The new blockbuster from one of the world's greatest storytellers delves into the life of Emma Harte--the original Woman of Substance--and the ambitious, passionate, and volatile women of the next generations. Evan, Tessa, Linnet, and India: four remarkable women. Three generations of Hartes. One indomitable family whose loyalty binds them together and whose enemies want to tear them apart. Evan Hughes, Emma's American great-granddaughter, is trying to integrate into the powerful Harte family. She is caught between her estranged parents, her new family, and her new love. But a dangerous enemy hovers in the background. Tessa Longden, Evan's cousin, is battling her husband for custody of their daughter, Adele. When Adele suddenly goes missing, Tessa is forced to seek help from her half-sister Linnet--a woman who has been her rival all their lives. Linnet, the most brilliant businesswoman of the four great-granddaughters, is desperately trying to show that she is the natural heir to her mother, Paula. But her glittering future at the helm of the vast Harte empire means many sacrifices, perhaps even the loss of her sister's fragile trust. And India Standish, the traditionalist in the family, falls in love with a famous British artist from a working-class background. Madly in love, India is determined to marry him, no matter what her family thinks. It is Evan who finds new perspective about her own life from the revelations in letters that Emma wrote to Evan's grandmother decades ago. But they may come too late.... As conflict and danger swirl around the Harte women, someone is pulling the strings to make sure none of them finds happiness. Who among them will rise to the challenges as only a true Harte can do? This latest dramatic story in the ongoing saga of an extraordinary family dynasty is full of love, passion, jealousy, and ambition. It is Barbara Taylor Bradford at her inimitable best.

The monster under the bed is real. In fact, all the monsters are real, as well as the heroes and everything in between because all Fiction is real and exists in a dimension called Story. However, plenty of them hang out in the Mortal world, living both innocent and nefarious lives. This might not mean much to the average Mortal unaware of the Fictional characters living among them, but for The Last Scion--the only Mortal that can kill those Fictional characters--things are about to become very complicated. Tessa Battle is that Mortal. Upon her return to Lore, Oregon after years bouncing around boarding schools in Europe, Tessa had her sights set on simple things like shoe shopping, finding a hot boyfriend, and eating as many pancakes as humanly possible. However, the Last Scion mantle Tessa just got saddled with is not making any of that easy, and as Tessa and her new friends are about to learn, Story is long from done with her, no matter how much she'd like to deny her destiny. With more than one monster chasing her and questionable characters like The Snow Queen and Robin Hood as her allies, Tessa is going to need all the superpowers she inherited just to stay alive. And maybe, just maybe, it's a GOOD thing that behind her back, Stories call her THE STORYKILLER.

Tessa did not believe in Fate. Nor did she believe in miracles. Yet, a single decision veers her life onto a collision course of bizarre events.
