CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences. The database provides abstracts of journal articles and citations to book reviews drawn from over 1,800+ serials publications, and also provides abstracts of books, book chapters, dissertations, and conference papers.

In this revised edition of a volume originally published in 1989, Lawrence Broer extends his comprehensive critique of the body of writing by Kurt Vonnegut. Broer offers a broad psychoanalytic study of Vonnegut's works from *Player Piano* to *Hocus Pocus*, taking a decisively new approach to the work of one of America's most important, yet often misinterpreted writers. A compelling and original analysis, *Sanity Plea*, explores how Vonnegut incorporates his personal experiences into an art that is not defeatist, but rather creatively therapeutic and life-affirming.

On February 13th, 2001, according to Vonnegut, the universe will tire momentarily of expanding forever. What's the point? Maybe it would be more fun to shrink for a change, and have a reunion of all the stuff back where it began. Then it could make a great big BANG again. It will shrink back to February 17th, 1991, but will then decide that expansion is the way to go, after all. As time marches on once more to 2001, though, Vonnegut and Trout and everybody else and everything else will have to do exactly what they did the first time through the decade, for good or ill: marry the wrong person, bet on the wrong horse. Whatever! Ten years of *deja vu* all over again! At least *deja vu* doesn't cause physical injury and property damage.

Slaughterhouse Blues: The Meat and Poultry Industry in North America Cengage Learning

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

A vigorous anti-war novel. Conscripted reaches into the hills as the First World War comes to a small Provencal community one blazing August. A committed pacifist, Giono produced one of the most affecting accounts of war ever written, with its horrifying scenes of war and descriptions of harsh, primitive conditions in the trenches. His fiercely realistic novel contrasts the wholesale destruction of men, land, and animals at the front with the moral disintegration of the lonely and anxious people left behind.

Ever since its establishment by USDA regulation in the mid-1980s, the Institutional Animal Care and Use Committee (IACUC) has evolved as the premier instrument of animal welfare oversight within research institutions in the United States. As biomedical research continuously grows, the role and impact of the IACUC has increased in scope

and complexi

Includes articles on international business opportunities.

In this first comprehensive work in English to describe the building of Latin America's capital cities in the postcolonial period, Arturo Almandoz and his contributors demonstrate how Europe and France in particular shaped their culture, architecture and planning until the United States began to play a part in the 1930s. The book provides a new perspective on international planning.

Contains the 4th session of the 28th Parliament through the session of the Parliament.

Judd gives us a new understanding of the formation of German political systems, the importance of religious practices to Jewish political leadership, and the interaction of Jews with the German government.

A young writer decides to interview the children of a scientist primarily responsible for the creation of the atomic bomb

The author of *Slaughterhouse Five* and *Jailbird* jumps back and forth from the afterlife to interview Sir Isaac Newton, Clarence Darrow, William Shakespeare, and his own character, Kilgore Trout, in this humorous look at death.

This database encompasses all aspects of the impact of people and technology on the environment and the effectiveness of remedial policies and technologies, featuring more than 950 journals published in the U.S. and abroad. The database also covers conference papers and proceedings, special reports from

international agencies, non-governmental organizations, universities, associations and private corporations. Other materials selectively indexed include significant monographs, government studies and newsletters.

Offers a profile of the American writer, discusses the main themes of each of his novels, and describes his place in modern literature

An expanded second edition of **SLAUGHTERHOUSE BLUES: THE MEAT AND POULTRY INDUSTRY IN NORTH AMERICA** is now available. The authors, a cultural anthropologist and a social geographer, draw on three decades of research to present a detailed look at the modern meat and poultry industry in the United States and Canada. Following chapters on industrial beef, poultry, and pork production, **SLAUGHTERHOUSE BLUES** scrutinizes industry impacts on farmers and ranchers, processing workers, and on the communities that host its plants. The book details the authors' efforts to help communities plan for and mitigate the negative consequences of meat and poultry plants as well as community opposition to confined animal feeding operations. The second edition includes recent research and up-to-date information on industry and consumer trends. A new chapter, *Is Meat Murder?* examines the growing public concern with animal rights and animal welfare. The book concludes with a look at the health and social consequences of the present system of meat production before exploring alternatives to North America's model of industrialized meat.
