

Where Am I My Autobiography

The story of my life in my tribal village of Butikon, Liberia, West Africa is an account of a cultural experience with my people in Potupo District, River Gee County, Liberia, and West Africa. Because of its secrecy, mystery, or concealment, I am not in the position to explain the detailed secrets of my traditional society, but only to explain that I left my tribe at a very early age to live with another tribe so as to attend school. Yes, I am an African, Liberian, Tribal, and a village boy who speak my tribal dialect.

FINALIST FOR THE NATIONAL BOOK AWARD Longlisted for the Andrew Carnegie Medal for Excellence in Non-fiction How do you tell the real story of someone misremembered - an icon and idol - alongside your own? Jenn Shapland's celebrated debut is both question and answer: an immersive, surprising exploration of one of America's most beloved writers, alongside a genre-defying examination of identity, queerness, memory, obsession, and love. Shapland is a graduate student when she first uncovers letters written to Carson McCullers by a woman named Annemarie. Though Shapland recognizes herself in the letters, which are intimate and unabashed in their feelings, she does not see McCullers as history has portrayed her. Her curiosity gives way to fixation, not just with this newly discovered side of McCullers's life, but with how we tell queer love stories. Why, Shapland asks, are the stories of women paved over by others' narratives? What happens when constant revision is required of queer women trying to navigate and self-actualize in straight spaces? And what might the tracing of McCullers's life? her history, her secrets, her legacy? reveal to Shapland about herself? In smart, illuminating prose, Shapland interweaves her own story with McCullers's to create a vital new portrait of one of our nation's greatest literary treasures, and shows us how the writers we love and the stories we tell about ourselves make us who we are.

"I have come at this time, in this place, and through this being to speak my truth, to speak the story of my life — the true story of my life." The purpose of this book is to clarify, to tell the truth, and to share my energies with you so that you can begin the transformation of your mind and, therefore, the transformation of your heart and your world. It is in the misteachings that have been associated with my name that much death and pain has been caused and that much guilt and self-recrimination has been expressed. That was not my purpose; that was not my lesson. This story will begin the change. It will not make the change. It will facilitate turning the key in the lock, but you must open the door and walk through it into a new realm that is opened by this information. That is your responsibility. We can only bring you the message, this channel and I. We can only work together to transmit the information, but it is through your actions and your transformation that you will see a change in your world, a change in the subjective world that is manufactured from your beliefs, your thoughts, and your feelings. I talk about the truth of my birth and the truth of my life. I cover some stories that are recounted in the Bible and tell you the true story of those events. I describe some of my personal traits, my human traits, and

I define what I am, who I am, and why these things happened. You will be able to understand the truth, and you will begin this reconditioning, this retooling of your mind — of your thoughts and beliefs — on this subject of my life, my meaning, and my purpose, for it is a long process. The time is ripe. The need for a spiritual revolution is here. — Jesus

Reproduction of the original: My Autobiography by Friedrich Max Muller

Irish national hero, a Celtic great and their most-capped player, Patrick 'Packie' Bonner is a goalkeeping legend. He was Jock Stein's last signing for the club when he left his native Donegal for the city of Glasgow in 1978, where Packie evolved from being a shy, homesick teenager into a confident, world-class talent and first-choice goalkeeper. Billy McNeill handed him a debut on St Patrick's Day in 1979, and Packie went on to provide the last line of defence a record 641 times for the club. A seasoned Irish internationalist, Packie was a vital component in the most-celebrated Irish national squad ever, playing in a golden era under the tutelage of the inimitable Jack Charlton. In *The Last Line*, Packie shares stories from his incredible career, including his greatest moment in front of a global audience during the Italia '90 World Cup tournament when he became the penalty shoot-out hero of the nation by saving a spot-kick that took the Irish to the quarter-finals stage in their very first World Cup adventure. It was an iconic moment that would change his life forever not least because, whilst in Italy, he, along with his teammates, had an audience with another goalkeeper, Pope John Paul II. Throughout his 80 cap international career, he competed against the very best in the world. Men such as Ruud Gullit, Marco Van Basten, Gheorghe Hagi, Roberto Baggio and Gary Lineker came to know the name Packie Bonner. Equally, in his glittering Celtic career that included the winning of four Scottish League titles, three Scottish Cups and one Scottish League Cup, Packie Bonner played alongside some great Celtic names like Tommy Burns, Paul McStay, and Murdo Macleod. Along the way, Packie had to endure a career-threatening back injury, as well as the devastation of a routine save going wrong and costing a goal on the world stage against Holland in 1994, ultimately leading to elimination from the World Cup in America. More than just the telling of trophies, titles and triumphs, this is the story of a Celtic legend and a true great of Irish International football.

Dickie Bird's retirement was an international event shown on TV screens and newspapers throughout the world. He is a household name, an eccentric, and one of the most loved and respected characters in world cricket. His idiosyncratic style and infectious humour has endeared him to millions, transcending his sport. Fiercely proud of his background as a Yorkshire miner's son, his account follows his youth in Barnsley, his early days as a cricketer, through to his career as an umpire and his experiences of the international scene, all told with total honesty by this very private person. As the most respected umpire in the game, Dickie has serious and constructive points to make about modern cricket. He has fearlessly berated fast-bowlers when necessary. He has some sharp comments to make about ball tampering and he has mixed feelings about the introduction of the third umpire. Dickie wanted to go out at the top and he has certainly done so - after standing at 66 Test matches, three World Cup finals and 92 one-day Internationals. Combining forthright views on the game and those involved in it, compelling accounts of what it is like behind the scenes in cricket at the highest level, and the hilarious stories for which Dickie is so well known, here is the refreshing and enjoyable autobiography of a sporting legend.

'I went as hard as I could for as long as I could' When Tomás Ó Sé retired from the Kerry senior panel in 2013, he did so as one of the longest-serving players in intercountry history and one of its most prolific winners. 'Tomás epitomised everything that Kerry football is all about. His commitment, determination and never say die attitude were plainly visible every time he took to the pitch. He was a warrior and the best wing back that I have seen play the game.' Éamonn Fitzmaurice, Kerry senior team manager But his drive and determination weren't forged in a vacuum: they came from growing up in a family and place where Gaelic football was all that mattered. For Tomás and his brothers Marc and Darragh, football always came first – each of them inspired by the larger-than-life personality of their uncle Páidí, the talisman of Kerry's fabled team of the early 1980s. In his memoir, an account of his upbringing and time in the Championship cauldron competing alongside and against the sport's modern greats, Tomás writes candidly about life as a member of Ireland's greatest sporting dynasty: the victories and disappointments, the rivals and roguery, the clashes and confrontations ... not to mention the tremendous responsibility that came with donning the green and gold of Kerry. Moving, thrilling and frequently hilarious, *The White Heat* is an exploration of what it means to eat, sleep and bleed Gaelic Games.

This early work by Charlotte Perkins Gilman was originally published in 1935. It is the autobiography of the American sociologist, novelist and poet who is best remembered for her semi-autobiographical short story 'The Yellow Wallpaper'.

"I've struck it!" Mark Twain wrote in a 1904 letter to a friend. "And I will give it away—to you. You will never know how much enjoyment you have lost until you get to dictating your autobiography." Thus, after dozens of false starts and hundreds of pages, Twain embarked on his "Final (and Right) Plan" for telling the story of his life. His innovative notion—to "talk only about the thing which interests you for the moment"—meant that his thoughts could range freely. The strict instruction that many of these texts remain unpublished for 100 years meant that when they came out, he would be "dead, and unaware, and indifferent," and that he was therefore free to speak his "whole frank mind." The year 2010 marks the 100th anniversary of Twain's death. In celebration of this important milestone and in honor of the cherished tradition of publishing Mark Twain's works, UC Press is proud to offer for the first time Mark Twain's uncensored autobiography in its entirety and exactly as he left it. This major literary event brings to readers, admirers, and scholars the first of three volumes and presents Mark Twain's authentic and un-suppressed voice, brimming with humor, ideas, and opinions, and speaking clearly from the grave as he intended. Editors: Harriet E. Smith, Benjamin Griffin, Victor Fischer, Michael B. Frank, Sharon K. Goetz, Leslie Myrick

The story of the creation of the devil and his encounter with Adam and Eve. The devil explains why he carried out his wicked deeds in his own words.

Mark Twain began writing his autobiography long before the 1906 publications of "Chapters from my Autobiography". He originally planned to have his memoirs published only after his death but realized, once he'd passed his 70th year, that a lot of the material might be OK to publish before his departure. While much of the material consists of stories about the people, places and incidents of his long life, there're also several sections from his daughter.

After laying out these theoretical foundations, Loureiro puts them to work in analyzing four of the most fascinating autobiographies written by Spanish exiles: The Life of Joseph Blanco White, who lived from 1775 to 1841, Memoria de la Melancolia by Maria Teresa Leon (1904-1988), Coto vedado and En los reinos de taifa by Juan Goytisolo (born 1931), and Literature or Life by Jorge Semprun (born 1923). The lives of these authors, all of whom were exiled for political reasons, were disrupted by some of the most crucial events in Spain's tortuous road to modernity and democracy. The book closes with a discussion of why there have been so few critical examinations of autobiographies written in modern Spain. Loureiro proposes that, even in today's Spain, stifling social and political forces smother ethical responsibility, which is an essential ingredient in creating autobiographies that dare to be more than a humdrum inventory of personal recollections.

In today's game, there is no place on the pitch for player contact, let alone the sort of hard, robust tackling that could earn a player the nickname 'Psycho'. But twenty-five years ago, things were different. Only when players really overstepped the mark were their names added to the referee's little black book. And 'Psycho' Pat Van den Hauwe had a reputation as one of the hardest players in the game. In a career encompassing some 401 Football League appearances for Birmingham City, Everton, Tottenham Hotspur and Millwall, he notched up two league titles and a European Cup Winners' Cup medal - but he also made his mark as one of the toughest and most feared defenders in the game. But Pat wasn't just a tough player on the pitch. The way he lived his life meant that he needed to be tough off the pitch as well. A 'hard nut' reputation invites people into your life who want to see how far they can push you - and Pat attracted such people by the bus-load. This autobiography is not the usual collection of career memories from an ex-pro. It is probably the most explicit book ever written by a former footballer. Throughout his career, and long after he left the game, Pat Van den Hauwe courted danger. In fact, he nearly paid the ultimate price for living life to the extreme.

In this autobiography, also titled *The Story of My Experiments with Truth*, Mohandas K. Gandhi recounts his life from childhood up until 1921, noting that "my life from this point onward has been so public that there is hardly anything about it that people do not know." HarperCollins chose this work as one of the "100 Most Important Spiritual Books of the 20th Century." The pursuit of truth was a guiding principle for Gandhi. He states that it "is not my purpose to attempt a real autobiography. I simply want to tell the story of my numerous experiments with truth, and as my life consists of nothing but those experiments, it is true that the story will take the shape of an autobiography." He also notes that this "will of course include experiments with non-violence, celibacy and other principles of conduct believed to be distinct from truth."

The remarkable life and inspiring beliefs of a legendary peacemaker and liberator of India—in his own words. Remember that all through history, there have been tyrants and murderers, and for a time, they seem invincible. But in the end, they always fall. Always. In the story of his life from early childhood through 1921, Mohandas K. Gandhi candidly reveals his young investigations into sin and seeking atonement; the philosophy, art, and literature that influenced his thoughts and ideas; and his first experiences with politics and protest, which would provide the foundation for his nonviolent struggle for justice, equality, and Indian independence from the British Empire. Gandhi's intention in setting down an account of his formative years was to clarify the spiritual principles by which he lived and to inspire individuals and movements in their quests for personal and political freedom. The timeless lessons to be derived from the autobiography of this dedicated seeker of truth and brilliant leader continue to resonate wherever freedom is challenged by tyranny. This ebook has been professionally proofread to ensure accuracy and readability on all devices.

Fascinating behind-the-scenes look at one of the most powerful and revolutionary ideas in the history of mankind, the theory of evolution. It traces the development of this momentous idea in an autobiographical essay, letters, and notebook excerpts by the theory's originator.

I am so grateful to share my biography, plus give suggestions for life skills. I have had many wonderful experiences, and I've seen many changes. Affectionately known as 'Bacha' Khan or 'Badshah' Khan amongst his people, Khan Abdul Ghaffar's life was dedicated to the social reform of the Pukhtuns, who traditionally adhere to a strict code of life called 'Pukhtunwali', which is governed by rather rigid tribal norms. Bacha Khan is an acknowledged leader in the hearts of the Pukhtuns across the world, due to his life long struggle to modernize Pukhtun society and his teachings of non-violence, adopted by his Khudai Khidmatgar (Servants of God) party, during the struggle for independence against the British. He stands tall in the pantheon of leaders of the movement for independence. A close associate of Mahatma Gandhi, his success in mobilizing the Pukhtuns of the North-West Frontier Province and the Tribal Areas through a non-violent struggle, had significant bearing on this movement, in which the Khudai Khidmatgar allied with the Indian National Congress. Few are aware that, during the struggle for independence, the Khudai Khidmatgar lost the most number of workers, compared to any other party that was part of this movement, under a tyrannical suppression by British colonialists. An increasing consciousness amongst the Pukhtuns against oppression and war, in Pakistan and Afghanistan, has led to a resurgence of the teachings of Bacha Khan. His powerful political weapon of non-violence, his emphasis on including women in all walks of life, his belief in religious tolerance and pluralism, are, today, values that bear increasing relevance to the people of a much-troubled region. The Pushto edition of Bacha Khan's autobiography was first published in 1983 in Afghanistan, when he was 93 years old. Nearly four decades later the book has been translated and published for the first time in English. (An earlier account of his life, also titled My Life and Struggle was published in 1963 but this was based on interviews conducted with him and not his written autobiography.) This translation was painstakingly done by Sahibzada at the request of Shandana Humayun Khan, to whom he has dedicated the book. Shandana's maternal great-grandfather was Qazi Ataullah, a close lieutenant of Bacha Khan's and a key figure in the Khudai Khidmatgar movement. Before the translation process started, Sahibzada and Shandana visited several members of Bacha Khan's family including his grandsons Nasir Ali Khan, Asfandayar Wali Khan and Saleem Jan. The translator shared a close friendship with Bacha Khan's son, Abdul Ghani Khan, the greatest Pukhtun poet of the century. The book is a result of the participation of several members of his family and those who have spent their lives studying Bacha Khan's philosophy. For the first time Bacha Khan's thoughts on Pukhtun society, his vision for a more equitable world achieved along the lines of non-violence have been researched, translated and made available for the world in his own words.

Montgomery (1874-1942) was a Canadian author best known for a series of novels with Anne of Green Gables, an orphaned girl, mistakenly sent to a couple, who had intended to adopt a boy. Anne novels made Montgomery famous in her lifetime and gave her an international following. Montgomery went on to publish 20 novels as well as 530 short stories, 500 poems, and 30 essays. Most of the novels were set in Prince Edward Island, and locations within Canada's smallest province became a literary landmark and popular tourist site.

A golfer loved for his courage and charisma, Darren Clarke has the crowds behind him. They know he is a warm, funny raconteur who likes a Guinness, who both works hard and plays hard. More important, they know that this man pulled himself up by his bootstraps, having lost his wife Heather to cancer, to triumph at the 2006 Ryder Cup. Just days before the start of the 2011 Open at Royal St George's, Darren's game had once again deserted him, leaving him 'putting like a man with blurred vision'. A month before his 43rd birthday he was not in a good place. But Heather was 'watching from above', the crowd were roaring him on, golf guru Dr Bob Rotella was telling him to 'go unconscious' - and something sparked inside him. The rest is golfing history. Born in Dungannon, Northern Ireland, Darren caddied for his golf course greenkeeper father, turning pro in 1990. He has played in four victorious Ryder Cup sides and beat his close friend Tiger Woods in the 36-hole final of the 2000 WGC-Andersen Consulting Match Play. In 2002 he became the only player to win the English Open three times. In An Open Book he speaks candidly about fellow-players, coaches and golfing psychologists; about how he was bullied at school, narrowly missed an IRA bomb and eventually set up a foundation to develop junior golf in Ireland; and about how he found personal happiness again, marrying Alison Campbell in April 2012. Most vividly of all, he takes the reader down those rainswept fairways to the ecstasy of that final putt when, at his 20th attempt, he lifted the silver claret jug.

The author recounts his difficult childhood, his career as a film comedian and director, and the controversies that surrounded his personal life

The first complete and annotated English translation of Maimon's influential and delightfully entertaining memoir Solomon Maimon's autobiography has delighted readers for more than two hundred years, from Goethe, Schiller, and George Eliot to Walter Benjamin and Hannah Arendt. The American poet and critic Adam Kirsch has named it one of the most crucial Jewish books of modern times. Here is the first complete and annotated English edition of this enduring and lively work. Born into a down-on-its-luck provincial Jewish family in 1753, Maimon quickly distinguished himself as a prodigy in learning. Even as a young child, he chafed at the constraints of his Talmudic education and rabbinical training. He recounts how he sought stimulation in the Hasidic community and among students of the Kabbalah--and offers rare and often wickedly funny accounts of both. After a series of picaresque misadventures, Maimon reached Berlin, where he became part of the city's famed Jewish Enlightenment and achieved the philosophical education he so desperately wanted, winning acclaim for being the "sharpest" of Kant's critics, as Kant himself described him. This new edition restores text cut from the abridged 1888 translation by J. Clark Murray, which has long been the only available English edition. Paul Reitter's translation is brilliantly sensitive to the subtleties of Maimon's prose while providing a fluid rendering that contemporary readers will enjoy, and is accompanied by an introduction and notes by Yitzhak Melamed and Abraham Socher that give invaluable insights into Maimon and his extraordinary life. The book also features an afterword

by Gideon Freudenthal that provides an authoritative overview of Maimon's contribution to modern philosophy.

Sir Alex Ferguson's compelling story is always honest and revealing he reflects on his managerial career that embraced unprecedented European success for Aberdeen and 26 triumphant seasons with Manchester United. Sir Alex Ferguson's best-selling autobiography has now been updated to offer reflections on events at Manchester United since his retirement as well as his teachings at the Harvard Business School, a night at the Oscars and a boat tour round the Hebrides, where he passed unrecognised. The extra material adds fresh insights and detail on his final years as United's manager. Both the psychology of management and the detail of football strategy at the top level can be complex matters but no-one has explained them in a more interesting and accessible way for the general reader than Sir Alex does here. MY AUTOBIOGRAPHY is revealing, endlessly entertaining and above all inspirational.

"In the second part of the book, Holiday details the family and tribal teachings he has acquired over a long life. He tells his grandparents' stories of the Long Walk era, discusses local attitudes about the land, relates Navajo religious stories, and recounts his training as a medicine man. All of Holiday's experiences and teachings reflect the thoughts of a traditional practitioner who has found in life both beauty and lessons for future generations."--BOOK JACKET.

They called him "Manos de Piedra"—Hands of Stone—and he was one of the greatest boxers of all time. Now Roberto Durán tells his unbelievable story: from the streets of Panama to being crowned one of the "Four Kings," along with Hearns, Leonard, and Hagler, as he blazed a trail through the Golden Age of Boxing. Born into abject poverty, barely able to read or write, Durán quickly realized that his fists could both protect him on the streets and put food on the table. His reputation was established on the day when, for a bet, he knocked down a horse with a single punch. At the age of twenty-one, he claimed his first world title, against Ken Buchanan at Madison Square Garden. The legend of Manos de Piedra was born, but his most glorious moment was yet to come. In 1980, Durán delivered one of the greatest upsets in boxing history by defeating the previously unbeatable Sugar Ray Leonard. But greater fame brought greater distractions, and Durán's endless partying took its toll before the two superstars faced each other again. Here, for the first time ever, Durán confronts the debacle of the rematch that entered sporting folklore, and the truth behind the moment he was heard to utter the infamous words "No más"—No more. Durán's explosive performances in the ring were matched only by the volatility of his life outside it. He lurched from living like royalty to bankruptcy and, after being written off as a boxing also-ran, made a bloody, legendary comeback that gave his career the ultimate ending, and finally brought redemption. He came from nothing, and changed the world. I Am Durán is the autobiography of one of boxing's most iconic legends.
