CMH Pub 73-4. U.S. Army Campaigns of the Mexican War. Prepared by Stephen A. Carney. Discusses the Battle of Buena Vista which occurred during the Mexican-American War in 1847. Desperate Stand: The Battle of Buena Vista is the fourth in a series about the Mexican War, which was the U.S. Army's first experience waging an extended conflict in a foreign land. This brief war is often overlooked by casual students of history since it occurred so close to the American Civil War and is overshadowed by the latter's sheer size and scope. Yet, the Mexican War was instrumental in shaping the geographical boundaries of the United States. At the conclusion of this conflict, the U.S. had added some one million square miles of territory. The Mexican War still has much to teach us about projecting force, conducting operations in hostile territory with a small force that is dwarfed by the local population, urban combat, the difficulties of occupation, and the courage and perseverance of individual soldiers. This is one of eight pamphlets by Stephen A. Carney planned to provide an accessible and readable account of the U.S. Army's role and achievements in the conflict.

In this 2 in 1 box set, we will look at two key areas habit stacking :- goal setting and how to avoid procrastination when trying to achieve your life goals Have you ever noticed that some people seem to be able to get an enormous amount of work done in a single day while others struggle with one task? The difference is that people that are able to get a lot of things done know what is involved in getting important things done and they know how to create an action plan to achieve whatever they want to achieve, whether that is throughout the course of a single day or something that is more cumulative over the course of a lifetime. It is related to goal setting and more importantly, to habit stacking. They have essentially figured out a way to live their lives that helps them be more productive and realize the things that are truly important to them while others continue to struggle. Keeping a journal is a very useful path towards self-improvement. However, this is only when journaling becomes a habit, and not something that is done just once. Essentially, journaling works its wonders because the habit "forces" people to spend time on themselves. Turning your attention to your own thoughts creates a therapeutic activity, giving you time to reflect and heal. It can also he improve your thought and behavior, giving you realizations that may be overlooked as you go through the humdrum of daily life.
