for the conquests objective or warrior for seductive.) The vision that the author had to apply the knowledge of Sun Tzu to the theme of seduction, help him a lot to conquer his actual couple, he took his own tips just when he gave for lost his relationship, but finally he got inspire love to the woman who he had strived. This book isn't just to the men or women, anyone can have it. The core of the philosophy about seduction in in this rule: What drives others to come to you is the prospect of winning. What do you have for someone want to be with you? The opposite, the thing that put off to the other to go to you is the prospect that your low value. What is winning? It's the feel, when someone interest you, for her beauty, social or economic status, charisma, etc. there you are looking in that person the possibility to win, and, for that reason, You are been attracted for her value. But here there is a problem. We are always going for objectives that have more value, for that reason we are rejected. This is important: You can't seduce to someone with more value if you can't overcome her in value. For that, this book has key points that have to be considerate before to do some attempt, which will help you to get better attitudes to seduce, directly or indirectly, as well as to value the situation where you are and about it, know how to try with an easy or a difficult objective.
