talent for the arts that made him admired by his peers. Moving to Portland, Maine the summer before his senior year was going to change all that. With his city life behind him, there was definitely no reason to make the best out of a bad situation—that is, until he meets the amazing Felicia Abelard. Over a love of comic books and secret identities, Felicia becomes the sidekick to his hero; there's just one problem: they weren't supposed to fall in love. As the season comes to an end, Paul and Felicia face in-depth challenges to preserve their summer formed bond. With the brink of the new school year at hand, this tale of best friends and first loves will make this year unforgettable. ***Readers who enjoyed Everything, Everything and The Sun is also a Star by Nicola Yoon will fangirl over this YA diverse contemporary romance about first loves and understanding!***

expected to advance national goals related to fairness, equity, and social cohesion. Comprising articles written and collected in the journal of the International Association of School Librarianship and new articles written especially for this anthology, this book documents both empirical research and promising practices to help school librarians and teachers work together to promote social justice and develop learners' and educators' cultural competence. Both coeditors are experienced in working with authors from around the world and have participated in the development of standards and guidelines for school library practitioners that are effective and ethical. Brief real life case studies of school librarians and teachers in action showcase efforts to improve the lives of marginalized or under-served students. School librarians inside and outside of the United States, school library educators and policymakers, and academic librarians building school librarianship collections will find this guide valuable. • Includes evidence-based approaches to dealing with challenges to the educational and moral purposes of schools • Features fresh perspectives on shared concerns from colleagues • Provides access to research and promising practices

This book defines genocide, distinguishing it from mass murder, war crimes, and other atrocities; allows readers to grasp the magnitude of the crime of genocide across time and throughout human civilization; and facilitates an understanding of new and potential cases of genocide as they occur. • Illustrates the myriad problems inherent in genocide prevention and in the punishment of perpetrators • Analyzes why the nation-states that have the capacity to prevent or intervene against

a genocide typically avoid doing so • Discusses the nature of and reasons underlying genocide denial • Examines the different kinds and scales of the impact of genocide on victim groups and on the perpetrators

This Reading Guide is aimed at the student and offers a 'way in' to different aspects of the novel of the same title. Activities engage students and enhance their reading of the novel. There is also a particular focus on writer's craft, in line with the requirements of the new curriculum. The Reading Guide is illustrated and has a magazine-feel to appeal to students. It can be used during the early stages of a Scheme of Work based on the novel, and can also be built in to lessons as the reading progresses and to support further reading activities.

There are so many books on so many aspects of the history of the United States, offering such a wide variety of interpretations, that students, teachers, scholars, and librarians often need help and advice on how to find what they want. The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography. Each of the 600 entries on topics in political, social and economic history describes and evaluates some 6 to 12 books on the topic, providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs. The entries are devoted to events and individuals, as well as broader themes, and are written by a team of well over 200 contributors, all scholars of American history.

Savant and splinter skills are seen in memory, art, music or spatial skill amongst others. They can appear remarkable, but tend to be seen as 'obsessive' behaviors. Exploring Giftedness and Autism is based on a unique study which introduces and explores a differentiated curriculum and presents a combination of strategies employed in the education of gifted children and autistic children. Providing insights on the obsessive nature of savant skills, the challenging behaviors of savants and the familial link between the subject child's savant abilities and giftedness, the author highlights how the inclusion of this curriculum is critical in promoting better school performance and post-school employment opportunities. The study has demonstrated the importance of using a 'strengths' rather than a 'deficits' approach in the education of students with a disability, and regards autistic savants as gifted students with disabilities, or as 'twice-exceptional' students with autism. With a practical section dedicated to putting the research into practice this book is an incredibly important read for anyone working with gifted young people with disabilities in the classroom.
