Just like playing an instrument, knowing how to manage your money and credit better is a learned skill. In Money Maker book , you will learn the simple steps to financial freedom. The goal of this book is to show you how to take control of your finances and help yourself. Rich people need to know how they can manage their wealth and avoid being poor. Other people, who want to be rich, face a different challenge; how to create, save, Invest, and manage money. But all too often it's a skill that many of us haven't had a chance to learn. And that's what this book is all about. Helping you fine tune your money skills and increase your knowledge about your personal finances so that you can accomplish your financial goals. Whether you want to learn how to save money, budget your money, manage your debt, find ways to pay it off faster, create wealth better, or become the next millionaire,

you've come to the right place. Achieving financial goals can be a difficult task, and we're here to make sure you won't have to do it all on your own. Ask yourself: • Do you believe you were born with money management talent? • Did you have parents that taught you how to manage your money well when you were growing up? • Did you have teachers that taught you about money while in school? • Did you know why rich broke financially in life? If you're like most of us, the answer is NO to all four questions. However, the amazing thing about managing money is its skill, and if it's a skill, it can be learned.

This friendly guide provides comprehensive coverage of all basic money management principles. Enables readers to understand not only the implications of far-reaching events but also the fundamental knowledge to navigate the world of personal finance. Describes how to effectively manage personal assets- from buying and selling to investing, insuring, planning and preparing income taxes.

Are you ready to start investing? What exactly is insurance? How is credit card interest calculated? Personal finance is often seen as confusing and has a language all of its own. In *Managing Your Money*, Tony Boczko demystifies this subject by providing a practical guide for financial management skills and personal financial planning. A whole range of personal finance topics are discussed in detail, including savings and investments, borrowing, personal taxation, pensions, insurance and debt. Students are not expected to master intricate calculations, but are given a solid framework within which to understand the issues. *Managing Your Money* also provides: - A wide range of scenarios, case studies and examples providing a practical, real-world context; - Features such as learning objectives, activities, self-review questions, further reading, and key points; and - An emphasis on both life skills and academic skills. This easy-to-read book provides simple and practical information for making sound financial decisions. It is specifically intended to guide students through a module in personal finance, but contains valuable advice that would be useful in later life. A companion website for this book is available, which contains the following: For students - A selection of end-of-chapter multiple choice questions - Additional end-of-chapter self-review questions - Links to useful websites. For lecturers: - PowerPoint presentation slides for each chapter - Summary answers to all end-of-chapter self-reviews, case study discussions, and additional end-of-chapter self-review question.

The Association of Chartered Certified Accountants (ACCA) is the global body for professional accountants. With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. BPP Learning Media is an ACCA Official Publisher. Paper P6, Advanced Taxation, requires you to extend the core tax knowledge that you learnt for Paper F6. As well as widening your knowledge of the core taxes, you will need to study inheritance tax, stamp taxes and trusts for the first time. In this paper you will also be expected to comment on ethical issues. In Paper P6 all of the questions set will be scenario type questions as opposed to the purely computational questions that you met at Paper F6. The emphasis of the questions will be on the interpretation of a given situation. You may need to propose alternative strategies and compare and contrast the results. Marks will be specifically awarded in the examination for the demonstration of effective communication skills. You will also need to demonstrate that you are aware that there may be non-tax matters that should be taken into account. Our P6 FA2009 study text has been approved by the examiner. It covers the entire syllabus at just the right level. There is a chapter towards the end of the text devoted

to tax planning and ethics. This chapter helps you to bridge the gap between acquiring the knowledge that you must have at this level and starting to apply that knowledge to the type of questions that you will meet. The question and answer bank will also be vital in helping you develop your application skills. The questions are at a level designed to aid your transition towards the examination standard questions that you will find in BPP Learning Media's Practice and Revision kit. The pilot paper that was issued for Paper P6 is included at the back of the text so that you can see the standard and type of questions you will meet in the examination. BPP Learning Media is the publisher of choice for many ACCA students and tuition providers worldwide. Join them and plug into a world of expertise in ACCA exams.
