Learning to Teach Religious Education in the Secondary School provides insights from current educational theory and the best contemporary classroom teaching and learning, and suggests tasks, activities and further reading that are designed to enhance the quality of initial school experience for the student teacher. Key themes addressed include: the place of Religious Education in the curriculum state and faith community schooling developing schemes of work language and religious literacy teaching religion at 16 plus religion and moral education collective worship. This second edition has been thoroughly updated throughout to take account of changes to policy and the curriculum. It includes two additional chapters on 'Religious Education and Citizenship' and 'Teaching Religious Education at A level', as well as new versions of three original chapters 'Teaching Children with Special Educational Needs', 'Religious Education and Moral Education' and 'Resources for Religious Education'. Supporting teachers in developing levels of religious and theological literacy, both of individual pupils and the society as a whole, this comprehensive and accessible text will give practising teachers and students an introduction to the craft of teaching Religious Education in the secondary school.

Contains 125 activities, one for each of the sections in the text History of a free nation.

Each unit includes guided reading, vocabulary building, skillbuilder practice, geography applications, primary sources, literature selections, reteaching activities, enrichment activities for gifted and talented students, history workshop resources and answer key.

The activities, including completion items, lists and charts, graphic organizers, acrostics, and others, are recommended for use with students who need additional help learning the concepts.

Applies traditional economic theory to contemporary problems such as unemployment, inflation, and conflicting economic systems.

This comprehensive guide takes you through all of the planning and implementation steps needed to go from vision to actual delivery of online courses.

"A flexible reading program that can be used for whole-class, small group, or individual instruction. ... [It] gives students systematic instruction in phonics, develops fluency, and improves reading comprehension skills--all in an age-appropriate context. [This program] is most appropriate for students with a reading level from pre-literacy to Grade 4, and an interest level between Grade 6 to 12, or for ESL and ELL students."--Publisher's website.

Materials for teaching language arts to grade K-8 students. The program aims to develop students to be critical readers, fluent writers, critical thinkers, fluent users of language, articulate speakers and critical listeners.
