On July 26, 1764, an event occurred on the Pennsylvania frontier so shocking that it has been vividly remembered and retold for over 250 years. 11 children gathered in a lonely log school house that warm summer morning. By noon they lay weltering in their own blood, scalped and dead or dying. And yet, one of the students, ten year old Archie McCullough, survived. He left no first hand accounts but by drawing on original sources, contemporary accounts and the work of others Mr. McCulloh brings this story to life in a unique way. In the lead chapter the attack is told from Archie's perspective in a full, dramatic narrative. The known facts have been wrapped in imagined thoughts, actions and dialog to present the story as never before told. Also included is a factual, historical account as well as a selection of the earliest reports from long out-of-print sources. This special genealogy edition includes an additional appendix outlining Archie McCullough's place in the McCulloh line of Franklin County, PA.

Relates the legend of St. Nicholas as Santa Claus. They became America's first black paratroopers. Why was their story never told? Sibert Medalist Tanya Lee Stone reveals the history of the Triple Nickles during World War II. World War II is raging, and thousands of American soldiers are fighting overseas against the injustices brought on by Hitler. Back on the home front, the injustice of discrimination against African Americans plays out as much on Main Street as in the military. Enlisted black men are segregated from white soldiers and regularly relegated to service duties. At Fort Benning, Georgia, First Sergeant Walter Morris's men serve as guards at The Parachute School, while the white soldiers prepare to be paratroopers. Morris knows that for his men to be treated like soldiers, they have to train and act like them, but would the military elite and politicians recognize the potential of these men as well as their passion for serving their country? Tanya Lee Stone examines the role of African Americans in the military through the history of the Triple Nickles, America's first black paratroopers, who fought in a little-known attack on

the American West by the Japanese. The 555th Parachute Infantry Battalion, in the words of Morris, “proved that the color of a man had nothing to do with his ability.” From *Courage Has No Color* What did it take to be a paratrooper in World War II? Specialized training, extreme physical fitness, courage, and — until the 555th Parachute Infantry Battalion (the Triple Nickles) was formed — white skin. It is 1943. Americans are overseas fighting World War II to help keep the world safe from Adolf Hitler’s tyranny, safe from injustice, safe from discrimination. Yet right here at home, people with white skin have rights that people with black skin do not. What is courage? What is strength? Perhaps it is being ready to fight for your nation even when your nation isn’t ready to fight for you. Front matter includes a foreword by Ashley Bryan. The Gate is an absorbing panoramic account of the building of one of the world's most beautiful and famous landmarks. In a narrative richly laden with detail and the flavor of the period, John van der Zee reveals for the first time the complete history of the longest single-span suspension bridge of its time--including the identity of the man who actually designed it, which has been obscured since its completion in 1937. With novelistic flair, van der Zee recounts an exciting drama of human greed, ambition, frailty, courage, and intellectual achievement. It sets aside all the propaganda that has accrued over the sixty-six years since his death, and presents him as a credible human being, neither aggrandized nor belittled. As Lu Xun's life spanned the transition from Manchu empire to citizens' Republic, it can be seen as one man's history of China's progress to modernity -- a progress

in which he personally played a significant part. The facts of Lu Xun's life are presented objectively, but they do not always speak for themselves. The author has therefore drawn on his lifelong study of modern Chinese literature to offer intelligent interpretations where necessary. Since the subject of this biography was a writer, the author has appended to the chronicle some brief 'sketches' of his work for the benefit of those unacquainted with it.

In the summer of 1978, twenty-one-year-old Paul Wilson jumps at the chance to join two local icons on a dream surf trip to mainland Mexico, unaware their ultimate destination lies in the heart of drug cartel country. Having no earthly idea of where he'll get the money to pay his share, and determined to prove his mettle, he does the only thing he can think of: He robs a supermarket. And, if karma didn't already have enough reason to doom the trip, he soon learns one of his companions is a convicted killer on the run, and the other an unscrupulous cad. Mishap and misfortune rule the days, and mere survival takes precedence over surfing. Original photographs (including pre-kingpin El Chapo), and Wilson's strong narrative style, combine to make this true story personal—in the tradition of *Into The Wild* by Jon Krakauer, and *Barbarian Days, A Surfing Life* by William Finnegan—except this tale had to wait for the statute of limitations to expire before it could be told.

De Poolse vrijheidsstrijder Witold Pilecki was een van de grootste helden uit de Tweede Wereldoorlog. Dit is zijn verhaal. Als de enige persoon die zich ooit vrijwillig naar Auschwitz heeft laten sturen, leidde Pilecki jarenlang een campagne om nazibewakers te saboteren en vermoorden. Hij maakte een dramatische ontsnapping, terwijl hij bewijs van de Holocaust naar de westerse mogendheden smokkelde en hen waarschuwde voor de wreedheden in de nazivernietigingskampen. Al het bewijs van Pilecki was verloren gegaan - tot 2012, toen zijn ongelooflijke ooggetuigenrapport werd gevonden in een stoffig archief. Dit is het eerste volledige verhaal van zijn wonderbaarlijke reis, gebaseerd op exclusieve familiedocumenten en recentelijk vrijgegeven dossiers, evenals ongepubliceerde getuigenissen van de vechters uit het kamp om te laten zien hoe hij honderdduizenden levens heeft gered. Vrijwillig naar Auschwitz is een nog niet eerder verteld, waargebeurd verhaal over ontsnapping en heldendom, de gruwelen van de Tweede Wereldoorlog en Auschwitz, en het vermogen van één man om de loop van de geschiedenis te veranderen. Faith Based Diplomacy-The Challenge to Development is not just another book on diplomacy. It is a book in its own class. Concisely written and imbued with pragmatism, it outlines a vision of hope to poverty-stricken people making a concerted effort to improve their situations. Based on practical experience and influenced by faith, Ambassador James John Chikago's book is useful reading for those possessing faith based values; specifically, people believing that God created the Universe before creating mankind and those sensitive individuals aware that poverty is not a permanent condition relegated to any specific ethnic identity. Beginning with the early pages, Chikago defines "diplomacy" as statesmanship, disavowing the assumption that diplomacy is a new invention by modern states. Instead, the author shows how the Holy Bible makes references to diplomacy in the books of 2 Samuel 10:2, 2 Corinthians 5:20, and Ephesians 6:20 With the consolidation of democratic regimes and the flowering of democracy worldwide, the author explores the problems diplomatic missions from developing countries face in the world's new political environment. For instance, he

extols those ordinary citizens in developing countries who courageously question the status quo of resident diplomatic missions in search for something better, but also deplores public anger for performance improvements at diplomatic missions explaining that such anger is misdirected because diplomatic missions are not independent entities. The author contends that governments in developing countries have acted responsibly by implementing development diplomacy as a strategy for improving the performance at diplomatic missions. While the change to development diplomacy has aroused a sense of optimism among some citizens, the author cautions that many unwisely place too much hope in political systems and man-made solutions alone. Ambassador Chicago reminds readers of the prophet's promise in Isaiah 44:2a; "He who made you will help you". He also notes that Pastor/author Rick Warren (has stated that no person was born by mistake, and that God has a purpose for all of us ; God plans who will be born and when. In other words, while adopting development diplomacy is a positive step, it is not a silver bullet and it means little without God's blessings. The resolution of poverty in developing countries will be realized through prayers and by asking God for an awakening to correct value systems. Faith Based Diplomacy- The Challenge to Development is a thoughtful and stimulating discussion for politicians, the diplomatic community,

More than two centuries have passed since Fletcher Christian mutinied against Lt. Bligh on a small armed transport vessel called *Bounty*. Why the details of this obscure adventure at the end of the world remain vivid and enthralling is as intriguing as the truth behind the legend.
