We've all encountered prosecutors who are only interested in improving their "conviction scorecard" and regularly tread on the Bill of Rights in the name of their own ambition. The Duke Lacrosse Team case and the recently dismissed prosecution of U.S. Senator Ted Stevens are merely emblematic of the kind of prosecutorial abuses that have long plagued our system of criminal justice. In the wake of scandals such as Enron, KMPG, ImClone and WorldCom, lawmakers continue to give federal and state prosecutors expanded, unbridled power to investigate and prosecute, fueling this ambition and encouraging prosecutorial abuse. Now, Philadelphia lawyer Joseph F. Lawless, a former Assistant District Attorney, Special Prosecutor and active criminal defense lawyer, gives you the benefit of his 32 years of experience to help protect your clients from prosecutorial misconduct with this authoritative and practical work. Considered the definitive treatise on the subject, this newest edition of Prosecutorial Misconduct provides a comprehensive and scholarly analysis of every prosecutorial abuse, from the initiation of a criminal

investigation through the appeal and post-conviction stages for both federal and state jurisdictions. Unlike other works, however, Prosecutorial Misconduct also provides the defense bar with proven battle plans. Included in this edition is a complete collection of motions, briefs and arguments from actual cases handled by noted defense lawyers such as David Kendall, Gerry Spence, Billy Martin, James Brosnahan, John Cline, Michael Tigar and Joe Lawless, such as: • the Jayson Williams murder case; • the Clinton/Lewinsky grand jury probe; • the Wen Ho Lee espionage prosecution; • the prosecution of "American Taliban" John Philip Walker Lindh; • the Oklahoma City Bombing trial, United States v. Terry Lynn Nichols; • the "Buddhist Temple" fundraising case, United States v. Maria Hsia; • the Linda Tripp wiretap investigation; • the Doug Gilmore NHL extortion case. This newest edition also examines: • the Hyde Amendment; • the Principles of Federal Prosecution for Business Organizations; • the White Collar Crime Penalty Enhancement Act. Prosecutorial Misconduct sets out innovative, aggressive strategies developed in the crossfire of the courtroom by accomplished, successful defense lawyers, and is a must for every defense lawyer's library.

How you engage your audience and improve learning can be affected by how well you use them. But mastery of PowerPoint evades many. Feedback on presentations can range from “What was the point?” to “That changed my life.” Most, though, fall closer to the former. If you are looking for a guide to the PowerPoint practices that will push your presentations into the latter category, look no further. A Trainer's Guide to PowerPoint: Best Practices for Master Presenters is Mike Parkinson's master class on the art of PowerPoint. While Parkinson wants you to understand how amazing a tool PowerPoint is, he's the first to tell you that there is no magic button to make awesome slides. There are, however, proven processes and tools that deliver successful PowerPoint content each and every time you use them. In this book he shares them, detailing his award-winning PowerPoint process and guiding you through three phases of presentation development—discover, design, and deliver. What's more, Parkinson is a Microsoft PowerPoint MVP—most valuable professional—an honorific bestowed by Microsoft on those with “very deep knowledge of Microsoft products and services.” He shares not only his tips and best practices for presentation success, but also those from several of his fellow MVPs. Parkinson invites you to master PowerPoint as a tool—just like a paintbrush and paint—and to realize that the tool doesn't make the art, you do.
