Na een rondleiding door de wereld van cartoons en strips, de verschillende genres en de optimale inrichting van een werkplek komt de basis aan de orde: het tekenen. Van het op het papier zetten van een potlood tot het gebruik van correctievloeistof en het opdoen van ideeën. Uitgebreid gaat de auteur in op het bedenken en tekenen van personages. Een aantal voorbeelden is stap voor stap uitgewerkt.

The comic book universe is adventurous, mystifying, and filled with heroes, villains, and cosplaying Comic-Con attendees. This book by one of Wired magazine's art directors traverses the graphic world through a collection of pie charts, bar graphs, timelines, scatter plots, and more. Super Graphic offers readers a unique look at the intricate and sometimes contradictory storylines that weave their way through comic books, and shares advice for navigating the pages of some of the most popular, longest-running, and best-loved comics and graphic novels out there. From a colorful breakdown of the DC Comics reader demographic to a witty Venn diagram of superhero comic tropes and a Chris Ware sadness scale, this book charts the most arbitrary and monumental characters, moments, and equipment of the wide world of comics. Plus, this is the fixed format version, which includes high-resolution images.

Presents a guide to the "inking" process, introducing the techniques and textures that make comics so visually appealing.
