The PMI-PBA® Exam Practice Test and Study Guide attempts to address all your questions and concerns by providing two of the most sought-after study aids: memory maps and practice questions. The systematic use of memory maps helps aid in the efficient recall of information and can boost confidence during the exam. Well-crafted practice questions are fantastic study aids that can be used to track your progress as you learn new concepts, introduce you to the complex sentence structure that is likely to appear on the exam, and concentrate your studies by domain, essentially preparing you to pass the very challenging PMI-PBA® Exam in the allotted four hours. In addition to study hints and exam topics, this book provides references to tools and techniques

that should be incorporated into your work immediately. For each of the five domains outlined in the PMI Professional in Business Analysis (PMI-PBA)® Examination Content Outline 2013 (the ECO), twenty practice questions test your knowledge. Also included is a challenging 200-question practice exam, which is representative of the actual exam. To enhance your studies, a timed, online simulated exam is also provided. At the end of the simulated exam, you can see your score per the number of questions you answered correctly. These exam questions are crafted to foster learning and reinforce content; they are not obscure or overly complicated, but rather are representative of the actual exam. Knowing what to do must be translated into doing what you know. This book helps you prepare for the PMI-PBA® exam by instilling knowledge and encouraging critical thinking. As a result, the skills attained can lead to improved project success and outcomes, and you'll have a much stronger understanding of the material, along with the tools and techniques of business analysis. "Het is volle maan maar de zware bewolking en lichte regen belemmeren het zicht. De vuurtoren zwaait met vaste regelmaat haar licht over het trieste schouwspel. Het licht van mijn hoofdlamp gaat verloren in het donker. Langzaam begint het tot me door te dringen dat een stuk van mijn leven wordt afgesloten".In "SoloMan" herbeleeft Jack van Ommen zijn ongelooflijk avontuur dat begon aan de Amerikaanse westkust en negen jaar later tot een voorlopig einde kwam in een wilde storm in de Middellandse Zee. Hij begon zijn droom in een negen meter zeilboot met $150 op zijn bankrekening. Na 51 landen en 48.000 zeemijlen in het kielzog, komt er een abrupt einde aan zijn ontdekkingsreis. Hij verliest zijn boot en al zijn bezittingen.Dit is het verhaal van een levensveranderende ervaring op zee en hoe hij tegenslagen te boven komt met doorzetten, hoop en houvast in zijn geloof in God en mensheid. Jack van Ommen, Amsterdam 1937. Thuishaven: Gig Harbor, Washington, V.S.
