The Strategic Entrepreneurial Journey: A Parable for Making the Right Decisions on Finances and Taxes for Every Stage of the Life Cycle. The entrepreneurial path is full of excitement--and risk. The stakes are high, and while it may seem like the sky is the limit, there are no guarantees. Businesses are prone to steep financial and tax challenges. Failure to address these issues could lead to drained accounts, mountains of debt, and doors closing. Mitigating these risks and maximizing services that lead to smart business decisions have the potential to do more than help an entrepreneur sleep at night; they can lay out a solid direction for both the company and the entrepreneur. Planning is key for every entrepreneur, regardless of where they are on their journey. Making the most of the accounting, tax, and financial tools available can bring benefits for startups, growing companies, and those preparing for an exit. Reviewing models and working with experts can enable entrepreneurs to avoid unwanted financial surprises in both their business and personal lives. In A Framework for Growth, author Robert Cordasco offers real-life, relatable scenarios to help entrepreneurs understand the smart approach to take when moving through their own business life cycles. By utilizing the right framework and anticipating future needs, a pathway can be laid that leads to success at every level.

The brunt of taxation in the UK is borne by owner-managed trading and investment businesses. For many of these, tax is by far their biggest overhead. On top of this, taxation is becoming ever more complex: never has it been more important for businesspeople to have access to sound tax advice from an acknowledged specialist. Tax expert Alan Pink offers a comprehensive set of strategies to reduce tax liabilities on businesses. He considers the full range of types of tax – taxes on profits (such as income tax, corporation tax and National Insurance contributions); capital taxes (such as capital gains tax and inheritance tax); and VAT. Throughout the book handy lists of action points are provided for practical tax planning. Current rates of tax and allowances are also listed. The rewards of tax planning are huge. This book will help hard-pressed businesses and investors play the tax game by the rules – and still win. Business Insider calls *The ENTREPRENEUR'S GUIDE* “perhaps the most useful business book you can ever read” and lists it among twenty-five must-read books for entrepreneurs. *THE ENTREPRENEUR'S GUIDE TO LAW AND STRATEGY, 5E* examines stages of starting a business -- from start-up and growth to public offering, while highlighting legal preparations and pitfalls. Cutting-edge examples show how legally astute entrepreneurs can strategically increase realizable value, deploy resources, and manage risk. The book discusses leaving a job, hiring former coworkers, competing with a former employer, workplace legislation, product liability, and bankruptcy. You examine current issues including today's workforce in the “gig” economy, “crowdsourcing” capital and social media, computer hacking and identity theft. Legal discussion integrates with core strategic concepts, such as Porter's Five Forces, the resource-based view of the firm, the value proposition, activities in the value chain and more. Here Is the Entrepreneur's Guide to Evaluating the Tax Advantageous IC-DISC You already know you are paying too much in taxes. You are being taxed at 40%, or more, because of the tax increases of 2013. If you export goods, you may not know or understand how using an IC-DISC can potentially reduce your tax liability by hundreds of thousands of dollars annually. That's where we come in. We help export business owners just like you determine if they are eligible to take advantage of the IC-DISC, which could translate into substantial tax savings for your export business. Step 1: Invest 5 minutes by taking the IC-DISC Qualification Assessment on page 19 to see if your export business is a fit for the IC-DISC. Less than 1% of companies in the US are a match. Step 2: If you score 60 or higher on the assessment, we work with you to help you complete a no-cost feasibility study to estimate your tax savings. Step 3: If you decide to move forward with an IC-DISC, we manage the details. We work with your in-house accounting team as well as your CPA firm to implement the paperwork necessary to take advantage of the IC-DISC tax savings. We manage all the paperwork filing to increase the likelihood that your IC-DISC is in compliance and continues to enjoy the maximum allowable tax savings. Most business owners are either not aware of the benefits of an IC-DISC or think it takes too much time to be worth it. Now you can find out if you are a candidate, in the amount of time it takes to drink a cup of coffee. If you'd like us to help, just send an email to dspray@exportadvisors.com and we will take it from there.

Israel Tax Guide Volume 1 Strategic Information and Basic Regulations

Do you yearn to be your own boss and set up your own business but not sure how to go about it? Do you know the benefits of having a Limited Liability Company (LLC) , but

you don't know how to get started? Then your search is finally over, for we've got the book for you! The thought of "being your own boss" is sure exciting and if you plan to do it by setting up your business and are ready with a business plan, the next crucial step is deciding the right business structure. This decision has far reaching repercussions for the business and thus requires careful selection. The factors like personal liability, regulations, tax treatment, etc are governed by the form of your business entity which could be a Sole Proprietorship, Corporation, Partnership, or a Limited Liability Company (LLC). A limited liability company (LLC) can be the right choice for any business owner seeking to reduce liability and protect his or her assets. This type of entity has several advantages over operating a sole proprietorship or partnership. Unlike a sole proprietorship or partnership, an LLC shields the owner or owners from liability, and unlike a more complex corporation, management structure is loose, there is no board of directors to answer to, and with an LLC being a pass-through organization, no double taxation which corporations are subject to unless one elects to be taxed as a C or S corporation. In this book, you will discover the ins and outs of an LLC and find out if it's right for you. Here are just some of the topics that are discussed within this book An introduction to what LLC actually means The advantages and disadvantages associated with LLC Easy steps towards starting your own LLC and LLC state specific guidelines to follow The accounting and taxes involved in this industry Reviewing whether LLC is right for you And so much more! Among all forms of companies, start-up of a LLC is easier with lesser complexities, paperwork and costs. This form of company comes with a lot of operational ease with less record keeping and compliance issues. LLCs also provide a lot of freedom in management as there no requirement of having a board of directors, annual meetings or maintaining strict record books. These features reduce unnecessary hassles and help save a lot of time and effort. So what are you waiting for? Start building the steps towards success today, with just a simple click on the 'Buy Now' button!

Mergers and Acquisitions can seem daunting to entrepreneurs, but it doesn't have to be. Growth through M&A is a simple process that can yield huge rewards if the numbers work, if the company is a good match, and if you are willing to accept some risk. Perhaps the most important aspects of M&A are having the desire, strategy, and structure to make it happen – if you have that then you can take your company to new heights with explosive growth and a minimum amount of money down. This book serves as a guide to effectively find good deals for entrepreneurial businesses in the 1 to 30 million dollar range. It provides a blueprint for how to tackle issues such as determining whether it's a good fit, due diligence, structuring the deal, valuation, tax issues, and how to land the perfect catch. For M&A to succeed, these matters must be addressed first. John will show you ways to find potential spots for rapid growth and accomplish, on a smaller level, what the bigger companies do. By breaking M&A down into approachable elements, you will find that your entire outlook on the topic will be transformed.
