Living paycheck to paycheck? Keep reading and find out how to break the cycle with Real Estate Investing. In today's world, the terms 'financial freedom' and 'passive income' have become synonymous with wealth building programs of debatable value. However, what if I told you there was a practical, long-standing, and validated approach to achieving these goals? In truth, while there are several paths to achieving financial freedom, the most reliable way to create foundational wealth for yourself is through real estate. Investing in real estate is the highest performing investment return vehicle in history, regularly outperforming the stock market. As an entry-level investor, you might be aware that residential real estate is an excellent starting point. You have likely already found that there isn't much readily available information on residential real estate investing specifically. Current books on the subject cover real estate in broad strokes without dedicating direct attention to entry-level strategies, specifically in residential rental property investing. Available information puts a full focus on rental properties in general, both commercial and residential, without targeting beginners who seek accessible and applicable strategies to get their foot in the door. In this book, I will give you in-depth, comprehensive strategies that you can use to stop living paycheck to paycheck, make extra money and build your wealth through rental property investing. With this knowledge, you will be establishing a foundation for a future real estate empire if you choose - even if you haven't purchased property before. In this book, you will learn more about: Creating your Passive Income through Rental Properties Types of Rental Properties The right Mindset for a Real Estate Investor How to find deals How to make an offer Financing rental property Rehab Tips and tricks to renovate with a small amount of money Tips to increase property value How to determine rent prices The rental process How to find tenants The best team of the Real Estate Investor Risks And Much More... way you think of being a landlord forever. Written with both new and experienced landlords in mind, The Book on Managing Rental Properties takes you on an insider tour of the Turners' management business, so you can discover exactly how they've been able to maximize their profit, minimize their stress, and have a blast doing it! Inside, you'll discover: - The subtle mindset shift that will increase your chance at success 100x! - Low-cost strategies for attracting the best tenants who won't rip you off. - 7 tenant types we'll NEVER rent to--and that you shouldn't either! - 19 provisions that your rental lease should have to protect YOU. - Practical tips on training your tenant to pay on time and stay long term. - How to take the pain and stress out of your bookkeeping and taxes. - And much more!

This book will discuss some of the many things that you need to know when it is time to start working on rental property investing. This is a fantastic thing to work on because you can get a great return on your investment, but it is important to take the right steps to help increase your profit and get some good tenants into your properties. In this book, you will discover: - Why get into rental properties - Some of the different properties that you can choose - How to find a new property and get your financing - How to fix up the property before the first tenant - Picking good tenants to protect your investment And so much more! Many Americans dream of financial freedom, but they're stuck in dead-end jobs and don't know how to get there. You don't need to be one of them. If you invested \$35,000 in the stock market today, it could take 52 years for that investment to grow to \$1 million. But if you invested that same amount into one single-family \$140,000 rental property, it would only take 19 years. With just two rental properties, you could generate \$417,000 in profit in just 10 years. Skeptical? Good, because that's the first sign of a smart investor. This book will tackle that skepticism head on... and give you confidence and a path to financial freedom. THIS BOOK WILL TEACH YOU HOW TO: - Secure your investment money - Find your ideal market--and a positive-cash-flow property - Efficiently manage your property - Handle your record keeping - Boost revenues and cut costs - File your taxes using a step-by-step process - Build your real estate portfolio At head of title: BiggerPockets presents.

Waarom hebben sommige kleine ervaringen zoveel impact dat ze ons veranderen – en hoe kun je zulke bijzondere momenten creëren in je leven en werk. De meest memorabele positieve momenten in ons leven worden gedomineerd door vier elementen: verheffing, inzicht, trots en verbondenheid. Als we deze elementen omarmen zullen er meer momenten ontstaan die er werkelijk toe doen. Wat gebeurt er als een leraar een les kan voorbereiden die zijn leerlingen over twintig jaar nog onthouden? Wat gebeurt er als een manager een ervaring kan creëren die zijn klanten in verrukking brengt? Wat gebeurt er als je beter weet welke herinneringen er werkelijk toe doen voor je kinderen? Dit boek gaat op zoek naar de fascinerende geheimen van ervaringen. Waarom onthouden we de beste of slechtste momenten van een ervaring, evenals het laatste moment, en vergeten we de rest? Waarom voelen we ons het comfortabelst als dingen zeker zijn, maar voelen we het meest dat we leven als ze dat niet zijn. En waarom bevinden onze dierbaarste herinneringen zich in een korte periode in onze jeugd? We ontdekken hoe korte ervaringen levens kunnen veranderen. Zoals het experiment waar twee vreemden elkaar in een kamer ontmoeten en 45 minuten later als beste vrienden vertrekken (Wat gebeurt er in die tijd?). Of het verhaal van de jongste, vrouwelijke miljardair die zegt haar veerkracht te danken te hebben aan een vraag die haar

vader aan het gezin stelde tijdens het eten (Wat was die vraag?) Veel van de bepalende momenten in ons leven zijn het resultaat van pech of geluk. Waarom zouden we de meest betekenisvolle, memorabele momenten laten afhangen van toeval als we ze ook kunnen creëren? De kracht van het moment laat zien dat we zelf de vormgever kunnen zijn van rijkere ervaringen.

Live where you want, and invest anywhere it makes sense. "It is a common misperception in real estate investing that you should buy only where you live. David Greene has put that myth to rest... This is a must-read for investors who want to expand their real estate empire nationwide." --David Osborn, bestselling author of *Wealth Can't Wait* Are you interested in real estate investing, but you live in a hot market that is not suited for buy and hold investing? Do you want to take advantage of wealth-building opportunities, but that seems impossible until the next market crash? Real estate investing is one of the greatest vehicles to build wealth, but it doesn't make sense in every market. Some locations provide incredible returns, while others make it almost impossible to find a single property that profits. Traditionally, investing out of state has been considered risky and unwise. But the rules, technology, and markets have changed: No longer are you forced to invest only in your backyard! In his book, real estate investor and police officer David Greene shows you exactly how he's built a multi-million dollar portfolio through buying, managing, and flipping out-of-state properties, often without ever even seeing the properties in person. David shares every tip, trick, and system he has put in place for over twenty rental properties, so you can avoid making mistakes and shorten your learning curve immensely! What's inside: How to assemble an all-star team to handle each aspect of a deal from A-Z. How to find great deals in any state, regardless of where you live. How to rehab a project from thousands of miles away without worry or complication. How to speak the language of the agents, contractors, lenders, and property managers you will use. How to quickly and easily know which neighborhoods to buy, and which to pass in. How to choose the best materials for your rehab projects and pay the least amount of money. ...And more! Don't let your location dictate your financial freedom. Get the inside scoop to invest--and succeed--anywhere!

De economische wetenschap ligt in duigen. De financiële crisis werd niet voorspeld, laat staan voorkomen. Achterhaalde economische theorieën hebben een wereld mogelijk gemaakt waarin nog steeds extreme armoede heerst, terwijl de allerrijksten elk jaar rijker worden. Economisch handelen tast de natuur zo sterk aan dat onze toekomst gevaar loopt. In *Donuteconomie* laat econoom Kate Raworth zien hoe het mainstream economische denken ons op een dwaalweg heeft gezet. Ze tekent de routekaart die ons kan leiden naar het punt waarop in de behoefte van iedereen kan worden voorzien, zonder dat dit ten koste gaat van onze planeet. Dit alles resulteert in een alternatief en innovatief economisch model voor de 21e eeuw.

Een hoog IQ biedt geen garantie op een gelukkig leven; minstens even belangrijk is het EQ, het 'emotiequotiënt'. In 'Emotionele intelligentie' laat Daniel Goleman ons kennismaken met het voelende deel van ons brein, dat zorgt voor zelfbeheersing, zelfkennis, geestdrift en het vermogen eigen emoties te herkennen en onszelf te motiveren. Emotionele vaardigheden blijken niet alleen belangrijker te zijn dan rationele, ze zijn ook van doorslaggevend belang voor succes in relaties en werk en voor ons lichamelijk welbevinden. 'Emotionele intelligentie' werd in veertig talen vertaald; wereldwijd zijn er vijf miljoen exemplaren van verkocht.

An excerpt from the book: Out of all the types of investments available on the market today, none can provide you a better return with lower risk than real estate. However, there is still a chance that you could end up losing on your investment in real estate - especially if you don't know what you are getting yourself into. Consider those who purchased real estate just prior to the real estate catastrophe that occurred in the USA in 2008. Trillions of dollars were lost during this time. Because of this, you must realize that there are many risks associated with investing in real estate. Just like any investment, your goal is to minimize risk and increase returns. Investing in real estate is not a passive investment like in purchasing stocks. Unless you decide to hire a property management company to take care of all the responsibilities, a lot of work is required to turn your rental property into a good investment. This includes taking time to analyze and research the market, getting approved for a mortgage, searching out good tenants, as well as repairing and maintaining the property. However, if you are highly dedicated towards investing in real estate, you can definitely get a good return on your investment and lessen your risk. This book is

about helping you through the entire process of searching out profitable properties to invest in and how you can earn solid monthly income by renting out your own investment property. This book will cover everything you need to know in order to improve your chances of earning. Therefore, if you are ready to learn how you can earn serious money by investing in real estate, keep reading on!

Dit boek is het resultaat van 10 jaar Vlaams woningmarktonderzoek en de toepassingen ervan in de praktijk. Het geeft een overzicht van de recente internationale wetenschappelijke literatuur en de toepassing hiervan op Vlaanderen. Die combinatie zorgt ervoor dat zowel de invloed van lokale kenmerken als de algemene macro- economische en internationale tendensen aan bod komen. We zoomen in op diverse deelmarkten: de koop-, huur-, nieuwbouw- en hypotheekmarkt. De onderlinge verwevenheid tussen deze markten heeft implicaties voor de woonfiscaliteit en de samenhang tussen regionale markten. Bovendien is de waarde van iedere woning uniek en bepaald door een aantal liggings-, grootte- en kwaliteitskenmerken, wat in hedonische prijzenmodellen geanalyseerd wordt. Voor beleidsmedewerkers, vastgoedmakelaars en -ontwikkelaars, maar ook voor beleggers, onderzoekers, studenten en iedereen met een interesse voor vastgoed, biedt dit boek toepasselijke inzichten: Vastgoed vormt een alsmaar groeiend deel van het vermogen van huishoudens. Hoe is dit te verklaren? Wat is de rol van de interestvoet? Zijn langetermijnvooruitzichten mogelijk? Welke rol spelen demografische evoluties in dit verhaal? Welke beleidsmaatregelen zorgen voor een 'gezonde' woningmarkt? Loont het om te shoppen bij banken voor een lagere hypotheekrente?
