Stop and think for a moment. Can you remember the last time you had earth shattering sex? If you can't remember, Let's face it, no one is born a natural lover. It's a skill that's learned. Unfortunately, most men rely on porn, men's magazines or what they've heard from friends for tips on improving their sexual technique. Sure, it can be fun to read about a new position or watch porn stars in action, but they aren't the best instructors. And they certainly won't help you if something goes wrong. What exactly is better sex? For some it means better performance and potency, while for others it can mean a deeper awareness of passion and personal pleasure. You deserve a pleasurable and fulfilling sex life - and so does your partner. But you needn't turn to prescriptions riddled with side effects or mechanical miracles to reignite your fire and rejuvenate your erection. Nature already provides safe, natural ways to boost your libido and help you achieve and maintain the best erection you've had in years! And if you just want to make a good thing better, these supplements can improve your stamina and give you an erection whenever you want. Read this book, is for you.

in contemporary American culture. Traveling to the ringside of professional wrestling bouts at Madison Square Garden, to Las Vegas to write about the pornographic film industry, and to academic conferences held by positive psychologists who claim to be able to engineer happiness, Hedges chronicles our flight from an ever-worsening reality. The cultural embrace of illusion and celebrity culture have accompanied a growing system of casino capitalism, which creates vast wealth for elites. Corporations have ruthlessly dismantled and destroyed our manufacturing base and impoverished our working class. Hedges exposes the mechanisms that undermine our democracy and divert us from the economic, environmental, political, and moral collapse around us. A culture that cannot distinguish between reality and illusion dies, Hedges argues, and we are dying now.

Our communities are in trouble. Our children and grandchildren are not safe from the predators the enemy uses to destroy our families. We can't be so busy doing church that we do not see what is happening right before our eyes. They are hidden in plain sight. They are in our churches, schools, grocery stores, malls, nail salons, sporting events, and even our families. We must make our 8, 9, 10 year-olds aware of the danger lurking on social media sites since many grown men seek to sleep with underage children. Christian Men Speak Up informs you of the root causes of sex trafficking and the steps your church or faith-based organization can take to make a difference in your community today.

the books” businesses—from marijuana to migrant workers—brought to life by the author of *Fast Food Nation*. America’s black market is much larger than we realize, and it affects us all deeply, whether or not we smoke pot, rent a risqué video, or pay our kids’ nannies in cash. In *Reefer Madness*, the award-winning investigative journalist Eric Schlosser turns his exacting eye to the underbelly of American capitalism and its far-reaching influence on our society. Exposing three American mainstays—pot, porn, and illegal immigrants—Schlosser shows how the black market has burgeoned over the past several decades. He also draws compelling parallels between underground and overground: how tycoons and gangsters rise and fall, how new technology shapes a market, how government intervention can reinvigorate black markets as well as mainstream ones, and how big business learns—and profits—from the underground. “Captivating . . . Compelling tales of crime and punishment as well as an illuminating glimpse at the inner workings of the underground economy. The book revolves around two figures: Mark Young of Indiana, who was sentenced to life in prison without parole for his relatively minor role in a marijuana deal; and Reuben Sturman, an enigmatic Ohio man who built and controlled a formidable pornography distribution empire before finally being convicted of tax evasion. . . . Schlosser unravels an American society that has ‘become alienated and at odds with itself.’ Like *Fast Food Nation*, this is an eye-opening book, offering the same high level of reporting and research.” —Publishers Weekly

America spends more than twice as much for health care as any other nation. So why are Americans among the sickest people in the industrialized world? Public health experts Tom Farley and Deborah A. Cohen show that the answer does not lie in our medical care system but rather in the world around us. As they explain, the leading killers of our time fall almost entirely into two categories: injuries and chronic diseases such as heart disease, lung and breast cancer, diabetes, and stroke. For all its inspiring, high-tech cures, modern medicine is just not very effective at combating these illnesses. Our health, as Farley and Cohen explain, depends much less on medicine than on how we lead our lives. And as their surprising and illuminating examples show, our behavior and our health are in fact shaped by

Mediated Intimacy looks at contemporary sex and relationship advice, exploring how our intimate lives are shaped through different media, from manuals and magazines to television and Twitter. By exploring how intimacy is constructed through different media texts, the authors consider which ideas and practices these changing forms of 'sexpertise' open up, and which they close down. The book reveals the intimate operation of power in mediated advice, how words and images, stories and sound can work to shore up social injustice. It critically engages with the ideas of choice and responsibility in sex self-help, arguing that these can obscure and/or justify oppression, even if they're sometimes experienced as empowering and/or pleasurable. This bold and incisive book provides a radical challenge to the assumptions underlying the sex advice industry, and presents a critical, collaborative and consensual vision for sex advice of the future.

Hardcore pornographic films combine fantasy and real sex to create a unique genre of entertainment.

Pornographic films are also historical documents that give us access to the sexual behavior and eroticism of different historical periods. This book shows how the making of pornographic films is a social process that draws on the fantasies, sexual scripts, and sexual identities of performers, writers, directors, and editors to produce sexually exciting videos and movies. Yet hardcore pornographic films have also created a body of knowledge that constitutes, in this digital age, an enormous archive of sexual fantasies that serve as both a form of sex education and self-help guides. *Sex, Society, and the Making of Pornography* focuses on sex and what can be learned about it from pornographic representations.

Keep Them Keen is the only dating book that gives it to you straight: it tells you what to hide and just how much to reveal, what to do and when to do it. You might be shocked at what Gerry suggests - but his advice works. Wat willen vrouwen nu écht (in bed)? Scriptschrijver en ervaringsdeskundige Ali Adler geeft antwoord op deze prangende vraag. Zonder gêne, luidruchtig en vermakelijk beschrijft ze precies wat vrouwen nou écht willen. In haar dagelijkse werk als schrijfster voor tv-comedy's is Adler vaak de enige vrouw op een afdeling vol mannen en voorziet zij hen regelmatig van haar 'spot on'-advies. Want als lesbienne heeft zij zowel de kennis als de ervaring om heteroseksuele mannen (en de vrouwen die van hen houden) advies te geven over daten, relaties en seks. Hoe gedraag je je op een eerste afspraakje? En hoe ga je om met het soms grillige gedrag van vrouwen ('nee, vooral niet proberen te begrijpen, het is altijd anders dan je denkt')? Maar daarnaast komt ook technisch advies over seks en verleiding uitvoerig aan bod. Behalve plastisch beschreven en gepeperde voorbeelden uit de dagelijkse praktijk bevat dit boek tal van goudeerlijke en vaak openbarende adviezen over wat vrouwen nou écht willen.

Hardcore porn -- both the straight and gay varieties -- entered mainstream American culture in the 1970s as the sexual revolution swept away many of the cultural inhibitions and legal restraints on explicit sexual expression. The first porn movie ever to be reviewed by *Variety*, the entertainment industry's leading trade journal, was Wakefield Poole's *Boys in the Sand* (1971), a sexually-explicit gay movie shot on Fire Island with a budget of 4000. Moviegoers, celebrities and critics -- both gay and straight -- flocked to see *Boys in the Sand* when it opened in mainstream movie theaters in New York, Los Angeles and San Francisco. Within a year, *Deep Throat*, a heterosexual hardcore feature opened to rave reviews and a huge box office -- exceeding that of many mainstream Hollywood features. Almost all of those involved in making "commercial" gay pornographic movies began as amateurs in a field that had virtually never existed before, either as art or commerce. Many of their "underground" predecessors had repeatedly suffered arrest and other forms of legal harassment. There was no developed gay market and any films made commercially were shown in adult x-rated theaters. After the Stonewall riots and the emergence of the gay

liberation movement in 1969, a number of entrepreneurs began to make gay adult movies for the new mail order market. The gay porn film industry grew dramatically during the next thirty years and transformed the way men -- gay men in particular -- conceived of masculinity and their sexuality. *Bigger Than Life* tells that story.

The civil rights of LGBTQ people have slowly yet steadily strengthened since the Stonewall Riots of June, 1969. Despite enormous opposition from some political segments and the catastrophic effects of the AIDS crisis, the last five

decades have witnessed improvement in the conditions of the lives of LGBTQ individuals in the United States. As such, the realities and challenges faced by a young gay man coming of age and coming out in the 1960s is, in many profound ways, different from the experiences of a young gay man coming of age and coming out today. *Out in Time* explores the life experiences of three generations of gay men --the Stonewall, AIDS, and Queer generations-- arguing that while there are generational differences in the lived experiences of young gay men, each one confronts its own unique historical events, realities, and socio-political conditions, there are consistencies across time that define and unify the identity formation of gay men. Guided by the vast research literature on gay identity formation and coming out, the ideas and themes explored here are seen through the oral histories of a diverse set of fifteen gay men, five from each generation. *Out in Time* demonstrates how early life challenges define and shape the life courses of gay men, demarcating both the specific time-bound challenges encountered by each generation, and the universal challenges encountered by gay men coming of age across all generations and the conditions that define their lives.
