PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is depend- ent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream- fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

William Sydney Porter (1862-1910), known by his pen name O. Henry, was an American writer. O. Henry's short stories are known for their wit, wordplay, warm characterization, and surprise endings. Among his most famous stories, Cabbages and Kings was his first collection of stories, followed by The Four Million.

A collection of 38 stories by the famous American short story writer

Arguments for forgiveness, mercy, and clemency abound. These arguments flourish in

organized religion, fiction, philosophy, and law as well as in everyday conversations of daily life among parents and children, teachers and students, and criminals and those who judge them. As common as these arguments are, we are often left with an incomplete understanding of what we mean when we speak about them. This volume examines the registers of individual psychology, religious belief, social practice, and political power circulating in and around those who forgive, grant mercy, or pose clemency power. The authors suggest that, in many ways, necessary examinations of the questions of forgiveness and pardon and the connection between mercy and justice are only just beginning.

O. Henry was an American writer who was a master of the short story genre. His stories were known for their wit, wordplay, and for having an unexpected twist at the end. He was famous for his warm characterizations of awkward and difficult situations and the creative ways people find to resolve them. His most famous short story, *The Gift of the Magi*, epitomizes this style. O. Henry was born William Sydney Porter. He started writing stories while serving a prison sentence and published his first twelve stories while still in prison. In order to keep his real identity private, he took on the pseudonym of O. Henry, which he maintained throughout his writing career. Though he died at the age of just 48, he had written more than 600 stories by then. This collection includes some of his outstanding stories, such as *The Gift of the Magi*, *The Cop and the Anthem*, *The Skylight Room*, and *Memoirs of a Yellow dog*. He was a gifted short story writer who left us a rich legacy of great stories to enjoy. Throughout this text, Valerie Shaw addresses two key questions: 'What are the special satisfactions afforded by reading short stories?' and 'How are these satisfactions derived from each story's literary techniques and narrative strategies?'. She then attempts to answer these questions by drawing on stories from different periods and countries - by authors who were also great novelists, like Henry James, Flaubert, Kafka and D.H. Lawrence; by authors who specifically dedicated themselves to the art of the short story, like Kipling, Chekhov and Katherine Mansfield; by contemporary practitioners like Angela Carter and Jorge Luis Borges; and by unfairly neglected writers like Sarah Orne Jewett and Joel Chandler Harris.

Nothing better represented the early spirit of American expansion than the railroad. Dominant in daily life as well as in the popular imagination, the railroad appealed strongly to creative writers. For many years, fiction of railroad life and travel was plentiful and varied. As the nineteenth century receded, the railroad's allure faded, as did railroad fiction. Today, it is hard to sense what the railroad once meant to Americans. The fiction of the railroad—often by railroaders themselves—recaptures that sense, and provides valuable insights on American cultural history. This extensively annotated bibliography lists and discusses in 956 entries novels and short stories from the 1840s to the present in which the railroad is important. Each entry includes plot and character description to help the reader make an informed decision on the source's merit. A detailed introduction discusses the history of railroad fiction and highlights common themes such as strikes, hoboes, and the roles of women and African-Americans. Such writers of “pure” railroad fiction as Harry Bedwell, Frank Packard, and Cy

Warman are well represented, along with such literary artists as Mark Twain, Thomas Wolfe, Flannery O'Connor, and Ellen Glasgow. Work by minority writers, including Jean Toomer, Richard Wright, Frank Chin, and Toni Morrison, also receives close attention. An appendix organizes entries by decade of publication, and the work is indexed by subject and title.

Zomer 1876: San Francisco is in de greep van een ongekennde hittegolf en een pokkenepidemie. Door het raam van een saloon wordt een jonge vrouw doodgeschoten, Jenny Bonnet. Haar vriendin Blanche Beunon, een Franse revuedanseres, zet alles op alles om Jenny's moordenaar voor het gerecht te brengen als hij haar tenminste niet eerder te pakken krijgt. Maar wanneer Blanche probeert de feiten boven tafel te krijgen, blijkt het leven van Jenny veel duisterder dan het in eerste instantie leek. Kikkermuziek is een filmische, prikkelende, duistere roman voor de lezers van Sarah Waters, Kate Atkinson en Hilary Mantel. Excerpt from O. Henry Papers: Containing Some Sketches of His Life Together With an Alphabetical Index to His Complete Works I heard that the author was living in a lodging or boarding house in West Twenty-fourth Street. That was as near as I could get to a definite address. I concluded that that portion of West Twenty fourth Street occupied (at that time) by boarding houses, pensions and Italian restaurants, lying between Sixth Avenue and Broadway, offered the best hunting ground; and I accordingly began a complete survey of every structure that seemed open to the transient world Through the courtesy of some landlords and the discourtesy of a few slaveys, I managed to comb four buildings - without results. The fifth happened to be the Hotel Marty. The proprietor was an Italian. I asked him if he had an O. Henry or a Sydney Porter occupying a room in his hospitable inn. Neither name seemed to mean anything to him. He did, however, suggest that I might go through the house and investigate.
